This book specifically addresses those standards by presenting explicit expectations that challenge teachers in multilingual multiethnic classrooms. Subscribing to a teaching approach that respects and builds second language skills upon a foundation of native language proficiency, *Teacher Performance Expectations for Educating English Learners* contains the most up-to-date techniques currently available for promoting linguistic proficiency and features multiple effective teaching methods for the educator of English learners. The main tenet of the book is that successful English language learning results from a combination of rich, interesting content instruction and a fast-moving, engaging curriculum.
