

Act 1: The Beginning of the End: Character Introduction

1000

100

As noted by anthropologist Robert Leach, it is dangerous that the study of national character may lead to over-generalizations. As we try to get inside a national head, we must realize, Leach has written, and I agree, that given the character a nation has it says little else, "to understand the nation they made. They are human, above all, human beings, and particularly those that suffer, and all their real history becomes theirs."

Many scholars continue to debate the degree to which the United States is a "superpower." For example, "America is a super-power because it has the capacity to influence the world's political, economic, and cultural affairs" (Barnett, 2002, p. 100). Others argue that the United States is no longer a superpower because it has lost its ability to influence the world's political, economic, and cultural affairs (Barnett, 2002, p. 100). The debate continues, but one thing is clear: the United States is a superpower, and its influence on the world is significant.

49 the character is "XXXXXXXXXXXX"
50 the character is "XXXXXXXXXXXX"
51 what character is "XXXXXXXXXXXXXXXXXXXXXXXXXXXX" after 16 or 32 generations?
52 why? Shouldn't we condition for generations from which the data comes?
