Alaska Native Cultures And Issues Responses To Frequently Asked Questions:

Alaska Native Cultures and Issues Libby Roderick, 2010-07-15 Making up more than ten percent of Alaska's population Native Alaskans are the state's largest minority group. Yet most non-Native Alaskans know surprisingly little about the histories and cultures of their indigenous neighbors or about the important issues they face. This concise book compiles frequently asked questions and provides informative and accessible responses that shed light on some common misconceptions. With responses composed by scholars within the represented communities and reviewed by a panel of experts, this easy-to-read compendium aims to facilitate a deeper exploration and richer discussion of the complex and compelling issues that are part of Alaska Native life today.

The Extraordinary Book of Native American Lists Arlene Hirschfelder, Paulette F. Molin, 2012-03-22 While Native Americans are perhaps the most studied people in our society, they too often remain the least understood and visible. Fictions and stereotypes predominate, obscuring substantive and fascinating facts about Native societies. The Extraordinary Book of Native American Lists works to remedy this problem by compiling fun, unique, and significant facts about Native groups into one volume, complete with references to additional online and print resources. In this volume, readers can learn about Native figures from a diverse range of cultures and professions, including award-winning athletes, authors, filmmakers, musicians, and environmentalists. Readers are introduced to Native U.S. senators, Medal of Freedom winners, Medal of Honor recipients, Major League baseball players, and U.S. Olympians, as well as a U.S. vice president, a NASA astronaut, a National Book Award recipient, and a Pulitzer Prize winner. Other categories found in this book are History, Stereotypes and Myths, Tribal Government, Federal Tribal Relations, State Tribal Relations, Native Lands and Environmental Issues, Health, Religion, Economic Development, Military Service and War, Education, Native Languages, Science and Technology, Food, Visual Arts, Literary and Performing Arts, Film, Music, and Dance, Print, Radio, and Television, Sports and Games, Exhibitions, Pageants, and Shows. Alaska Natives, Native Hawaiians, and Urban Indians. Including further fascinating facts, this wonderful resource will be a great addition not only to tribal libraries but to public and academic libraries, individuals, and scholars as well.

[Cultural Sensitivity and Responsiveness in Neurorehabilitation](#) Gloriajean L. Wallace, 2024-12-02 Cultural Sensitivity and Responsiveness in Neurorehabilitation: A Personalized Approach for Speech Language Pathologists is a groundbreaking and transformative resource for designing quality and equitable neurorehabilitation care for individuals from diverse communities. Material coverage is comprehensive, and chapters are user friendly for speech language pathologists, SLPs, and SLP students alike. Case presentations are provided to demonstrate best practices. As our world becomes increasingly more diverse, it is imperative for SLPs to be knowledgeable about and experienced with foundational information relating to diversity, equity, inclusion, implicit bias, intersectionality, and SLP best practices for cases from culturally and linguistically diverse communities. The text culminates with an insightful epilogue featuring people from diverse communities from around the world who have neurogenic communication cognitive and

swallowing disorders and who share information about what they would like neurorehabilitation specialists to know The book is organized into seven sections Part I Introduction to Personalized Care sets the stage by introducing the concept of multicultural neurogenics and personalized care Chapters delve into topics like implicit bias interprofessional collaboration and the tools clinicians need for effective case management when working with diverse populations Part II Building a Foundation for Neurorehabilitation in a Multicultural World Personalization Personified provides practical guidance for SLPs It covers the preparation for case contact working with interpreters and translators and the assessment and management of speech language cognitive and swallowing issues in culturally and linguistically diverse populations Part III Specialty Neurogenics Chapters offers in depth knowledge on various neurogenic conditions such as aphasia traumatic brain injury right hemisphere brain damage the dementias dysarthrias and dysphagia within a cultural context Part IV A Sampling of Information About U S Census Bureau Racial Ethnic Groups delves into the unique cultural and communication factors related to various racial and ethnic groups in the United States including Blacks Hispanics Chinese and Asian Americans American Indians and Alaska Natives and White Americans Part V Intersectionality examines the intersection of factors that create unique challenges in care including ethical perspectives for serving LGBTQIA individuals trauma informed care for marginalized populations and the cultural aspects of care for the Deaf community Part VI Contributions from Educators and a Look at Neurorehabilitation Care Trends within the U S provides insights from academics on diversity equity and inclusion in education designing courses that promote DEI and current trends in SLP neurorehabilitation Part VII presents real world cases with accompanying videos illustrating best practices in SLP neurorehabilitation care for diverse communities These cases cover a wide range of scenarios from collaboration between medical SLPs and interpreters to culturally adapted therapy for older adults and complex management considerations for stroke survivors from the Deaf community This section ends with a chapter by visionaries from Asia Africa Europe Oceania South America and North America sharing their insights on bridging the international diversity sensitivity and responsiveness gap emphasizing the importance of cultural competence in a global context Key Features Comprised of 40 chapters by 80 renowned authors and over 100 total contributors from diverse communities including experienced SLP clinicians academicians and researchers diversity equity and inclusion DEI specialists and professionals from the areas of audiology medicine psychology and education Includes real world case studies including accompanying videos to illustrate best practices in SLP neurorehabilitation care for people from diverse communities Discusses diversity matters for people with major neurologically based communication cognitive and swallowing disorders and by race ethnicity and culture with attention to intersectionality Features content designed specifically for this book including considerations for individuals with neurogenic disorders who are from the Deaf community trauma informed care for the unsheltered and people who have experienced interpartner violence as well as intersectionality issues Incorporates perspectives about the value of non traditional approaches to supplement SLP treatment health literacy and
