Blondie Parallel Lines:

Blondie's Parallel Lines Kembrew McLeod, 2016-03-24 Blondie's *Parallel Lines* mixed punk disco and radio friendly FM rock with nostalgic influences from 1960s pop and girl group hits. This 1978 album kept one foot planted firmly in the past while remaining quite forward looking an impulse that can be heard in its electronic dance music hit *Heart of Glass*. Bubblegum music maven Mike Chapman produced *Parallel Lines* which was the first massive hit by a group from the CBGB punk underworld. By embracing the diversity of New York City's varied music scenes Blondie embodied many of the tensions that played out at the time between fans of disco punk pop and mainstream rock. Debbie Harry's campy glamor and sassy snarl shook up the rock n roll boy's club during a growing backlash against the women's and gay liberation movements which helped fuel the disco sucks battle cry in the late 1970s. Despite disco's roots in a queer black and Latino underground scene that began in downtown New York punk is usually celebrated by critics and scholars as the quintessential subculture. This book challenges the conventional wisdom that dismissed disco as fluffy prefab schlock while also recuperating punk's unhip pop influences revealing how these two genres were more closely connected than most people assume. Even Blondie's album title *Parallel Lines* evokes the parallel development of punk and disco along with their eventual crossover into the mainstream.

The Mojo Collection Jim Irvin, 2009-06-04 Organised chronologically and spanning seven decades The MOJO Collection presents an authoritative and engaging guide to the history of the pop album via hundreds of long playing masterpieces from the much loved to the little known. From The Beatles to The Verve from Duke Ellington to King Tubby and from Peggy Lee to Sly Stone hundreds of albums are covered in detail with chart histories full track and personnel listings and further listening suggestions. There's also exhaustive coverage of the soundtrack and hit collections that every home should have. Like all collections there are records you listen to constantly albums you've forgotten albums you hardly play albums you love guiltily and albums you thought you were alone in treasuring proving The MOJO Collection to be an essential purchase for those who love and live music.

30-Second Rock Music Mike Evans, 2018-10-04 *30 Second Rock Music* starts with 1950s rock n roll and its roots and explores blues and folk progressive and heavy metal punk indie and alt rock profiling extraordinary bands and musicians along the way. Featuring groups as diverse as Wilco The Killers Fleetwood Mac Stevie Wonder and The White Stripes this book promises rock fans the world tour of a lifetime from Detroit to Tokyo and everywhere in between.

Capsule Overviews of Favorite Albums Martin Winfree, 2025-02-12 The hundreds of albums that I salvaged from Hurricane Katrina are gradually being passed along to a friend and the paragraphs that I gave him along with the first 399 LPs provide the genesis for *Capsule Overviews of Favorite Albums*. I have written the stories behind the albums and the recording artists along with commentary on particular songs and other works by the same recording artists. My goal is to flesh out information on the greatest music ever recorded particularly for younger people who didn't grow up with these records. While not comprehensive the sections in the book give a good overview of the rock music scene over the past half

century or so along with musicians in other genres that appeal to me **Blondie: Parallel Lives** Dick Porter, Kris Needs, 2017-02-13 Parallel Lives is the definitive biography of Blondie the iconic New York band led by singer Debbie Harry and guitarist Chris Stein One of the most iconic groups of their generation Blondie experienced an unparalleled rise to global superstardom during the late 1970s topping charts and breaking moulds This Omnibus Enhanced edition includes a Digital Timeline of Blondie s career packed with audio video and images of tour nights memorabilia music videos and interviews Additionally throughout the book are links to curated playlists allowing you to hear Blondie s finest gems their early influences and more Beginning with their childhoods backgrounds and influences Parallel Lives charts the development of Blondie towards their global success and fractured break up followed by their 1997 reformation critical renaissance and controversial induction into the Rock n Roll Hall of Fame Drawing upon extensive and revealing interviews with Debbie Harry Chris Stein and other significant players the Omnibus Enhanced Blondie Parallel Lives is the definitive eye witness account of the group s long and tumultuous existence Co author Kris Needs had established a friendship with Harry Stein and the rest of the band that endures to this day Now as a trusted confidante he finally reveals the full story [Listen to This If You Love Great Music](#) Robin Murray, 2021-04-06 Listen To This If You Love Great Music is a must read for anyone with even a passing interest in music Featuring 100 of the best albums from the last four decades clashmusic com editor Robin Murray shares his passion for exceptional music and offers insightful takes on what elevates these records above the competition Robin steers clear of the usual classics The Beatles and The Clash for example and instead goes deep into his record collection to pull out the albums he considers the greatest ever For each a solid case is made for why it represents a watershed moment in music history outlining the story behind the record and critiquing what constitutes a classic Uniquely curated to offer a fresh perspective on the last 40 plus years of music find politically charged rock brushing shoulders with dub infused electronica progressive pop and dreamy shoegaze shaken awake by ear drum rattling grime and house music Whether it s bass heavy hip hop from Nas that inspired a thousand MCs to pick up a mic or experimental indie dance from LCD Soundsystem that blurred genres and tempted musicians to trade in their guitars for synthesizers this is an essential rundown of the albums that really matter You need to play them loud *Goldmine Record Album Price Guide* Dave Thompson, 2019-04-02 Just like you Goldmine is passionate about vinyl It rocks our world So trust us when we say that the Goldmine Record Album Price Guide is a vinyl collector s best friend Inside these pages you ll find the latest pricing and identification information for rock pop alternative jazz and country albums valued at 10 or more And that s just for starters Goldmine Record Album Price Guide features Updated prices for more than 100 000 American vinyl LPs released since 1948 A detailed explanation of the Goldmine Grading Guide the industry standard Tips to help you accurately grade and value your records including promo pressings An easy to use well organized format Whether you re new to the scene or a veteran collector Goldmine Record Album Price Guide is here to help **Rockrgirl** ,2002 **All Music Guide to Rock** Vladimir
