**The Making of the President 2016** Roger Stone,2017-01-31 In the tradition of Theodore White s landmark books the definitive look at how Donald J Trump shocked the world to become president From Roger Stone a New York Times bestselling author longtime political adviser and friend to Donald Trump and consummate Republican strategist comes the first in depth examination of how Trump s campaign tapped into the national mood to deliver a stunning victory that almost no one saw coming In the early hours of November 9 2016 one of the most contentious polarizing and vicious presidential races came to an abrupt and unexpected end when heavily favored presidential hopeful Hillary Clinton called Donald J Trump to concede shocking a nation that had only hours before given little credence to his chances Donald Trump pulled the greatest upset in American political history despite a torrent of invective and dismissal of the mainstream media Stone a long time Trump retainer and confidant gives us the inside story of how Donald Trump almost single handedly harnessed discontent among Forgotten Americans despite running a guerrilla style grass roots campaign to compete with the

smooth running and free spending Clinton political machine From the start Trump's campaign was unlike any seen on the national stage combative maverick and fearless Trump's nomination was the hostile takeover of the Republican party and a resounding repudiation of the failed leadership of both parties whose policies have brought America to the brink of financial collapse as well as endangering our national security Here Stone outlines how Donald Trump skillfully ran as the anti Open Borders candidate as well as a supporter of American sovereignty and how he used the Globalist trade deals like NAFTA to win over three of ten Bernie Sanders supporters The veteran adviser to Nixon Reagan and Trump charts the rise of the alt conservative media and the end of the mainstream media monopoly on voter impacting information dissemination This is an insider's view that includes studying opposition research into Bill Hillary and Chelsea Clinton's crimes and the struggle by the Republican establishment to stop Trump and how they underestimated him Stone chronicles Trump's triumph in three debates where he skillfully lowered expectation levels but skewered Mrs Clinton for the corruption of the Clinton Foundation her mishandling of government email and her incompetence as Secretary of State Stone gives us the inside word on Julian Assange Wikileaks Clinton campaign chief John Podesta Huma Abedin Anthony Weiner Carlos Danger Doug Band Jeffery Epstein and the efforts to hide the former first lady's infirmities and health problems Stone dissects the phony narrative that Trump was in cahoots with Russian strongman Vladimir Putin or that the e mails released by Wikileaks came from the Russians The Making of the President 2016 reveals how Trump brilliantly picked at Hillary Clinton's weaknesses particularly her reputation as a crooked insider and ignited the passions of out of work white men and women from the rust belt and beyond at a time when millions of Americans desperately wanted change Stone also reveals how and why the mainstream media got it wrong including how the polls were loaded and completely misunderstood who would vote Stone's analysis is akin to Theodore H White's seminal book The Making of the President 1960 It is both a sweeping analysis of the trends that elected Trump as well as the war stories of a hard bitten political survivor who Donald Trump called one tough cookie

Democratic Disunity Colleen Elizabeth Kelley, 2022-01-13 Democratic Disunity Rhetorical Tribalism in 2020 addresses that while attention has recently and rightly been paid to the tribal bifurcation of the GOP the Democratic Party is similarly divided Americans live in a democratic republic rather than a direct democracy and choices regarding governing concerns are configured through communicative action These choices include those made between and within American political parties Without rhetorical mediation and intervention toxic partisan tribalism within the two major American political parties is likely to destabilize the nation's federalist system of government Kelley argues that intraparty tribalism poisons public life and consumes public space within which electoral politics including discussion deliberation and compromise should be thriving Democratic Disunity considers intraparty tribalism as a rhetorical form uniquely positioned within the twenty first century Details are provided regarding language in use strategies with which to anchor a rhetoric of governing through a mindful deliberative dialogue which diminishes the effect of political partisanship including its toxic variations both between

and within American political parties Scholars and students of rhetoric political communication and political science will find this book particularly interesting **2020 the Campaign Chronicles** JD Foster,2021-02-17 The 2020 campaign began with the 2016 election of Donald J Trump and effectively rendered a verdict on his presidency The Democartic Party sifted through a small army of worthies to defeat Trump and in former Vice President Joe Biden they found their champion Biden claimed the nomination following a phoenix like rise propelled by a miraculous South Carolina primary victory Backed by the party establishment and the mainstream media Biden s weak campaign proved sufficient by a handful of votes in a handful of states and leaving Biden with little mandate other than to avoid being like Trump The story of the 2020 election is in part a story of America and the Trump presidency a stormy marriage of highs and lows shaped by contrived investigations into Russian government interference a failed impeachment a welcomed intolerance for sexual harassment the exposure of deep racial divisions highlighted by widespread and often violent rioting accompanied by a re examination of the role of the police a strong economy until crushed by the coronavirus pandemic and then the pandemic tragedy itself The Trump presidency s four years astounded for better or for worse depending on point of view This book chronicles the 2020 election and thus the events that shaped the election over the course of four years written contemporaneously to capture the flavor of the moment praising and criticizing Trump and his many antagonists in equal measure Those enamored of the former president will find succor and outrage as will those who delighted in his defeat Those seeking to understand what happened will find the reading interesting infuriating and perhaps in places illuminating **The Official Washington Post Index** ,1991 **2016: the Campaign Chronicles** JD Foster,2019-10-08 The 2016 campaign ended with Donald J Trump as president elect of the United States astounding just about everyone More than two dozen candidates had vied for the two parties nominations leaving Trump and former Secretary of State Hillary Clinton Her flaws standing in rough proportion to her strengths Clinton had been the presumed Democratic nominee though Bernie Sanders had nearly upended her run In contrast Trump s capturing the Republican nomination seemed preposterous before and after the fact The campaign overall was far more than the result It was a long tumultuous outrageous frolic of American politics The Campaign Chronicles was written contemporaneously with events as they happened so as to capture the sense of each amazing if horrific moment Even weeks after the election the country remained stunned by the outcome which as we learned foretold of a presidency unlike any before it But before the presidency there was a campaign about which many histories will be written But before the histories must come the chronicling history stripped of faded memories and coherent perspective Herewith such a chronicling written from a determinedly neutral posture presenting the good with the bad for all concerned **The Washington Post Index** ,1989

[The Fighting Soul](#) Ari Rabin-Havt,2022-04-26 Rabin Havt offers an intimate portrait of his cranky boss writing about everything from Sanders s famous mittens to his love of picket lines and Motown songs to his distaste for the inane droning of cable news commentators to his prescient fear that Donald Trump was nuts and would upend democracy Maureen Dowd

New York Times The Fighting Soul is an unforgettable chronicle of life on the road with Bernie Sanders and the first in depth portrait of this fiercely independent and famously private left wing firebrand As a close advisor and deputy campaign manager on Sanders s most recent presidential campaign the tireless Ari Rabin Havit spent more hours between 2017 and 2020 with the Vermont senator than anyone else The Fighting Soul is a behind the scenes account of Sanders s run including his heart attack in Las Vegas his notorious debate encounter with fellow progressive Elizabeth Warren and a momentous private conversation between Sanders and Barack Obama Revelatory and heartfelt The Fighting Soul depicts the rare politician motivated by principle not power Parties and Elections in Corporate America Howard L. Reiter,1993 *Big Bush Lies* Jerry Barrett,2004 George W Bush has a well documented difficulty with facts and honesty He lies He lies frequently as do key members of the Bush Administration Big Bush Lies focuses on George W Bush as a liar presenting 20 original essays that detail and document lies both domestic and foreign

O'Rourke,1996 Written with the same acerbic wit and infectious humour that have made P J O'Rourke one of the most popular political humourists of all time The Enemies List will delight his fans and engage his enemies and he couldn t ask for anything more Begun as an article in The American Spectator The Enemies List quickly grew into an all encompassing guide to the most dislike foolish and politically disgraceful people of the 1990s Readers contributed their own suggestions and with P J s razor sharp additions and asides The List became a hysterical commentary on the trouble with politicians and celebrities alike What sets this roster apart from the common blacklist is its generous approach to membership you don t have to be a card carrying member of anything to qualify O'Rourke throws a wide net around the ridiculous inane and generally annoying individuals who can be found in the public and political worlds of our society

The Dixification of America

Stephen D. Cummings,1998-08-11 In mid July 1997 just as the Dow Jones Industrial Average broke 8 000 the federal government announced that personal bankruptcies were at an all time high and Second Harvest the largest food bank network in America reported increased demand at half of its distribution centers But this paradox is not new Throughout the last decade economists have extolled the virtues and successes of the U S economy while plants have closed companies have downsized and those who remain are fearful about their jobs Contrary to popular opinion the free spending liberals have not driven this country to its current level of economic anxiety it is in fact the conservatives Current economic policy Cummings argues is the product of a union between conservative Republican and conservative Southern economic policy a union that began in the late 1960s Before the 1960s the Southern economy operated as a conservative economic incubator isolated from the rest of the country and conservative Republicans had to contend with both Democrats and liberal Republicans After 1969 with Republicans in the White House and with the help of Wallace supporters and later Reagan Democrats Southern conservative economic policy combined with Republican policy and was gradually exported to the rest of the country This collaboration and its growing political influence culminated in the Republican control of Congress in the 1990s Over the decades the South has become more Republican and Southern leaders have had an increasing influence in the Republican Party and in economic policy as a whole The conservative policy initiatives from this political union have led to some of the same economic problems that have plagued the South since Reconstruction and fostered by conservative Republicans in the 1920s ushered in the Great Depression Current policies argues Cummings are leading the country into a similar trap

**Cracking the Code** Thom Hartmann,2007

Millions of working Americans talk act and vote as if their economic interests match those of the megawealthy the multinational corporations and the politicians who do their bidding How did this happen Bestselling author Thom Hartmann says it s because the apologists of the Right have become masters of the subtle and largely subconscious aspects of political communication It s not an escalation in Iraq it s a surge it s not the inheritance tax it s the death tax it s not drilling for oil it s exploring for energy Conservatives didn t intuit the path to persuasive messaging they learned these techniques There is no reason why progressives can t learn them too In Cracking the Code Hartmann shows you how Drawing on his background as a psychotherapist and advertising executive as well as a nationally syndicated Air America radio host he breaks down the science and technology of effective communication so you can apply it to your own efforts to counter right wing disinformation As Hartmann explains political persuasion is as much about biology as ideology about knowing how the brain processes information and how that influences the way people perceive messages make decisions and form a worldview Throughout the book he shows you precisely how to master this technology how to crack the communications code providing examples dating from the time of the Founding Fathers to the present day
