### **Why America Didn't Become Great Again**

Robert Chernomas,Ian Hudson,2025-04-22 Examining the conditions that not only blocked attempts to make America great again but also actively made the country worse Why America Didn't Become Great Again identifies those organizations institutions politicians and prominent characters in the forefront of the economic and social policies ultimately asking who is responsible The period from the late 1970s to 2020s became the best of times for America's corporate class As profits grew along with the wealth and income that they delivered for their stockholders and management their goal was to set new rules for the rest of us to live by with a clear class agenda Institutions have been organized government policies reoriented and economists journalists and politicians recruited funded and promoted And so it has not been the best of times for working families as inequality stagnant wages debt and ever longer working hours became their fate This book critically analyzes those who very deliberately set out to implement policies enacted at the state and federal level in order to redistribute wealth and income upwards and change the balance of power in the United States in response to the class gender and racial challenges that resulted in compressed income and wealth differentials before the 1980s An essential book on contemporary inequality in America Why America Didn't Become Great Again surveys the past near half century that resulted in American economic instability and inequality environmental crisis a crumbling physical and harmful social infrastructure among the very worst health outcomes child poverty food insecurity and social mobility of the industrialized countries culminating in a Trump regime and the road to further ruin

*Zeta Magazine*,1988 **Fight Oligarchy** Senator Bernie

Sanders,2025-10-21 Oligarchy is a system in which a small number of extremely wealthy individuals control the economic political and media life of a nation It is a system in which ordinary people have very little power to determine the future of their country If you re an American it is the system in which you re living That must change In the wealthiest nation on earth we must build a political movement that creates a government that represents all Americans not just a handful of billionaires Bernie Sanders NEW YORK TIMES BESTSELLER Senator Bernie Sanders breaks down the unprecedeted crises we face

today in Trump's America as Trump undermines democracy at every turn and how we can effectively fight back. From the moment that Sanders began his Fighting Oligarchy tour in the early days of the Trump administration it was clear that his message resonated with Americans across the political spectrum. Record breaking crowds numbering in the tens of thousands showed up across the country. Large numbers of Americans in red states and blue states were prepared to stand up and fight back. In this book he shows how we can continue that fight. In a series of short pointed chapters Sanders explains how the United States today is an oligarchic society in which a small handful of multibillionaires exercise enormous economic and political power. He describes what it means when the very rich get much richer while the majority of Americans struggle to pay the rent and put food on the table. And he observes how a corrupt campaign finance system allows billionaires in both parties to increasingly control our political system. Sanders also discusses how under Trump we are rapidly moving toward authoritarianism with a president who is undermining our democracy as he attacks Congress, the courts, the media and law firms and universities in search of more and more power for himself. With relentless optimism and focused energy Sanders reminds readers that true power rests with the people and he presents a path forward to a reinvigorated democracy. *It's OK to Be Angry About Capitalism* Senator Bernie Sanders, 2024-02-20 NEW YORK TIMES BESTSELLER A progressive takedown of the uber capitalist status quo that has enriched millionaires and billionaires at the expense of the working class and a blueprint for what transformational change would actually look like with a new afterword. A clarion call against the American oligarchs powerful. The Guardian It's OK to be angry about capitalism. Reflecting on our turbulent times Senator Bernie Sanders takes on the billionaire class and speaks blunt truths about our country's failure to address the destructive nature of a system that is fueled by uncontrolled greed and rigidly committed to prioritizing corporate profits over the needs of ordinary Americans. Sanders argues that unfettered capitalism is to blame for an unprecedented level of income and wealth inequality is undermining our democracy and is destroying our planet. How can we accept an economic order that allows three billionaires to control more wealth than the bottom half of our society? How can we accept a political system that allows the super rich to buy politicians and swing elections? How can we accept an energy system that rewards the fossil fuel corporations causing the climate crisis? Sanders believes that in the face of these overwhelming challenges the American people must ask tough questions about the systems that have failed us and demand fundamental economic and political change. This is where the path forward begins. *It's OK to Be Angry About Capitalism* presents a vision that extends beyond the promises of past campaigns to reveal what would be possible if the political revolution took place if we would finally recognize that economic rights are human rights and if we would work to create a society that provides a decent standard of living for all. This isn't some utopian fantasy this is democracy as we should know it. **Why Bernie Sanders Matters** Harry Jaffe, 2015-12-22 Missionary Radical Hippy Revolutionary Red Mayor Pragmatist Socialist Hot from the campaign trail this vivid new biography goes inside Bernie Sanders's contradictions his unusual life and his electrifying quest to make the

American dream a reality for all He may be the least political person in politics but he doubtless is the rising star of the Democratic party With reporting from inside the campaign and Sanders inner circle as well as meticulous research reporter Harry Jaffe offers an engaging portrait of this outsider candidate The Right Thing to Do James Rachels,Stuart Rachels,2026-01-08 The ninth edition of James Rachels and Stuart Rachels moral philosophy reader continues its legacy of providing students with foundational moral philosophy texts and a diverse collection of contemporary thought provoking essays
