Alberta Security Training Program Manual:

Handbook of Hospital Security and Safety James T. Turner, 1988 *Encyclopedia of Security Management* John Fay, 2007-05-02 The Encyclopedia of Security Management is a valuable guide for all security professionals and an essential resource for those who need a reference work to support their continuing education. In keeping with the excellent standard set by the First Edition the Second Edition is completely updated. The Second Edition also emphasizes topics not covered in the First Edition particularly those relating to homeland security terrorism threats to national infrastructures e.g. transportation, energy and agriculture risk assessment, disaster mitigation and remediation and weapons of mass destruction, chemical, biological, radiological, nuclear and explosives. Fay also maintains a strong focus on security measures required at special sites such as electric power, nuclear, gas and chemical plants, petroleum production and refining facilities, oil and gas pipelines, water treatment and distribution systems, bulk storage facilities, entertainment venues, apartment complexes and hotels, schools, hospitals, government buildings and financial centers. The articles included in this edition also address protection of air, marine, rail, trucking and metropolitan transit systems. Completely updated to include new information concerning homeland security and disaster management. Convenient new organization groups related articles for ease of use. Brings together the work of more than sixty of the world's top security experts. *The Professional Protection Officer* IFPO, 2010-03-09 The Professional Protection Officer Security Strategies, Tactics and Trends Second Edition is the definitive reference and instructional text for career oriented security officers in both the private and public sectors. The first edition originated with the birth of the International Foundation for Protection Officers (IFPO) in 1988 which has been using the book as the official text since that time. Each subsequent edition has brought new and enlightened information to the protection professional. The material in this new edition includes all of the subjects essential to training of protection professionals and has been updated to reflect new strategies, tactics and trends in this dynamic field. Written by leading security educators, trainers and consultants this valuable resource has served as the definitive text for both students and professionals worldwide. This new edition adds critical updates and fresh pedagogy as well as new diagrams, illustrations and self-assessments. The Professional Protection Officer Security Strategies, Tactics and Trends is tailored to the training and certification needs of today's protection professionals and proves to be the most exciting and progressive edition yet. Information included is designed to reflect the latest trends in the industry and to support and reinforce continued professional development. Concludes chapters with an Emerging Trends feature laying the groundwork for the future growth of this increasingly vital profession. Written by a cross disciplinary contributor team consisting of top experts in their respective fields. *Subject Catalog of the Institute of Governmental Studies Library, University of California, Berkeley* University of California, Berkeley.
