## **Berulle And The French School Selected Writings:**

*Bérulle and the French School* William M. Thompson, 1989 This work provides an introduction to the history and major themes of the 17th century French School of Spirituality and its contemporary relevance Included are works of Pierre de Berulle 1575 1629 Madeleine de Saint Joseph Jean Jacques Olier and John Eudes *Faith Formation and Popular Religion*

Anita De Luna, 2002 This book uses political religious and cultural history to examine catechesis Sister de Luna establishes that religiosidad popular the core theme for Hispanic theology is Christian and Catholic and traces its elements in Church catechisms of the sixteenth through the twentieth centuries She goes on to examine the relationship between theology of beauty catechesis and spirituality establishing that the three disciplines were integral to faith formation in the early church but were separated through the centuries An in depth analysis of six selected catechisms reveals that popular religion as a combination of faith and culture was evident at the beginning of Hispanic Catholicism in the sixteenth century The investigation notes the gradual elimination and eventual replacement of the cultural aspects in the catechetical texts in the nineteenth century The author concludes that the reunification of the cultural spiritual symbols with the presentation of doctrine could revitalize catechesis and bring Christian evangelization to a renewed effectiveness **Christian Wisdom**

**Meets Modernity** , 2016-05-05 The Illuminating Modernity series examines the great but lesser known thinkers in the Romantic Thomist tradition such as Erich Przywara and Fernand Ulrich and shows how outstanding 20th century theologians like Ratzinger and von Balthasar have depended on classical Thomist thought and how they radically reinterpreted this thought The chapters in this volume are dedicated to the encounter between the presuppositions and claims of modern intellectual culture and the Christian confession that the crucified and resurrected Jesus is the power and wisdom of God and is the lord of history and of his church The scholars contributing to this discussion do not assume that Christianity and modernity are two discrete entities which can be readily defined nor do they presume that Christian wisdom and modernity meet each other only in conflict or by coincidence They engage with a variety of great figures Kierkegaard Heidegger Rahner Przywara Guardini Karl Barth and Karol Wojtyla to illustrate the connection between modernism and Christian wisdom The volume concludes with a programmatic statement for the renewal of Christian philosophy that has been able to retain the cosmo theological vision as outlined by Mezei in the final chapter I Am With You Always Benedict C.F.R.

Groeschel, 2011-02-18 A Study of the History and Meaning of Personal Devotion to Jesus Christ for Catholic Orthodox and Protestant Christians The devotional life of Christians over the two millennia since Jesus birth has been one of motion changing and growing in response to the challenges presented to the Church the temperaments of newly baptized nations and controversies about how we can and should relate to God And yet the core of authentic Christian devotion has not changed it remains today as it was in the time of the Church Fathers the trusting and personal encounter with Christ that is both open and foundational to the life of all Christian believers In this book the well known spiritual writer and teacher Fr

Benedict Groeschel C F R surveys the development and trials of Christian devotion from the days of the martyrs until the twentieth century Tracking it through the centuries and among sadly divided branches of Christianity he finds a commonality of experience and even of language that is constantly ignored among Christians themselves By observing what image of Christ the canvas of common devotion portrays he hopes we will move not to discredit this image but to sharpen it and make it more consistent with the New Testament and the ancient Church Though the devotional life is sometimes brushed off as unimportant in comparison to a theological understanding of Christ Groeschel warns that such dismissal threatens to make distant unknown and obscure the Savior who said I am with you always The answer instead is to draw near to Jesus in devotion and with authentic expressions of that devotion which themselves help paint the image of Christ found concretely in revelation onto the minds and daily life of the devout Begun on a pilgrimage to the Holy Land and the result of years of preparation and a whole life of guiding people as priest public preacher psychologist and spiritual director this book will help Catholic Orthodox and Protestant believers gain not only a comprehensive view of how pious Christians over the centuries have lived out their devotion to God but the examples and perspective they need to live more devoutly today *Jesus Our Priest* Gerald O'Collins, Michael Keenan Jones, 2010-03-18 This present work examines what it means to call Christ our priest in the light of the Scriptures and the Christian tradition Beginning with a study of the biblical material the book then moves to the witness to Christ's priesthood from the Church through its history

Thompson, William Thompson-Uberuaga, 1996 A leading scholar of Christology shows why a theologian must be a master of Holy Writ and why a biblical scholar must be a theologian William M Thompson makes a convincing case for keeping theology and scriptural studies in fruitful combination and dialogue The Struggle for Theology's Soul is a rehabilitation of the way theologians and biblical scholars practiced their craft in the greater history of the Church but with a second naivete having attempted to pass through the challenges of contemporary thought It honors a certain kind of specialization of disciplines but also argues that it is healthy to have works which are more integrative as well Each style needs and corrects the other The book is somewhat contentious and definitely passionate Christology argues the author is at bottom a contest over Holy Writ and this contest constitutes theology's soul because Christ is theology's center Generalists and specialists alike will find much to ponder discuss and debate in The Struggle for Theology's Soul      Ephrem the Syrian Saint Ephraem (Syrus), 1989 The most in depth and scholarly panorama of Western spirituality ever attempted In one series the original writings of the universally acknowledged teachers of the Catholic Protestant Eastern Orthodox Jewish Islamic and Native American traditions have been critically selected translated and introduced by internationally recognized scholars and spiritual leaders The texts are first rate and the introductions are informative and reliable The books will be a welcome addition to the bookshelf of every literate religious persons The Christian Century Copyright Libri GmbH All rights reserved      **Israel and Humanity** Elia Benamozegh, 1995 The publication of the Classics of Western Spirituality TM represents a cultural event of the greatest importance It transcends all sectarian boundaries and brings to the spiritually sensitive reader the choicest creations of the human spirit when it is touched by the encounter with God Rabbi Ben Zion Bokser Elijah Benamozegh Israel and Humanity translated edited and with an introduction by Maxwell Luria preface and appendix on Kabbalah in Elijah Benamozegh's Thought by Moshe Idel For the Jews apart from the Kabbalah the single indivisible divine personality is always infinitely above the material creation The Gentiles however feel the need to humanize the gods to see an embodiment of the Divine even on the lower stages of the scale of being The Kabbalah allows us to see how these two impulses the latter embodied in the plural name of Divinity Elohim the first in the incommunicable name of the one God are joined in the religious synthesis of Hebraism Authentic Judaism is connected to a certain extent with the pagan mysteries The authentic Jewish tradition acknowledges both the immanence and the transcendence of God and thus links monotheism with the reasonable element in pantheism Belief in the unity of God as Israel preserves it therefore harmonizes the demands of science and the needs of
