Apocalyptic Time

Apocalyptic Time Albert I. Baumgartner, 2018-11-13 Millennial movements are characterized by their nature and perception of time and the ways in which these groups confront inevitable disappointment and then return to normal time. This is the theme for the book *Apocalyptic Time*. The volume consists of revised essays based on presentations made at an international conference devoted to that theme. Authors adopt a number of disciplinary approaches to the topic analyzing millennial movements from the three Abrahamic faiths as well as from the East. This book will be of particular interest to students of millennial movements who wish to benefit from the comprehensive and comparative view it gives of the phenomenon based on a wide variety of cases. This work greatly contributes to the theory of millennialism by supplying specific data and theoretical reflection.

Ethics for Apocalyptic Times

Ethics for Apocalyptic Times Daniel Shank Cruz, 2023-11-21 *Ethics for Apocalyptic Times* is about the role literature can play in helping readers cope with our present day crises including the COVID 19 pandemic, climate change and the shift toward fascism in global politics. Using the lens of Mennonite literature and their own personal experience as a culturally Mennonite queer Latinx person, Daniel Shank Cruz investigates the age old question of what literature's role in society should be and argues that when we read literature theapoetically we can glean a relational ethic that teaches us how to act in our difficult times. In this book, Cruz theorizes theapoetics, a feminist reading strategy that reveals the Divine via literature based on lived experiences and extends the concept to show how it is queer, decolonial and equally applicable to secular and religious discourse. Cruz's analysis focuses on Mennonite literature including Sofia Samatar's short story collection *Tender* and Miriam Toews's novel *Women Talking*, but also examines a non Mennonite text, Samuel R. Delany's novel *The Mad Man* alongside practices of haiku and tarot to show how reading theapoetically is transferable to other literary traditions. Weaving together close reading and personal narrative, this pathbreaking book makes a significant and original contribution to the field of Mennonite literary studies. Cruz's arguments will also be appreciated by literary scholars interested in queer theory and the role of literature in society.

Political Realism in Apocalyptic Times Alison McQueen, 2017-12-28 From climate change to nuclear war to the rise of demagogic populists, our world is shaped by doomsday expectations. In this path breaking book, Alison McQueen shows why three of history's greatest political realists feared apocalyptic politics: Niccol Machiavelli in the midst of Italy's vicious power struggles, Thomas Hobbes during England's bloody civil war, and Hans Morgenthau at the dawn of the thermonuclear age. All saw the temptation to prophesy the end of days. Each engaged in subtle and surprising strategies to oppose apocalypticism from using its own rhetoric to neutralize its worst effects to insisting on a clear eyed tragic acceptance of the human condition. Scholarly yet accessible, this book is at once an ambitious contribution to the history of political thought and
