A Psychoanalysis For Our Time:

A Psychoanalysis for Our Time Jeffrey Rubin, 1998-11 As a psychoanalyst and psychotherapist Rubin argues that psychoanalysis is in need of revision in order to remain relevant today because its interest in both decoding and concealing the truth is simultaneously its strength and weakness Rubin attempts a middle course between blind acceptance and premature dismissal Although parts one and two focus on the history institutions and theory of psychoanalysis the remainder constitutes a non traditional and self consciously experimental approach wherein the author reflects on his own work his theoretical omissions and the unsolved problems in his discourse Annotation copyrighted by Book News Inc Portland OR

Marx for Our Times Daniel Bensaïd, 2020-05-05 The end of Soviet Socialism signalled to some observers that the ghost of Marx had finally been laid to rest But history's refusal to grind to a halt and the global credit crisis that began in 2008 have rekindled interest in capitalism's most persistent critic Written during the mid nineties a period of Western complacency and neo liberal reaction Marx for Our Times is a critical reading of dialectical materialism as a method of resistance Without denying the contradictory character of Marx's thought and with a sensitivity to the plurality of theories it has inspired Daniel Bensaïd sets out to discover what in Marx remains dynamic and relevant in our era of accelerating economic change Marx's theory emerges not as a doctrinal system but as an intellectual tool of social struggle and global transformation in a world where capital continues to dominate social relations **Passions of Our Time** Julia

of Our Times Harry Wellington Laidler, Norman Thomas, 1929 *Freud, the Contemporary Super-ego, and Western Morality* Giosuè Ghisalberti, 2023-10-09 Freud the Contemporary Super ego and Western Morality traces the origins of the relationship between the morality of the super ego and the destructive impulse of the death drive in the liberal democracies of the 21st century Giosuè Ghisalberti begins by refuting the analysis by contemporary social theorists of the phenomenon described as the return of the religious presenting instead a comprehensive set of ideas as outlined by Freud in the writings

of the 1920s and the analysis of a contemporary theological political unconscious Ghisalberti argues that the psyche of the liberal West has regressed to an infantile and primitive present driven by an unconscious hostility towards the Oedipus complex and more comprehensively to Western civilization as a whole The book re examines Freud s psychoanalytic ideas on the nature of obsessions interpreted first from the murder of the primal father in Totem and Taboo and turns to his grounding ideals of intelligence creativity and freedom as the affirmation of the coming to be human in modernity Freud the Contemporary Super ego and Western Morality will be of great interest to psychoanalysts in practice and in training It will also be key reading for academics and scholars of psychoanalytic studies philosophy political theory and the humanities
