**Repairing the U.S.-Israel Relationship** Robert D. Blackwill,Philip H. Gordon,2016-11-01 The U S Israel relationship is in trouble warn Council on Foreign Relations Senior Fellows Robert D Blackwill and Philip H Gordon in a new Council Special Report Repairing the U S Israel Relationship Significant policy differences over issues in the Middle East as well as changing demographics and politics within both the United States and Israel have pushed the two countries apart Blackwill a former senior official in the Bush administration and Gordon a former senior official in the Obama administration call for a deliberate and sustained effort by policymakers and opinion leaders in both countries to repair the relationship and to avoid divisions that no one who cares about Israel s security or America s values and interests in the Middle East should want

To Stand with Palestine Karam Dana,2025-02-04 In recent years attitudes in the United States toward the Palestinian cause have shifted dramatically Although Palestinians have long been demonized in U S media and politics their struggle portrayed as illegitimate emergent progressive voices increasingly challenge the status quo on Israel

and Palestine and express solidarity with Palestinian resistance What accounts for this change and its evolution This book provides a new lens on activism around Palestinian issues demonstrating how the global Palestinian diaspora has driven transnational political movements Karam Dana explores the ways that exile has shaped Palestinian identity and allowed for new forms of global activism He examines the social political economic and technological forces that have created space for Palestinian voices to be heard by wider audiences worldwide Drawing on interviews with scholars and advocates including members of the Palestinian diaspora and Jewish American activists as well as public opinion data and media analysis Dana traces how global Palestinian communities have influenced American views He addresses the backlash against pro Palestinian advocacy but argues that solidarity with Palestinians both in the United States and globally will continue to strengthen Timely and insightful To Stand with Palestine offers an inside look at how Palestinians have shared their story with the world and why sympathy for their plight is growing with significant implications for the global political landscape

**Toppling Trump** Samuel J. Best,Jeffrey W. Ladewig,2024-07-05 This book tells the story of the 2020 presidential election campaign exploring how Joe Biden secured the Democratic nomination and defeated Donald Trump in the general election It argues that Democratic Party elites paved the way for Biden s victory enabling him to overcome numerous campaign missteps to defeat one of the largest wealthiest most competitive fields in history It details how elites discouraged potential rivals from entering the race orchestrated rules to truncate the field and steered voters toward Biden s candidacy both directly and indirectly It shows how they helped the Biden campaign overcome early defeats in the first several contests and turn his campaign around And it shows the critical role they played in mobilizing partisans to help Biden win the general election campaign and thwarting efforts to undermine his victory Simply put the book demonstrates that Biden would not have won the White House without maneuvering and manipulation by the Democratic establishment

**The Internationalists** Alexander Ward,2024-02-20 The inside story of Biden s foreign policy team and their struggle to restore America s global influence in the aftermath of Trump When Joe Biden assumed the United States presidency he brought with him a team of all star talent perhaps the most experienced ensemble of policy experts in modern U S history Their mission repair America s damaged reputation abroad and decide the course of its global future The challenges and risks could not have been greater Around the world adversaries were consolidating power allies were drifting away wars were raging and climate change was accelerating all while Russia was disrupting democracies and China was seeking to replace the U S as the world s preeminent power Now for the first time since World War II the United States risked falling from its unrivaled position If Biden and his team failed it would likely mark the end of an American era and the rise of a fractured and autocratic world order In The Internationalists acclaimed national security reporter Alexander Ward takes us behind the scenes to reveal the struggle to enact a coherent and effective set of policies in a time of global crisis Against the failure of Afghanistan and Russia s invasion of Ukraine Biden s all star team of rivals must band together against incredible odds Their

successes and their failures will decide not just Biden's presidency. They will decide the very course of America's global future. As *The Best and The Brightest* chronicled the smoke filled rooms of the Kennedy Administration and *The Rise of The Vulcans* detailed the inner workings of George Bush's war machine, *The Internationalists* takes readers behind the scenes as Joe Biden and his cabinet embark on some of the most ambitious foreign policy initiatives of any president since Richard M. Nixon. Thanks to rigorous reporting and sources in the rooms where it happened, Ward delivers the first draft of history, the first definitive unvarnished account of the Biden Doctrine from the Fall of Kabul to the Rise of Kiev. Ben White, 2018-05-20 After decades of occupation and creeping annexation the situation on the ground in Palestine Israel can only be described as a system of apartheid. Peace efforts have failed because of one inconvenient truth: the Israeli maximum on offer does not meet the Palestinian minimum or the standards of international law. But while the situation on the ground is bleak, Ben White argues that there are widening cracks in Israel's traditional pillars of support. Opposition to Israeli policies and even critiques of Zionism are growing in Jewish communities as well as amongst Western progressives. The election of Donald Trump has served as a catalyst for these processes, including the transformation of Israel from a partisan issue into one that divides the US establishment. Meanwhile the Palestinian-led boycott campaign is gathering momentum, prompting a desperate backlash by Israel and its allies. With sharp analysis, Ben White says now is the time to plot a course that avoids the mistakes of the past, a way forward beyond apartheid in Palestine. The solution is not partition and ethnic separation but equality and self-determination for all. [The Holy and the Broken](#)

Ittay Flescher, 2025-01-01 When dehumanisation and destruction become the norm, the cycle must be broken. For over twenty years, Ittay Flescher has worked as an educator, journalist and peacebuilder in Melbourne and Jerusalem. When he woke up on the morning of October 7 2023 to the sounds of rocket sirens over Jerusalem and later saw the devastation of Gaza in response, the grief and sadness that engulfed him and so many others compelled him to ask: how can we find a way forward? Following years spent facilitating dialogue between Jews, Muslims and Christians, Ittay believes that peace can only be found if we are willing to empathise with the pain of others. *The Holy and the Broken* challenges Palestinian and Israeli leaders, citizens and their supporters across the world to imagine a different reality, to look at history with a different eye and to search for moments of engagement rather than resentment in the narratives of the past that each side tells about itself. Ultimately, it is a story that aims to comfort the troubled and trouble the comfortable. Praise, courageous and considered, Ittay nurtures the tender, fragile shoots of peace. The world could do with more people like him. Paul Kelly, Australian singer-songwriter and guitarist. A book of rare insight and compassion, *The Holy and the Broken* offers the one thing we thought we'd lost after October 7: a glimmer of hope for meaningful, lasting peace between Israelis and Palestinians. Bram Presser, author of *The Book of Dirt*. This is a thoughtful and thought-provoking book, heartfelt and honest. You do not need to agree with everything Flesher has to say to find the book moving and challenging. Michael Gawenda, former editor in chief, *The Age*. This ability to empathise with the suffering on both

sides is a core value of Flescher's reconciliation work and the underpinning to many of the options he outlines Dr Anne Sarzin Jwire As challenging and as contemporary as it is compassionate In a world broken by war and polarisation Ittay offers peaceful possibilities and nuanced perspectives Rabbi Ralph Genende OAM author of Living in an Upside down World The Holy and the Broken breaks new ground Yet what makes it truly singular is its consistent humanity and its centring of ordinary Israelis and Palestinians John Lyndon executive director Alliance for Middle East Peace This account of the writer's devotion to peacebuilding in our war torn region is a shining testament to what can and should be done by those who can imagine a future peace It lights a candle in an age of darkness Sari Nusseibeh author of Once Upon a Country A Palestinian Life When you finish it you will not only know more about what's happening between the Jordan River and the Mediterranean Sea but you will also know more about yourself Maoz Inon Israeli peacemaker and social entrepreneur A powerful testament to the possibilities of reconciliation and mutual empathy during conflict what sets this book apart is its commitment to showcasing the experiences of the diverse individuals involved especially the integral yet frequently overlooked stories of women By highlighting the gender dynamics at play Flescher enriches our understanding of the conflict and underscores the importance of supporting a world where more voices are heard and valued Sheila Katz CEO National Council of Jewish Women When I picked this book up I erroneously believed I already understood much about the ongoing collective trauma of Palestinians and Israelis But this thoughtful and deeply compassionate book shattered that illusion By the time I put the book down I was not the same person Miriam Anzovin creator of Daf Reactions and Jewish Lore Reactions Other Voices from the Middle East Clipboard ,2007 **The Middle East, Abstracts and Index** ,2007 **Near East Report** ,2008 **The**

headlines did in fact lead to predictably mediocre results in both the short and long run His foreign policy undermined American national security interests while leaving longtime allies isolated and vulnerable and comforting and emboldening our enemies The White House s revolving door of staff demonstrated that Trump had no real plan all serious policymakers and those who would be a check on his most destructive impulses were exiled or jumped ship Sciutto interviewed a wide swath of then current and former administration officials to assemble the first comprehensive portrait of the impact of Trump s erratic foreign policy The Madman Theory is the definitive take on Trump s calamitous legacy around the globe showing how his proclivity for chaos created a world more unstable violent and impoverished than it had been before An ominous warning Kirkus Reviews Combines fine reporting with intelligent analysis in a way that is unusual and enlightening and entertaining William Kristol    **The Nation** ,2009    **The New Republic** Herbert David Croly,1982    *The Gulf War* ,1991    *Current World Affairs* ,1991    *Trumpism* Laura L.
