**Advances in Site Investigation Practice** Institution of Civil Engineers (Great Britain),1996 These proceedings of the international conference on advances in site investigation practice held in 1995 provide vital information for all professionals involved in the planning execution interpretation and applications of site investigations It draws together the research and experience of many of the most eminent professional engineers and academics presenting a substantial body of knowledge

**Pre-failure Deformation Behaviour of Geomaterials** R. J. Jardine,1998 In the past fifteen years experimental and theoretical characterisation of the pre failure deformation properties of geomaterials has developed enormously In recognition of these important research developments a Geotechnique Symposium in Print SIP was held at the Institution of Civil Engineers in 1997 This volume brings together the nineteen Geotechnique SIP papers which summarise the recent developments in measuring and understanding the pre failure stress strain time properties of natural soils and apply this information to practical engineering problems *Developments in Engineering Geology* M.J. Eggers,J.S. Griffiths,S. Parry ,M.G. Culshaw ,2016-10-12 *Developments in Engineering Geology* is a showcase of the diversity in the science and practice of engineering geology All branches of geology are applicable to solving engineering problems and this presents a wide frontier of scientific opportunity to engineering geology In practice diversity represents a different set of challenges with the distinctive character of the profession derived from the crossover between the disciplines of geology and engineering This book emphasizes the importance of understanding the geological science behind the engineering behaviour of a soil or rock It also highlights a continuing expansion in the practice areas of engineering geology and illustrates how this is opening new frontiers to the profession thereby introducing new knowledge and technology across a range of applications This is initiating an evolution in the way geology is modelled in engineering geohazard and environmental studies in modern and traditional areas of engineering geology **Advances in Geotechnical Engineering** R. J. Jardine,D. M. Potts,K. G. Higgins,2004 This two volume set presenting the proceedings of the Skempton Memorial Conference on Advances in Geotechnical Engineering held at the Royal Geographical Society London on 29 31 March 2004 With the conference s commemorative theme the first volume reprints the Royal Society of London s short biographical memoir on ansi Professor Sir Alec Skempton and offers a set of invited articles that reflect on his contributions to engineering geology slope stability and the history of civil engineering Characterisation and Engineering Properties of Natural Soils T. S. Tan,2003 This first volume of a specialty 2 volume work contains 34 papers pertaining to the natural behaviour of diverse geomaterials found in different parts of the world Each paper is organized along the outline location and distribution engineering geology composition state and index properties structure engineering properties quality reliability of data with reference to methods of sampling and testing and relation to engineering problems This extensive body of collated knowledge is integrated by three overview papers covering engineering geology mechanical behaviour and engineering implications Topics Overview papers Marine clays Eastuarine
