**An In-Depth Guide to Mobile Device Forensics** Chuck Easttom, 2021-10-21 Mobile devices are ubiquitous therefore mobile device forensics is absolutely critical. Whether for civil or criminal investigations being able to extract evidence from a mobile device is essential. This book covers the technical details of mobile devices and transmissions as well as forensic methods for extracting evidence. There are books on specific issues like Android forensics or iOS forensics but there is not currently a book that covers all the topics covered in this book. Furthermore it is such a critical skill that mobile device forensics is the most common topic the Author is asked to teach to law enforcement. This is a niche that is not being adequately filled with current titles. *An In Depth Guide to Mobile Device Forensics* is aimed towards undergraduates and graduate students studying cybersecurity or digital forensics. It covers both technical and legal issues and includes exercises tests quizzes case studies and slides to aid comprehension.
