Angel Whiskers Reflections On Loving And Losing A Feline Companion:

Angel Whiskers Laurel E. Hunt, 2001-02-14 Anyone who's ever loved a cat knows the pleasure and comfort these feline companions can bring and anyone who's ever lost a cat knows the deep sorrow brought on by their passing. This elegant tribute to cats past and present features classic poetry and short stories by authors both famous and unknown as well as vintage photographs and drawings. These timeless words and pictures offer bereaved owners a chance to express and validate their feelings of grief while celebrating the many qualities that make cats special. *Canine and Feline Geriatric Oncology* Alice Villalobos, 2017-11-29 *Canine and Feline Geriatric Oncology* Honoring the Human Animal Bond Second Edition provides a complete clinical approach to the most common neoplasias in geriatric dogs and cats. Provides the tools needed to diagnose and treat aging pets with cancer and to help clients make the best decisions for themselves and their animals. Addresses the what ifs that often arise during interactions with clients of aging pets with cancer and helps to determine when a pet should enter the hospice phase. Features many vignettes and real life case studies to demonstrate the issues faced by clinicians and owners dealing with older dogs and cats with cancer and end of life issues. Fully updated and expanded with new and revised information including new knowledge on palliative and hospice care and self care techniques for carers. *Pet Parents* Coleen Ellis, 2011-07 When Coleen Ellis's beloved dog died in 2003 she discovered that she found no good resources to assist her with her grief. To help others in this situation she opened the first standalone pet funeral home in the United States in Indianapolis. In this guidebook she helps pet parents, veterinarians, death care professionals and others celebrate the special bonds we share with our animal companions. *The Guide to Pet Loss Resources* David Charles Anderson, 2005 **Withrow and MacEwen's Small Animal Clinical Oncology** Stephen J. Withrow, 2007-01-01 Focusing on cancer in dogs and cats, this extensively updated 4th edition provides comprehensive coverage of the latest advances in clinical oncology including chemotherapy, surgical oncology and diagnostic techniques. Ideal for students, practitioners and those involved in academic research, this book's full color images and user friendly format provide quick and easy access to today's most important information on cancer in the small animal patient. Full color format throughout and full color illustrations make information more accessible and provide accurate representations of clinical appearance. Chapters are clustered into four major sections: The Biology and Pathogenesis of Cancer, Diagnostic Procedures for the Cancer Patient, Therapeutic Modalities for the Cancer Patient and Specific Malignancies in the Small Animal Patient. The consistent format includes incidence and risk factors, pathology, natural behavior of tumors, history and clinical signs, diagnostic techniques and workup, treatment options and prognosis for specific malignancies in the small animal cancer patient. Features cutting edge information on the complications of cancer, pain management and the latest treatment modalities. The latest information on the etiology of cancer including genetic, chemical, physical and hormonal factors as well as cancer-causing viruses. Coverage of molecular targeted therapy of cancer plus new and emerging therapeutic techniques. New information on molecular

diagnostic procedures for the cancer patient The latest diagnostic imaging techniques in clinical oncology Discussions of compassion and supportive care from chronic pain management and nutrition to end of life issues and grief support
