apps rather than using code snippets. The introduction and app test drives at the beginning of each chapter show one or more sample executions. The book's source code is available at [www.deitel.com/books/androidfp2](http://www.deitel.com/books/androidfp2). The apps in this book were carefully designed to introduce you to key Android features and APIs. You'll quickly learn everything you need to start building Android apps beginning with a testdrive of the Doodlz app in Chapter 1 then building your first app in Chapter 2. By the time you reach Chapter 9 you'll be ready to create your own apps for submission to Google Play and other app marketplaces. You'll master the Google Play submission process including uploading your apps, deciding whether to sell your apps or offer them for free and marketing them using in-app advertising, social media, Internet public relations and more.
