A Practical Approach to Pharmaceutical Policy Andreas Seiter,2010-06-17 This book offers policy makers a hands on approach tested in the World Bank's field work in many countries for developing policies that improve access to safe effective medicines in health systems of low and middle income economies [Formulating and Implementing Pharmaceutical Pricing Policies](#) Zaheer-Ud-Din Babar,2025-08-01 Provides readers with a framework to understand and analyze several medicine pricing policies Through case studies from countries across geographies and income tiers this book explores the challenges and opportunities related to price control experiences Studying global policies this book discusses approaches strategies and the underlying pharmaceutical pricing practices used to provide advice for formulating highly effective policies Alongside the cases this book covers appropriate research methods for pricing analysis the essential components of pricing policy data quality and the generic structure of a pharmaceutical pricing policy Covers the most updated pricing material on the drug pricing control policies Demonstrates in real terms how a medicine pricing policy is formed in a country Discusses the empiric basis of forming a medicine's pricing policy **Rationalizing Pharmaceutical Spending** Manuel

García-Goñi,2022-09-16 Pharmaceutical spending accounts for a large share of health spending worldwide While pharmaceuticals are an indispensable component of effective modern health systems and their benefits in terms of increasing life expectancy and improving quality of life are unquestionable the large variation in pharmaceutical spending across countries suggests that there may be large efficiency gains to be realized This paper reviews the existing literature and databases on the level and composition of pharmaceutical spending and estimates potential efficiency gains from increased use of generics It also reviews how countries organize the procurement and tendering of pharmaceuticals and the implications for spending Finally the paper identifies the various channels through which spending inefficiencies can arise and identifies reform options for reducing pharmaceutical spending while ensuring quality health outcomes *Lewis's Child and Adolescent Psychiatry* Andrés Martin,Fred R. Volkmar,Melvin Lewis,2007 Established for fifteen years as the standard work in the field Melvin Lewis's Child and Adolescent Psychiatry A Comprehensive Textbook is now in its Fourth Edition Under the editorial direction of Andrés Martin and Fred R Volkmar two of Dr Lewis's colleagues at the world renowned Yale Child Study Center this classic text emphasizes the relationship between basic science and clinical research and integrates scientific principles with the realities of drug interactions This edition has been reorganized into a more compact clinically relevant book and completely updated with two thirds new contributing authors The new structure incorporates economics diversity and a heavy focus on evidence based practice Numerous new chapters include genetics research methodology and statistics and the continuum of care and location specific interventions A companion Website provides instant access to the complete fully searchable text [Resources in Education](#) ,2001-10 [A Practical Guide to Recruitment & Retention](#) Shelley

Cohen,Dennis Sherrod,2005 The forecast doesn't look good A shortage of nurses continues to be a major problem Facilities

like yours are shelling out high salaries and signing bonuses just to get RNs in the door. Unfortunately that hasn't proven to be enough. Once you get quality nursing professionals in the door you need to know how to keep them from walking out. Staff in staff out, staff in staff out. Stop the revolving door from spinning. The revolving door trend is discouraging but even more than that it's dangerous. Inadequately staffed facilities run the risk of preventable errors, avoidable complications and increased length of stay and readmissions. And many states are considering nurse patient ratio legislation. *A Practical Guide to Recruitment and Retention* is a handy book that provides you with practical, field tested strategies to attract and more importantly retain high quality nursing and healthcare personnel. Filled with timely, user friendly ideas, concepts and tools, *A Practical Guide to Recruitment and Retention* helps today's nurse managers and nurse executives make effective decisions related to recruitment and retention. From recruiting student nurses to confronting troublesome nurses who can cause turnover, this book covers it all. Inside this must have book you'll find: An in depth look at youth recruitment, Appropriate methods to recruit and retain every type of nurse, Techniques for implementing quality work place improvements, Ideas for recognition and reward programs, Ways to embrace diversity in the healthcare workplace, Numerous tools, templates and procedures to adapt to your facility, Case studies that will help drive the messages home and provide evidence of recruitment and retention strategies that work. Table of Contents: Embracing diversity in the workplace, Developing Nurse Managers and leaders, Retaining and supporting the middle manager level nurse, Helping the Nurse Manager make time for staff, Improving interview skills and hiring techniques, Employee and family friendly policies and procedures, Expanding the EAP program, Focus on flexible orientation processes, Surprising staff with the unexpected, Professional models of care, Implementing quality workplace improvement systems, Assuring interdisciplinary collaboration, Building collaborative practices between nursing and medical staff, Methods that help staff feel a true part of the process, Professional development, Encouraging your staff to fulfill their career development, Recognition and reward programs that promote retention, The senior nurse executive's role in recruitment and retention, Establishing an educational pipeline, Working with Junior and Senior High Schools, Working with nursing schools to secure staff, Measuring recruitment and retention metrics, Top ten things to do not to do in recruitment, What's working in the non healthcare environment, Learning Objectives, Identify the major disadvantages of high staff turnover, Identify diversity characteristics, Discuss strategies for managing diversity in your organization, Verbalize techniques managers can use to leave a perception with staff that you make time for them, List warning signs that a manager is in need of support, guidance and direction, Discuss strategies that promote an employee friendly workplace, Discuss program examples that leave a perception with staff that their employer is family friendly, Identify the components of professional models of care, Discuss the benefits of professional models of care, Identify ways to implement quality workplace improvement systems, Evaluate the results of implementing quality workplace improvement systems, Identify effective methods of promoting collaborative practice between nursing, medicine and other professional departments, Discuss the

benefits when nursing staff actively participate in systems and processes related to patient care List resources the staff nurse can access to enhance professional development Discuss how a commitment to professional development aids recruitment and retention Identify ways to reward staff for exceptional performance List essential aspects of the performance review that enhance retention Identify examples of appropriate goal setting for a staff nurse Identify methods to recruit young people into healthcare careers Discuss the value of establishing relationships with schools of nursing List examples of recruitment and retention data that is useful to manage your workforce Identify the values of using metrics to measure recruitment and retention success Identify ineffective recruitment strategies Identify effective recruitment strategies Identify recruitment and retention methods that have been proven successful outside the healthcare environment Compare basic recruitment and retention principles from the general workplace to those from nursing
