*The Andy Flegg Survival Guide* Mark Pardoe, 2013-07-24 Hilarious book about a boy coping with puberty family break ups friends enemies and girls all recorded in a journal that he has to keep if he wants the Xbox that is rightly his According to his tyrannical teacher and much to his parents horror 11 year old Andy Flegg is a reluctant writer So that s how he finds himself forced to write in a journal every day until his next birthday if he wants to get the Xbox that his parents had already promised him That s a ridiculous number of Xboxless days But somehow this writing thing seems to grow on Andy and he soon finds himself revealing all too much

*Raunds Furnells* Andy Boddington, 2014-06-15 On the south side of the river Nene in east Northamptonshire a settlement was established at Raunds in the sixth century AD Some 300 years later the settlements was served by a small field church Total and careful excavation ahead of twentieth century building development found in both the church and adjoining cemetery exceptional features the study of which has contributed to the archaeology of the churches of the liturgy and the burial practices of the Anglo Saxon period The seeming simplicity of the church s beginnings was deceptive Before the first church building had been standing long it proved too small a chancel was added Liturgical features were found which did not often survive elsewhere a pot used as a sacrarium buried in front of the free standing altar and behind the altar a clergy bench The boundaries of a graveyard were established around the church Many of the earliest burials were preserved undisturbed by later inhumation The congregation buried its dead in ordered zones the earliest dominated by a plot perhaps a founder s grave distinguished by an elaborately carved stone grave cover possibly also be a standing cross In the last years of the graveyard s use burials of young children took place in an eaves drip zone flanking the church walls Much information was retrieved about the population who for two centuries used the church about their physical health and about their very varied burial practices Although a larger church was later built on the site it was soon abandoned and subsequently adapted for secular use as part of a manorial complex The site of the graveyard was forgotten In context the church and cemetery represent one phase in the development of the Raunds landscape between prehistory and the present day This excavation provided the stimulus for detailed archaeological survey of the Raunds area resulting in the establishment of the Raunds Area Project managed jointly by the Northamptonshire Archaeology Unit and English Heritage This volume is the Project s first report
