## **Bernie Sanders On Foreign Policy:**

The Inter- and Transnational Politics of Populism Thorsten Wojczewski, 2023-01-01 Populism has lately experienced a meteoric rise to become one of the most widely used terms in academic and wider public discourses and a supposedly defining feature of both domestic and world politics. Situated at the intersection of International Relations IR Political Theory and Comparative Politics this book makes a critical intervention into the burgeoning IR scholarship on populism and problematizes the often hyperbolic and sweeping usage of the term as a general descriptor for non centrist politics of different persuasions. The book seeks to move into a different theoretical direction and broaden the empirical focus of existing IR research. Theoretically it bridges the gap between theories of populism and IR by bringing the Laclauian discursive approach and IR poststructuralism together in a theoretical framework. The proposed framework moves away from the search for the policy preferences and impact of populism and instead conceptualizes foreign policy and world politics as potential sites for practicing populism ranging from the articulation of societal grievances to the construction of populist identities such as the people. Empirically the book takes IR scholarship beyond the predominant focus on the populist radical right and single country and region studies. Building on the discourse analysis of an original data set it offers a comparative analysis of right wing and left wing populist discourses in different world regions as well as populist cross border collaboration and identity construction.

**Turkey, Russia and Iran in the Middle East** Bayram Balci, Nicolas Monceau, 2021-09-14 This book explores the complexity of the Syrian question and its effects on the foreign policies of Russia, Iran and Turkey. The Syrian crisis has had a major effect on the regional order in the Middle East. Syria has become a territory where the rivalry between Russia and Western powers is being played out and with the West's gradual withdrawal the conflict will without a doubt have lasting effects locally and on the international order. This collection focuses on the effects of the Syrian crisis on the new governance of the Middle East region by three political regimes Russia, Iran and Turkey. Many articles and a number of books have been written on this conflict which has lasted over ten years but no publication has examined simultaneously and comparatively how these three states are participating in the shared management of the Syrian conflict.

**United States of Socialism** Dinesh D'Souza, 2020-06-02 The New York Times USA Today Publishers Weekly and Wall Street Journal Bestseller For those who witnessed the global collapse of socialism its resurrection in the twenty first century comes as a surprise even a shock. How can socialism work now when it has never worked before. In this pathbreaking book bestselling author Dinesh D'Souza argues that the socialism advanced today by the likes of Alexandria Ocasio Cortez, Bernie Sanders, Ilhan Omar and Elizabeth Warren is very different from the socialism of Lenin, Mao and Castro. It is identity socialism a marriage between classic socialism and identity politics. Today's socialists claim to model themselves not on Mao's Great Leap Forward or even Venezuelan socialism but rather on the socialism that works in Scandinavian countries like Norway and Sweden. This is the new face of socialism that D'Souza confronts and

decisively refutes with his trademark incisiveness wit and originality He shows how socialism abandoned the working class and found new recruits by drawing on the resentments of race gender and sexual orientation He reveals how it uses the Venezuelan not the Scandinavian formula D Souza chillingly documents the full range of lawless gangster and authoritarian tendencies that they have adopted United States of Socialism is an informative provocative and thrilling expos not merely of the ideas but also the tactics of the socialist Left In making the moral case for entrepreneurs and the free market the author portrays President Trump as the exemplar of capitalism and also the most effective political leader of the battle against socialism He shows how we can help Trump defeat the socialist menace *U.S. Military Forces in FY 2017* Mark F. Cancian,2016-05-26 This timely study examines the Defense Department s FY 2017 budget proposal for the size and shape of military forces what that proposal means for cost strategy and risk and challenges the proposal faces in implementation The study covers all four military services plus government civilians contractors and department wide initiatives

Dionne,2020-02-04 An exquisitely timed book Code Red is a worthwhile exploration of the shared goals and shared enemies that unite moderates and progressives But more than that it is a sharp reminder that the common ground on which Dionne built his career has been badly eroded with little prospect that it will soon be restored The New York Times Book Review New York Times bestselling author and Washington Post columnist E J Dionne Jr sounds the alarm in Code Red calling for an alliance between progressives and moderates to seize the moment and restore hope to America s future for the 2020 presidential election Will progressives and moderates feud while America burns Or will these natural allies take advantage of the greatest opportunity since the New Deal Era to strengthen American democracy foster social justice and turn back the threats of the Trump Era The United States stands at a crossroads Broad and principled opposition to Donald Trump s presidency has drawn millions of previously disengaged citizens to the public square and to the ballot boxes This inspired and growing activism for social and political change hasn t been seen since the days of Franklin Roosevelt s New Deal policies and the Progressive and Civil Rights movements But if progressives and moderates are unable and unwilling to overcome their differences they could not only enable Trump to prevail again but also squander an occasion for launching a new era of reform In Code Red award winning journalist E J Dionne Jr calls for a shared commitment to decency and a politics focused on freedom fairness and the future encouraging progressives and moderates to explore common ground and expand the unity that brought about Democrat victories in the 2018 elections He offers a unifying model for furthering progress with a Politics of Remedy Dignity and More one that solves problems resolve disputes and moves forward that sits at the heart of the demands for justice by both long marginalized and recently displaced groups and that posits a positive future for Americans with more covered by health insurance more with decent wages more with good schools more security from gun violence more action to roll back climate change Breaking

**Where We Go from Here** Bernie Sanders,2018-11-27 The inspiring national bestseller from the U S Senator and leading Democratic candidate for president about the fierce fight for democracy and social justice and what we need to do next In Where We Go from Here New York Times bestselling author Bernie Sanders reveals the blueprint for his 2020 presidential run by chronicling the day by day struggles that he and his progressive colleagues have waged over the last two years in the fight against Donald Trump s reactionary agenda and for a government that works for all not just wealthy campaign contributors At home Sanders has helped lead the fight for Medicare for all fought for workers desperate for higher wages and supported immigrants in the DACA program and children affected by gun violence He has stood with the people of Puerto Rico devastated by Hurricane Maria as well as veterans teachers the incarcerated the persecuted and all those who are too often ignored by Washington Abroad his voice has been clear that we need a foreign policy that strives for peace not war and international cooperation to address the crisis of climate change The good news is we re making progress People all across America are standing up to the most dishonest and reactionary president in our history They re taking on establishment politicians who ve turned a blind eye to the concerns of everyday citizens They re fighting back against the oligarchs of Wall Street who would happily see our children do worse than their parents so long as the Dow does better And the general public continually demonstrates that we are more united than the media would allow us to believe and what we agree on are largely progressive ideals Maintaining a vibrant democracy has

never been easy and in these dangerous and unprecedeted times it has been more difficult than ever Bernie Sanders shows however that we can repair the damage Trump has done and create a nation based on the principles of economic social racial and environmental justice I Am the Change Charles R. Kesler,2013-10-01 Is Barack Obama the savior of liberalism or the last liberal president Charles R Kesler s spirited analysis of Obama s political thought shows that he represents either a new birth of liberalism or its demise Who is Barack Obama Though many of his own supporters wonder if he really believes in anything Charles R Kesler argues that these disappointed liberals don t appreciate the scope of the president s ambition or the long term stakes for which he is playing Conservatives also misunderstand Obama according to this leading conservative scholar educator and journalist They dismiss him as a socialist hopelessly out of touch with the American mainstream The fringe Right dwells on Obama s foreign upbringing his missing birth certificate Bill Ayers s supposed authorship of his books What mainstream and fringe have in common is a stubborn underestimation of the man and the political movement he embodies Reflecting a sophisticated mix of philosophy psychology and history and complemented by a scathing wit I Am the Change tries to understand Obama as he understands himself based largely on his own writings speeches and interviews Kesler the rare conservative who takes Obama seriously as a political thinker views him as a gifted and highly intelligent progressive who is attempting to become the greatest president in the history of modern liberalism Intent on reinvigorating the liberal faith Obama nonetheless fails to understand its fatal contradictions a shortsightedness that may prove to be liberalism s undoing Will Obama save liberalism and become its fourth great incarnation following Woodrow Wilson Franklin D Roosevelt and Lyndon B Johnson Or will he be derailed by his very successes These are the questions at the heart of Kesler s thoughtful and illuminating book American Foreign Policy 1999-2000 Glenn P.
