Bernie Sanders Bumper Sticker:

The Partisan Next Door Ethan C. Busby, Adam J. Howat, Jacob E. Rothschild, Richard M. Shafranek, 2021-09-29 In the United States politics has become tribal and personalized. The influence of partisan divisions has extended beyond the political realm into everyday life affecting relationships and workplaces as well as the ballot box. To help explain this trend we examine the stereotypes Americans have of ordinary Democrats and Republicans. Using data from surveys, experiments and Americans' own words we explore the content of partisan stereotypes and find that they come in three main flavors: parties as their own tribes, coalitions of other tribes or vehicles for political issues. These different stereotypes influence partisan conflict: people who hold trait-based stereotypes tend to display the highest levels of polarization while holding issue-based stereotypes decreases polarization. This finding suggests that reducing partisan conflict does not require downplaying partisan divisions but shifting the focus to political priorities rather than identity. A turn to what we call responsible partisanship.

Deadbomb Bingo Ray Jeff Johnson, 2017-11-07 Foreword: INDIES Finalist. Library Journal Pick of the Month for November 2017. Crime. Vengeance. Love. Physics. The infamous Deadbomb Bingo Ray is a high-level fixer in the City of Brotherly Love. He's the man you call when you've crossed the line into hopeless and there's no way back to anywhere. Three years have passed since Ray burned a hedge fund manager on behalf of a pool of retirees and now the money man is back for revenge. While Ray unravels the plot and orchestrates some payback of his own, he unwittingly steps into the ultimate high-stakes game. Falling in love with the beautiful physicist trapped at the edge of the burn was just bad timing. When the fuse is finally lit, getting killed isn't high on the list of the worst that could happen in this dark and stylish noir.

Compromised Seamus Bruner, 2018-08-16 If you ask most Americans what they think about the FBI, they would tell you it's far and away the government agency they trust the most. The Bureau has for decades sold an image of itself as efficient, professional, unbiased and untouchable by corruption. That portrait is a sham. Seamus Bruner and the Government Accountability Institute have spent years cataloging the widespread conflict of interests of the D.C. political class. They have found massive self-enrichment and political bias at the highest levels of government, including the Justice

Department and the FBI Indeed the nation's most important law enforcement agency has become so compromised that every major investigation should face intense scrutiny from the public the media and from Congress James Comey Robert Mueller Andrew McCabe and the rest of the recent FBI leadership should be forced to answer for the way the Bureau has abused the public trust under their watch

Whining Doesn't Win Ben Shapiro,2019-03 Democrats are pulling out all their stops to defeat President Trump and Republicans and now they're getting desperate First came the screaming We have to do something Then came the whining This is a national disgrace It's too politically useful for them to not rail at whatever they can from the Kavanaugh nomination to the Trump Russia collusion conspiracy For provocative radio host Ben Shapiro the voice of conservative millennials these tactics have made a circus out of American politics and Trump is not the star performer Read all about the acts under the big top in this collection of his 2018 syndicated columns
