**The Russo-Japanese War 1904-05** Alexei Ivanov, Philip Jowett, 2012-07-20 The Russo Japanese War in Manchuria was the first 20th century conflict fought between the regular armies of major powers employing the most modern means machine guns trench warfare minefields and telephone communications The battle of Mukden in March 1905 was the largest clash of armies in world history up to that date Events were followed by many foreign observers but the events of 1914 in Western Europe suggest that not all of them drew the correct conclusions For the first time in the West the armies of this distant but important war are described and illustrated in detail with rare photos and the superbly atmospheric paintings of Russia's leading military illustrator

**The Russo-Japanese War in Global Perspective** John Steinberg, 2006-12-01 Like Volume one Volume two of The Russo Japanese War in Global Perspective examines the Russo Japanese War in its military diplomatic social political and cultural context In this volume East Asian contributors focus on the Asian side of the war to flesh out the assertion that the Russo Japanese War was in fact World War Zero the first global conflict of the 20th century The contributors demonstrate that the Russo Japanese War largely forgotten in the aftermath of World War I actually was a precursor to the catastrophe that engulfed the world less than a decade after the signing of the Treaty of Portsmouth This study also helps us better understand Japan as it emerged at the beginning of its fateful 20th century
