*Mary Sia's Classic Chinese Cookbook* Mary Sia, 2012-12-31 Mary Sia's Chinese Cookbook has been a classic of Chinese cookery since it was first published in 1956. This fourth edition features all 300 of the original recipes ranging from simple everyday fare to more elaborate dishes for entertaining as well as essays by Mary Sia. An all new food glossary provides up to date names for ingredients along with advice on appropriate substitutions and sources for 21st century cooks. The work also includes an introduction by Rachel Laudan renowned food historian and author of *The Food of Paradise Exploring Hawaii's Culinary Heritage*. The YWCA where Mary Sia had taught for so many years named its kitchen after her. Her cookbooks sold steadily some twenty thousand copies having left the shelves by the 1980s and doubtless many more by now. Jacqueline Newman founder and editor of *Flavor and Fortune* a magazine dedicated to Chinese cooking who assembled the premier collection of English language Chinese cookbooks commented that Mary Sia's Chinese Cookbook remains one of the finest introductions to home style Cantonese cooking all these years after Mary Sia first created the recipes. Dr Newman commented to me She was years ahead of her time a better cook with a better set of taste buds than most folk I know as well as a better writer from the Introduction.

A New York Times Book Review Editors Choice. This delicious book is a must read for cooks and food lovers. Lizz Schumer People A spirited new history of Chinese food told through an account of the remarkable life of Fu Pei mei the woman who brought Chinese cooking to the world. In 1949 a young Chinese housewife arrived in Taiwan and transformed herself from a novice to a natural in the kitchen. She launched a career as a cookbook author and television cooking instructor that would last four decades. Years later in America flipping through her mother's copies of Fu Pei mei's Chinese cookbooks historian Michelle T. King discovered more than the recipes to meals of her childhood. She found in Fu's story and in her food a vivid portal to

another time when a generation of middle class female home cooks navigated the tremendous postwar transformations taking place across the world In Chop Fry Watch Learn King weaves together stories from her own family and contemporary oral history to present a remarkable argument for how understanding the story of Fu's life enables us to see Chinese food as both an inheritance of tradition and a truly modern creation influenced by the historical phenomena of the postwar era These include a dramatic increase in the number of women working outside the home a new proliferation of mass media the arrival of innovative kitchen tools and the shifting diplomatic fortunes of China and Taiwan King reveals how and why for audiences in Taiwan and around the world Fu became the ultimate culinary touchstone the figure against whom all other cooking authorities were measured And Fu's legacy continues Her cookbooks have become beloved emblems of cultural memory passed from parent to child wherever diasporic Chinese have landed Informed by the voices of fans across generations King illuminates the story of Chinese food from the inside at home around the family dinner table The result is a revelatory work a rich banquet of past and present tastes that will resonate deeply for all of us looking for our histories in the kitchen
