Historical Consciousness Anna Clark,Carla L. Peck,2018-12-17 The last several decades have witnessed an explosion of
 new empirical research into representations of the past and the conditions of their production prompting claims that we have
 entered a new era in which the past has become more present than ever before Contemplating Historical Consciousness
 brings together leading historians ethnographers and other scholars who give illuminating reflections on the aims methods
 and conceptualization of their own research as well as the successes and failures they have encountered This rich collective
 account provides valuable perspectives for current scholars while charting new avenues for future research **U.S. Army**

Mysteries Herbert B. Stollorz,2008-07-03 Ancient calendars found around the world are designed to end one point in time
 They communicate an urgent warning to everyone alive today Complex bronze and gold clocks with multiple dials are found
 in museums around the world Why they have such advanced intricacy has stumped scientists for hundreds of years This book
 reveals why the ancients built so many pyramids observatories as well as those complex gold and bronze clocks with more
 than one dial It surprised me greatly to discover that their various complex designs in one way or another converge on 21
 December 2012 It amazes me that ancient cultures separated by thousands of miles of geography and thousands of years in
 chronology agree so precisely in the cyclical nature of time history and prophecy which is history written in advance The
 most famous example is the Mayan Aztec calendar which ends its 25 626 year cycle on that momentous date Some
 researchers have also found 21 December 2012 in what is called the Bible Code Using very different research methods I
 discovered it in the Bible s book of Revelation and Daniel s prophecies It is one of the most important dates in the plan of God
 for all humanity **Gun Country** Andrew C. McKeivitt,2023-09-18 Just as World War II transformed the United States into a
 global military and economic superpower so too did it forge the gun country America is today After 1945 war ravaged
 European nations possessed large surpluses of mass produced weapons and American entrepreneurs seized the opportunity
 to buy used munitions for pennies on the dollar and resell them stateside A booming consumer market made cheap guns

accessible to millions of Americans and rates of gun ownership and violence began to climb Andrew C McKeivitt tells the history of this gun boom through the dynamics of consumer capitalism and Cold War ideology the combination of which resulted in a vast number of Americans arming themselves to the teeth and centering their political identity on their guns When gun control legislation emerged in the 1960s many Americans accustomed to the unregulated postwar bounty of cheap guns and fearful of Soviet invasion domestic subversion and urban uprisings fiercely challenged it Meanwhile gun control groups were diverted from their abolitionist roots toward a conciliatory fundraising focused strategy that struggled to limit the stockpiling of firearms Gun Country recasts the story of guns in postwar America as one of Cold War and racial anxieties unfettered capitalism and exceptional violence that continues to haunt us to this day **AP U. S. History 2005** Kaplan,Kaplan Publishing Staff,2004-12-21 Everything you need to score higher on the AP U S History exam Guaranteed Kaplan s comprehensive guide includes 2 full length practice tests Detailed answer explanations Hundreds of practice questions covering all tested material from the Colonial Era to the Modern Era The most up to date information on the test Review of important events concepts and people Powerful strategies to help you score higher Helpful index and chapter highlights at the beginning of each chapter to help you find what you need to know quickly
