American Sniper Plot:

The Films of Clint Eastwood Matt Wanat, Leonard Engel, 2018-05-15 The indefatigable Clint Eastwood the great old man of American film is still controversial after all these years Many of the critical essays in this collection focus on Eastwood's 2014 American Sniper a particularly controversial film and a devastating personal account of the horrors of war Additional essays within the collection address his films that deserve more recognition than they have received to date The chapters vary by topic and identify themes ranging from aging race and gender to uses of Western conventions and myth to the subtleties of quieter themes and stylistic choices in Eastwood's body of cinematic work As a collection these essays show that none of these themes account for Eastwood's entire vision which is multifaceted and often contradictory dramatizing complex issues in powerful character driven narratives

Combat Death in Contemporary American Culture Agnieszka Soltysik Monnet, 2020-12-16 Combat Death in Contemporary American Culture Popular Cultural Conceptions of War since World War II explores how war has been portrayed in the United States since World War II with a particular focus on an emotionally charged but rarely scrutinized topic combat death Agnieszka Soltysik Monnet argues that most stories about war use three main building blocks melodrama adventure and horror Monnet examines how melodrama and adventure have helped make war seem acceptable to the American public by portraying combat death as a meaningful sacrifice and by making military killing look necessary and often even pleasurable Horror no longer serves its traditional purpose of making the bloody realities of war repulsive but has instead been repurposed in recent years to intensify the positivity of melodrama and adventure Thus this book offers a fascinating diagnosis of how war stories perform ideological and emotional work and why they have such a powerful grip on the American imagination
