Handbook of Mental Health Assessment and Treatment in Jails Virginia Barber-Rioja,Alexandra Garcia-Mansilla,Bipin Subedi,Ashley Batastini,2023 The Handbook of Mental Health Assessment and Treatment in Jails draws upon existing research and the experiences of a range of correctional psychologists psychiatrists and researchers to provide guidance for working with people with mental health needs in jails The Handbook both advances knowledge in correctional mental health in the jail setting and serves as a call to action for researchers to continue developing a scientific base for jail correctional mental health

Handbook of Quantitative Methods for Detecting Cheating on Tests Gregory J. Cizek,James A. Wollack,2016-10-26 The rising reliance on testing in American education and for licensure and certification has been accompanied by an escalation in cheating on tests at all levels Edited by two of the foremost experts on the subject the Handbook of Quantitative Methods for Detecting Cheating on Tests offers a comprehensive compendium of increasingly sophisticated data forensics used to investigate whether or not cheating has occurred Written for practitioners testing professionals and scholars in testing measurement and assessment this volume builds on the claim that statistical evidence often requires less of an inferential leap to conclude that cheating has taken place than do other more common sources of evidence This handbook is organized into sections that roughly correspond to the kinds of threats to fair testing represented by different forms of cheating In Section I the editors outline the fundamentals and significance of cheating and they introduce the common datasets to which chapter authors cheating detection methods were applied Contributors describe in Section II methods for identifying cheating in terms of improbable similarity in test responses preknowledge and compromised test content and test tampering Chapters in Section III concentrate on policy and practical implications of using quantitative detection methods Synthesis across methodological chapters as well as an overall summary conclusions and next steps for the field are the key aspects of the final section

Anti-Oppressive Social Work Practice and the Carceral State Patricia O'Brien,Judith S. Willison,2022 Anti Oppressive Social Work Practice

and the Carceral State plots a transformative path by using an anti oppressive and transformative approach to critically examine strategies to shift punishment centered practices to build collaborative partnerships and possibilities toward decarceration and individual and community power [Routledge Handbook on Offenders with Special Needs](#) Kimberly D. Dodson,2018-05-11 Current estimates indicate that approximately 2 2 million people are incarcerated in federal state and local correctional facilities across the United States There are another 5 million under community correctional supervision Many of these individuals fall into the classification of special needs or special populations e g women juveniles substance abusers mentally ill aging chronically or terminally ill offenders Medical care and treatment costs represent the largest portion of correctional budgets and estimates suggest that these costs will continue to rise In the community probation and parole officers are responsible for helping special needs offenders find appropriate treatment resources Therefore it is important to understand the needs of these special populations and how to effectively care for and address their individual concerns The Routledge Handbook of Offenders with Special Needs is an in depth examination of offenders with special needs such as those who are learning challenged developmentally disabled and mentally ill as well as substance abusers sex offenders women juveniles and chronically and terminally ill offenders Areas that previously have been unexamined or examined in a limited way are explored For example this text carefully examines the treatment of gay lesbian bisexual and transgender offenders and racial and gender disparities in health care delivery as well as pregnancy and parenthood behind bars homelessness and the incarceration of veterans and immigrants In addition the book presents legal and management issues related to the treatment and rehabilitation of special populations in prisons jails and the community including police citizen interactions diversion through specialty courts obstacles and challenges related to reentry and reintegration and the need for the development and implementation of evidence based criminal justice policies and practices This is a key collection for students taking courses in prisons penology criminal justice criminology and related areas of study and an essential resource for academics and practitioners working with offenders with special needs [\*\*Corrections\*\*](#) Mary K.
