**Slavoj Žižek and Christianity** Sotiris Mitralaxis, Dionysios Skliris, 2018-07-18 Slavoj Žižek's critical engagement with Christian theology goes much further than his seminal *The Fragile Absolute* 2000 or his *The Puppet and the Dwarf* 2003 or even his discussion with noted theologian John Milbank in *The Monstrosity of Christ* 2009 His reading of Christianity utilising his signature elements of Lacanian psychoanalysis and Hegelian philosophy with modern philosophical currents can be seen as a genuinely original contribution to the philosophy of religion This book focuses on these aspects of Žižek's thought with either philosophy and cultural theory or Christian theology serving as starting points of enquiry Written by a panel of international contributors each chapter teases out various strands of Žižek's thought concerning Christianity and religion and brings them into a wider conversation about the nature of faith These essays show that far from being an outright rejection of Christian thought and intellectual heritage Žižek's work could be seen as a perverse affirmation thereof Thus what he has to say should be of direct interest to Christian theology itself Touching on thinkers such as Badiou Lacan Chesterton and Schelling this collection is a dynamic reading and re-reading of Žižek's relationship to Christianity As such scholars of theology the philosophy of religion and Žižek more generally will all find this book to be of great interest *How Slavoj Became Zizek* Eliran Bar-El, 2025-05-06 An engrossing account of the meteoric rise of contemporary philosophy's most contentious and prolific intellectual This revised edition corrects several erroneous and insufficient references in the first edition of this book Slovenian philosopher bad boy Slavoj Žižek is one of the most famous intellectuals of our time publishing at a breakneck speed and lecturing around the world With his unmistakable speaking style and set of mannerisms that have made him ripe material for internet humor and meme culture he is recognizable to a wide spectrum of fans and detractors But how did an intellectual from a small Eastern European country come to such popular notoriety In *How Slavoj Became Žižek* sociologist Eliran Bar-El plumbs the emergence popularization and development of the phenomenon called Žižek Beginning with Žižek's early years as a thinker and political figure in Slovenian civil society Bar-El traces Žižek's rise from Marxist philosopher to political candidate to eventual intellectual celebrity as Žižek perfected his unique performative style and a rhetorical arsenal of Hegelianism Following 9/11 Žižek's career as a global op-ed writer and TV commentator married his rhetoric with global events such as the war on terror the financial crisis of 2008 and the Arab Spring of 2011 Yet at the same time this mainstream popularity as well as a series of politically incorrect views almost entirely estranged the Slovenian from the normal workings of academia Ultimately this account shows how Žižek has harnessed the power of the digital era in his own self-fashioning as a public intellectual **Universal Politics** Ilan Kapoor, Zahi Zalloua, 2021-09-17 In *Universal Politics* Ilan Kapoor and Zahi Zalloua argue for a negative universality rooted in social antagonism i.e. shared experiences of exploitation and marginalization They examine what a universal politics might look like today in the context of key global sites of struggle including climate change workers struggles the Palestinian question the refugee crisis Black Lives Matter MeToo Political

Islam the Bolivian state under Morales the European Union and COVID 19      Solidarity and the Palestinian Cause Zahi Zalloua,2023-01-12 Zahi Zalloua provides the first examination of Palestinian identity from the perspective of Indigeneity and Critical Black Studies Examining the Palestinian question through the lens of settler colonialism and Indigeneity this timely book warns against the liberal approach to Palestinian Indigeneity which reinforces cultural domination and urgently argues for the universal nature of the Palestinian struggle Foregrounding Palestinian Indigeneity reframes the Palestinian Israeli conflict as a problem of wrongful dispossession a historical harm that continues to be inflicted on the population under the brutal Occupation of the West Bank and Gaza At the same time in a global context marked by liberal democratic ideology such an approach leads either to liberal tolerance the minority is permitted to exist so long as their culture can be contained within the majority order or racial separatism that is appeals for national independence typically embodied in the two state solution Solidarity and the Palestinian Cause not only insists that any analysis of Indigeneity s purchase must keep this problem of translation in mind but also that we must recast the Palestinian struggle as a universal one As demonstrated by the Palestinian support for such movements as Black Lives Matter and the reciprocal support Palestinians receive from BLM activists the Palestinian cause fosters a solidarity of the excluded This solidarity underscores the interlocking global struggles for emancipation from racial domination and economic exploitation Drawing on key Palestinian voices including Edward Said and Larissa Sansour as well as a wide range of influential philosophers such as Slavoj i ek Frantz Fanon and Achille Mbembe Zalloua brings together the Palestinian question Indigeneity and Critical Black Studies to develop a transformative anti racist vision of the world      Der Spiegel Rudolf Augstein,2016      Gana todos los debates Mehdi Hasan,2024-01-31 Presenta tus ideas de manera efectiva y convi rtete en un l der persuasivo Mehdi Hasan no es de esas personas que reh yen las discusiones Al contrario le apasionan y se enzarza en ellas siempre que puede Para l los debates racionales tienen un valor intr nseco son la savia de la democracia y el nico m todo infalible para encontrar la verdad En la actualidad las discusiones encarnizadas son recurrentes y todo el mundo quiere ganarlas Este libro ense a a superar las pol micas est riles de las redes sociales y a resultar vencedores en debates fruct feros y productivos en el mundo real Hasan comparte en estas p ginas los trucos las t cnicas y las estrategias que aprendi gracias a su experiencia como miembro del club de debate de la Oxford Union y al conocimiento del oficio adquirido en su dilatada carrera como entrevistador y contertulio En esta detallada gu a pr ctica aprender s a elaborar una defensa de tus planteamientos bien razonada convencer al p blico sortear los golpes de tu rival encontrar lagunas en sus afirmaciones y defectos en sus razonamientos y sabr s elegir el momento oportuno para contraatacar Gana todos los debates es el compendio m s completo del arte de la oratoria la argumentaci n la ret rica y la persuasi n      The Courage of Hopelessness Slavoj Zizek,2018-02-06 Maverick philosopher Slavoj Zizek returns to explore today s ideological political and economic battles and asks whether radical change is possible In these troubled times even the most pessimistic diagnosis of our future ends with an uplifting hint that things might not be

as bad as all that that there is light at the end of the tunnel Yet argues Slavoj Žižek it is only when we have admitted to ourselves that our situation is completely hopeless that the light at the end of the tunnel is in fact the headlight of a train that fundamental change can be brought about Surveying the various challenges in the world today from mass migration and geopolitical tensions to terrorism the explosion of rightist populism and the emergence of new radical politics all of which in their own way express the impasses of global capitalism Žižek explores whether there still remains the possibility for genuine change Today he proposes the only true question is or should be this do we endorse the predominant acceptance of capitalism as fact of human nature or does today's capitalism contain strong enough antagonisms to prevent its infinite reproduction Can we he asks move beyond the failure of socialism and beyond the current wave of populist rage and initiate radical change before the train hits Žižek leaves no social or cultural phenomenon untheorized and is master of the counterintuitive observation *The New Yorker*     **Ucraina, Palestina e altri guai** Slavoj Žižek, 2024-04-23T00:00:00+02:00

Un'analisi impietosa e illuminante del nostro presente e del nostro futuro La lezione di Žižek tanto indispensabile quanto energizzante *London Review of Books* Žižek si conferma un pensatore sempre provocatorio e profondamente interessante *The Guardian* Il filosofo più pericoloso d'Occidente *The New Republic* Che viviamo in tempi apocalittici ormai una constatazione quotidiana dalla pandemia alla crisi ecologica passando per la minaccia di una guerra nucleare il futuro sembra da tempo solo una parola Come ci viene continuamente ripetuto il tempo che rimane per evitare il peggio poco pochissimo nullo Il nuovo libro del più controverso e amato filosofo e commentatore politico al mondo parte da un paradosso e se fosse già troppo tardi Coordinate principali del volume sono le due guerre del titolo che occupano ogni giorno con l'orrore e il terrore il palcoscenico della nostra stampa e della nostra vita emotiva l'invasione russa dell'Ucraina e il più recente conflitto fra Israele e Hamas due catastrofi già in atto già oltre l'ora zero Un testo di bruciante attualità dunque ma capace di scandagliare in profondità le crisi del presente di comporre un'analisi chiarificatrice e controintuitiva dei guai globali Žižek rappresenta l'attuale incubo geopolitico sotto una luce nuova e sorprendente e ci mostra perché per cambiare il nostro futuro la posizione postcatastrofica non sia necessariamente l'ultima ma una tragica occasione per reimmaginare il passato per dargli una nuova possibilità     **Access**, 2005     *International Journal of Health Services*, 1998     *Daluyan*, 2016     **A Left that Dares to Speak Its Name** Slavoj Žižek, 2020-04-14 With irrepressible humor Slavoj Žižek dissects our current political and social climate discussing everything from Jordan Peterson and sex unicorns to Greta Thunberg and Chairman Mao Taking aim at his enemies on the Left Right and Center he argues that contemporary society can only be properly understood from a communist standpoint Why communism The greater the triumph of global capitalism the more its dangerous antagonisms multiply climate collapse the digital manipulation of our lives the explosion in refugee numbers all need a radical solution That solution is a Left that dares to speak its name to get its hands dirty in the real world of contemporary politics not to sling its insults from the sidelines or to fight a culture war that is merely a fig leaf covering its political and economic failures

As the crises caused by contemporary capitalism accumulate at an alarming rate the Left finds itself in crisis too beset with competing ideologies and prone to populism racism and conspiracy theories A Left that Dares to Speak Its Name is i ek s attempt to elucidate the major political issues of the day from a truly radical Leftist position The first three parts explore the global political situation and the final part focuses on contemporary Western culture as i ek directs his polemic to topics such as wellness Wikileaks and the rights of sexbots This wide ranging collection of essays provides the perfect insight into the ideas of one of the most influential radical thinkers of our time **Bernie Bros Gone Woke** Marc James Léger,2022-03-28 In 2016 and 2020 the Bernie Sanders campaign gave American leftists a path towards social change through electoral politics In order to combat neoliberal and reactionary uses of identity the 2020 Sanders campaign combined a working class agenda of universalist policies with various forms of social movement activism In doing so it compromised on universalist principles and socialist radicalism in order to appeal to distinct demographic groups and win the election Bernie Bros Gone Woke reveals how intersectional politics contributed to the failure of the Sanders campaign a lesson that the organized left must learn if it is to challenge progressive neoliberalism and move beyond postmodern post politics Forthcoming Books Rose Army,1992-10 **Il coraggio della disperazione** Slavoj Žižek,2017-06-15T00:00:00+02:00 Questo il quadro generale il capitalismo globale giunto a un livello di sviluppo che fa disperare non solo per le condizioni in cui vive buona parte della popolazione mondiale ma anche per il vero e proprio vicolo cieco in cui ha costretto l'umanità Occidente incluso Tuttavia altrettanto senza speranza sembrano le strade di sinistra percorse da quei partiti movimenti e regimi che tentano di contrapporsi al capitale Ma davvero la disperazione riducibile allo sconsolante abbandono di ogni speranza E davvero serve la speranza per agire Non questa stessa disperazione un ottimo esercizio propulsivo per la lotta di classe Nel suo libro di analisi politica forse più coraggioso e radicale Slavoj i ek tratta i grandi temi di questi ultimi anni con il consueto punto di vista diagonale e turbinoso ma con un maggiore senso del tragico Dal terrorismo fondamentalista alle tensioni geopolitiche sullo scacchiere mondiale dai movimenti radicali di emancipazione in Grecia e in Spagna alle sfide poste dai rifugiati fino all'incognita rappresentata dalla presidenza Trump e alla possibilità di una nuova guerra mondiale le tensioni del nostro presente e le inquietudini del nostro futuro sono affrontate senza sconti perché al fondo della disperazione che si può trovare il coraggio della lotta **Ethics Under Capital** Jason Hannan,2019-11-14 We in the West are living in the midst of a deadly culture war Our rival worldviews clash with increasing violence in the public arena culminating in deadly riots and mass shootings A fragmented left now confronts a resurgent and reactionary right which threatens to reverse decades of social progress Commentators have declared that we live in a post truth world one dominated by online trolls and conspiracy theorists How did we arrive at this cultural crisis How do we respond This book speaks to this critical moment through a new reading of the thought of Alasdair MacIntyre Over thirty years ago MacIntyre predicted the coming of a new Dark Ages The premise of this book is that MacIntyre was right all along It presents his diagnosis of our cultural crisis It further presents his answer to the

challenge of public reasoning without foundations Pitting him against John Rawls Jürgen Habermas and Chantal Mouffe  
Ethics Under Capital argues that MacIntyre offers hope for a critical democratic politics in the face of the culture wars
