Statement	Before Reading (A or D)	After Reading (A or D)	Why did your opinion change/not change?
True leaders lead by example.			
All people are created equal.			
Rules should be bent or discarded by some people.			
A good leader is someone who can make strong decisions in the face of turmoil.			
You should not believe everything you hear.			
It is important to question authority.			
Being educated is not that important.			
When faced with something we disagree with, it is best to stay quiet.

**50 Fantastic Ideas for Farm Activities** Hannah Jones McVey, 2024-03-14 \_\_\_\_\_ The 50 Fantastic Ideas series is packed full of fun original skills based activities for Early Years practitioners to use with children aged 0-5. Each activity features step by step guidance, a list of resources and a detailed explanation of the skills children will learn. Creative, simple and highly effective, this series is a must have for every Early Years setting. \_\_\_\_\_ A collection of 50 fun and effective activities to help explore and bring to life themes around farming and food production. The ideas in this book will develop a child's confidence, curiosity and connection with the land that sustains them and supports their development within the Early Learning Framework, including new vocabulary, mathematical skills development, fine motor skills and making healthy food choices. Activities such as explore fruit, browning balloon sheep sheering and discover your dinner plate provide real life connections to the farm to fork journey. The programme designed by experts from the Country Trust, the UK's leading agricultural education charity, offers a framework through which to explore health, cooking, growing, animals, ethics, care for the environment, nature and much more. The sensory and wide ranging connections of the farm nurture their relationship with nature and provide benefits for their mental and physical health. 50 Fantastic Ideas for Farm Activities can be used to provide inspiration for a farm theme in the classroom, for activities to complement a class growing project, to introduce ways to use food, farming or natural themes to strengthen aspects of the curriculum or to support a farm visit. This book will show practitioners how to make exploring every aspect of a farm to fork journey a fun and foundational part of any setting.
