Crossing Borders in Community Interpreting

Carmen Valero Garcés,Anne Martin,2008 At conferences and in the literature on community interpreting there is one burning issue that reappears constantly the interpreter s role What are the norms by which the facilitators of communication shape their role Is there indeed only one role for the community interpreter or are there several Is community interpreting aimed at facilitating communication empowering individuals by giving them a voice or in wider terms at redressing the power balance in society In this volume scholars and practitioners from different countries address these questions offering a representative sample of ongoing research into community interpreting in the Western world of interest to all who have a stake in this form of interpreting The opening chapter establishes the wider contextual and theoretical framework for the debate It is followed by a section dealing with codes and standards and then moves on to explore the interpreter s role in various different settings courts and police healthcare schools occupational settings and social services
