*Our Revolution* Bernard Sanders, 2016-11-15 An inside account of Sanders extraordinary campaign and a blueprint for future political action

**Where We Go from Here** Bernie Sanders, 2018-11-27 The inspiring national bestseller from the U S Senator and leading Democratic candidate for president about the fierce fight for democracy and social justice and what we need to do next In *Where We Go from Here* New York Times bestselling author Bernie Sanders reveals the blueprint for his 2020 presidential run by chronicling the day by day struggles that he and his progressive colleagues have waged over the last two years in the fight against Donald Trump's reactionary agenda and for a government that works for all not just wealthy campaign contributors At home Sanders has helped lead the fight for Medicare for all fought for workers desperate for higher wages and supported immigrants in the DACA program and children affected by gun violence He has stood with the people of Puerto Rico devastated by Hurricane Maria as well as veterans teachers the incarcerated the persecuted and all those who are too often ignored by Washington Abroad his voice has been clear that we need a foreign policy that strives for peace not war and international cooperation to address the crisis of climate change The good news is we're making progress People all across America are standing up to the most dishonest and reactionary president in our history They're taking on establishment politicians who've turned a blind eye to the concerns of everyday citizens They're fighting back against the oligarchs of Wall Street who would happily see our children do worse than their parents so long as the Dow does better And the general public continually demonstrates that we are more united than the media would allow us to believe and what we agree on are largely progressive ideals Maintaining a vibrant democracy has never been easy and in these dangerous and unprecedented times it has been more difficult than ever Bernie Sanders shows however that we can repair the damage Trump has done and create a nation based on the principles of economic social racial and environmental justice

**The Speech** Bernard Sanders, 2015-06-30 Speech that Sanders gave on the floor of the U S Senate on December 10 2010 when he spoke for eight and a half hours for the filibuster

*Fight Oligarchy* Senator Bernie Sanders, 2025-09-30 Oligarchy is a system in which a small number of extremely wealthy individuals control the economic political and media life of a nation It is a system in which ordinary people have very little power to determine the future of their country If you're an American it is the system in which you're living That must change In the wealthiest nation on earth

we must build a political movement that creates a government that represents all Americans not just a handful of billionaires

**Bernie Sanders NEW YORK TIMES BESTSELLER** Senator Bernie Sanders breaks down the unprecedented crises we face today in Trump's America as Trump undermines democracy at every turn and how we can effectively fight back From the moment that Sanders began his Fighting Oligarchy tour in the early days of the Trump administration it was clear that his message resonated with Americans across the political spectrum Record breaking crowds numbering in the tens of thousands showed up across the country Large numbers of Americans in red states and blue states were prepared to stand up and fight back In this book he shows how we can continue that fight In a series of short pointed chapters Sanders explains how the United States today is an oligarchic society in which a small handful of multibillionaires exercise enormous economic and political power He describes what it means when the very rich get much richer while the majority of Americans struggle to pay the rent and put food on the table And he observes how a corrupt campaign finance system allows billionaires in both parties to increasingly control our political system Sanders also discusses how under Trump we are rapidly moving toward authoritarianism with a president who is undermining our democracy as he attacks Congress the courts the media and law firms and universities in search of more and more power for himself With relentless optimism and focused energy Sanders reminds readers that true power rests with the people and he presents a path forward to a reinvigorated democracy

*Crashing the Party* Heather Gautney, 2018-05-01 Senator Bernie Sanders won 13 million votes and a majority of young voters in the 2016 Democratic primary giving a consensus unbeatable party favorite Hillary Clinton a shockingly close challenge He emerged from the presidential election as the most popular politician in the US despite being a 75 year old self professed democratic socialist What lessons can be drawn from this surprising but in the end losing campaign and what to make of the direction the Sanders movement has gone since the election Vermont native Heather Gautney is a senior policy advisor to Bernie Sanders in his Washington DC office and was a senior researcher on his presidential campaign The author and editor of several books on social movements and American politics she brings her scholarly expertise and left politics to bear on the scenes and conflicts she witnessed from inside the campaign and inside the Beltway This is both an insider's sympathetic view of the Sanders phenomenon and a skeptical left scholar's view of its limitations In reviewing what enabled Sanders to reach out to an unprecedented number of people with a socialist message she draws lessons about the prospects and perils of building a leftist movement in the United States Gautney's reflections on the role that race and class played in this election cycle and analysis of the prospects and perils of the Democratic Party will advance the passionate debate over how to build a progressive opposition to Trump and a lasting left movement in America
