Hidden Key To Harry Potter:

[The Hidden Key to Harry Potter](#) John Granger, 2002 The Hidden Key to Harry Potter is the first book to take Harry Potter seriously as literature. Low read critics have panned the bestselling novels as the literary equivalent of fast food and as a gateway to the occult. But no one has explained the worldwide popularity of Ms. Rowling's fiction or read it as one would read Tolkien, Hemingway or Shakespeare. The Hidden Key takes the high road to understanding Harry Potter's success through an exploration of the series' structure, themes and symbolism. The astonishing conclusion of this investigation is that Ms. Rowling, demonized by some Christian critics because of its magical setting of her books, is ironically writing the most charming and challenging Christian fiction for children since Lewis' *Chronicles of Narnia*.

[Harry Potter Collector's Handbook](#) William Silvester, 2010-08-19 Action Figures Books Ornaments Costumes Calendars Art Coins Dolls Jewelry Lunch Boxes Toys Movies Harry Potter Casts His Spell on Collectors. Welcome Muggles to the magic mystery and merchandise of the wonderful wizarding world of Harry Potter. Harry Potter Collector's Handbook will bewitch you with colorful images and current values of licensed products based on the famous boy wizard and his charming chums and nefarious foes. Just for you we've conjured 1 000 spellbinding listings, pictures and secondary market values. Information arranged magically in alphabetical order to make it easy to find what you're looking for. A diverse array of collectibles from rare first editions of books worth thousands of dollars to items worth slightly fewer galleons. If you're mesmerized by Pottermania, you'll never want to depart the enchanting world of witchcraft and wizardry presented in Harry Potter Collector's Handbook.

[The Wisdom of Harry Potter](#) Edmund M. Kern, 2010-09-09 The author outlines the central morals of each book, explains the Stoic principles found in the stories, considers the common critiques of the books, discusses Rowling's skillful blend of history, legend and myth, and provides important questions for guiding children through Harry's adventures.

From Here to Hogwarts Christopher E. Bell, 2015-11-27 The social relations, societal structures and existential conundrums in the world of Harry Potter novels reflect our own. When the authoritarianism of Hogwarts falls upon Harry, it is an echo of disciplinary practices in real world high schools. The economic inequities of the wizarding world mirror those of modern societies. The art, literature and mass media of the wizarding society reveal our deep rooted fears. Harry's world is our world. This collection presents new essays by contributors across a range of disciplines, bringing fresh perspectives on one of the most influential texts in modern history.

From Harry Potter to the Wizarding World Cassie Brummitt, 2025-09-30 The Harry Potter franchise is not confined to just the page or the screen but has been and continues to be reimagined and reconfigured through a number of extratextual products, texts and experiences which surround and rework the Harry Potter texts. This book centres around the 2010s or the post-Potter era, a period of unprecedented growth and reinvention for the franchise. Many of the franchising developments produced during this time operated according to distinct strategies to consolidate the legacy of the Harry Potter series or to extend the fictional universe into new settings, media and cultural forms. This book explores six such developments.

J K

Rowling's authorship the website Pottermore the Wizarding World of Harry Potter theme parks the Warner Bros Studio Tour in Watford the Fantastic Beasts films and the stageplay Harry Potter and the Cursed Child to shine a spotlight on a franchise in flux

The Politics of Harry Potter B. Barratt, 2012-11-09 This political analysis of Harry Potter uses the beloved wizarding world to introduce readers to the equally murky and intimidating world of politics. Rowling's work provides us with entries into all of the most important political questions in history from terrorism and human rights to the classic foundations of political thought

Cultural Politics in Harry Potter Rubén Jarazo-Álvarez, Pilar Alderete-Díez, 2019-08-29 Cultural Politics in Harry Potter Life Death and the Politics of Fear is the first book length analysis of topics such as death, fear and biopolitics in J.K. Rowling's work from controversial and interdisciplinary perspectives. This collection brings together recent theoretical and applied cultural studies and focuses on three key areas of inquiry: 1. wizarding biopolitics and intersected discourses; 2. anxiety, death, resilience and trauma; and 3. the politics of fear and postmodern transformations. As such, this book provides a comprehensive overview of national and gender discourses as well as the transiting bodies in between in relation to the Harry Potter books series and related multimedia franchise. It situates the transformative power of death within the fandom transmedia and film depictions of the Potterverse and critically deconstructs the processes of subjectivation and legitimization of death and fear. It examines the strategies and mechanisms through which cultural and political processes are managed as well as reminding us how fiction and reality intersect at junctions such as terrorism, homonationalism, materialism, capitalism, posthumanism and technology. Exploring precisely what is cultural about wizarding politics and what is political about culture, this book is key reading for students of contemporary literature, media and culture as well as anyone with an interest in the fictional universe and wizarding world of Harry Potter.
