## **Between Two Unions Europeanisation And Scottish Devolution The Devolution Series:**

**Between two unions** Paolo Dardanelli,2013-07-19 This book is the first in depth comparative study of Scottish devolution and the first to analyse the impact of the European dimension With focus on the periods leading up to the referendums in 1979 and 1997 it investigates positions and strategies of political parties and interest groups and how these influenced constitutional preferences at mass level and ultimately the referendum results Based on rigorous analysis of an extensive body of quantitative and qualitative sources it builds a ground breaking argument that challenges the widespread thesis that support for devolution was a consequence of Conservative rule between 1979 and 1997 It shows that the decisive factors were changing attitudes to independence and the role of the European dimension in shaping them The book is essential reading for students and scholars of British European and comparative politics from 3rd year courses upwards and will also appeal to lay readers interested in contemporary affairs

### **The European Union and the Rise of Regionalist Parties**

Seth Kincaid Jolly,2015-08-27 Rather than weakening the forces of nationalism among member states the expanding power of the European Union actually fosters conditions favorable to regionalist movements within traditional nation states Using a cross national quantitative study of the advent of regionalist political parties and their success in national parliamentary

elections since the 1960s along with a detailed case study of the fortunes of the pro independence Scottish National Party Seth K Jolly demonstrates that supranational integration and subnational fragmentation are not merely coincidental but related in a theoretical and predictable way At the core of his argument Jolly posits the Viability Theory the theory that the EU makes smaller states more viable and more politically attractive by diminishing the relative economic and political advantages of larger sized states European integration allows regionalist groups to make credible claims that they do not need the state to survive because their regions are part of the EU which provides access to markets financial institutions foreign policy and other benefits Ultimately Jolly emphasizes scholars and policy makers must recognize that the benefits of European integration come with the challenge of increased regionalist mobilization that has the potential to reshape the national boundaries of Europe *Diverse Voices in Public Law* Se-shauna Wheatle,Elizabeth O'Loughlin,2023-06-27 Taking a unique and critical approach to the study of Public Law this book explores the main topics in UK Public Law from a range of underexplored perspectives and amplifies the voices of scholars who are underrepresented in the field As such it represents a much needed complement to traditional textbooks in Public Law Including insights from a diverse list of contributors the book Enriches students understanding of the dynamics that emerge within public law Highlights the impact of historical and societal inequities on public law norms Demonstrates the ways in which those norms may impact minorities and perpetuate inequalities With most chapters written by underrepresented or minoritised persons in the field this text offers students a critical rich and insightful approach to public law **The British National Bibliography** Arthur James Wells,2006

**Globalization and Regionalization as Concurrent Phenomena in the European Governance Structure** Kaisa Lähteenmäki-Smith,Kaisa Lähteenmäki,1999 *Being Scottish* Thomas Martin Devine,Paddy Logue,2002 100 short essays offer an opportunity to penetrate behind the statistical surveys and explore the rich complexity of changing identity from a varied range of opinion **Europäisierung und nationale Staatsorganisation** Florian Grotz,2007 Das Buch untersucht den Einfluss der europäischen Integration auf die nationalstaatliche Kompetenzordnung im historischen wie internationalen Vergleich Die institutionenpolitische Analyse stellt nicht nur die Vielfalt unterschiedlicher Europäisierungsformen sondern auch systematische Differenzen zwischen federalen und unitarischen EU Staaten heraus *British Humanities Index* ,2005

**Index to Theses with Abstracts Accepted for Higher Degrees by the Universities of Great Britain and Ireland and the Council for National Academic Awards** ,2008 *Regional Institutions and Governance in the European Union* José María Magone,2003-08-30 Highlights some of the problems involved in the integration of regional national and supranational levels of governance in the European Union **The Future of Scottish Devolution Within the Union** Scotland. Parliament. Commission on Scottish Devolution,2008 **The Future of Scottish Devolution Within the Union** Scotland. Parliament. Commission on Scottish Devolution,2008 **Scottish devolution, the United Kingdom and the European Union** Heiko Hillebrand,2000 *Unfinished Business* Henry McLeish,James Mitchell,2025-08-30 We want to

move beyond politics in which each party seeks to outmanoeuvre others and score a decisive victory This leads to political stalemate We want to reflect on the successes and failures of devolution and offer a series of proposals for reform that could be embraced by a broad swathe of opinion What were the hopes and aspirations of devolution To what extent has devolution been successful What are the challenges and opportunities ahead How can we meet the challenges and best take advantage of opportunities Where is Scotland heading on its unfinished journey How will changes in the rest of the UK impact on this journey In 1999 legislation was passed to create the Scottish Parliament and the Consultative Steering Group CSG issued its report on the Scottish Parliament's guiding principles Four key principles were set out in the CSG report reflecting the hopes and aspirations of campaigners for a Scottish Parliament sharing power between the people legislators and government greater accountability from government to Parliament to the people facilitating accessibility openness and responsiveness and promoting equality These principles remain as relevant today as they were at the Parliament's establishment though much has changed in the intervening quarter century In this book former First Minister Henry McLeish Minister responsible for devolution and chair of the CSG and Professor James Mitchell of Edinburgh University consider the journey Scotland has been on the challenges obstacles and opportunities in seeking to achieve these hopes and expectations *Has Devolution Delivered?* Catherine Bromley, 2006-07-04 One of the key aims of devolution in Scotland was to change the way people felt about their country and the way they were governed This book draws on a unique range of Scottish Election Studies and Scottish Social Attitudes surveys to explore the early success or otherwise of devolution in meeting this objective It asks how the Scottish public has reacted to the initial experience of devolution and the lessons this experience might have for the future of devolution
