**Angels by the River** James Gustave Speth, 2014 Reflections on race environment politics and living on the front lines of change In *Angels by the River* James Gustave Gus Speth recounts his unlikely path from a southern boyhood through his years as one of the nation's most influential mainstream environmentalists and eventually to the system changing activism that shapes his current work Born and raised in an idyllic but racially divided town that later became the scene of South Carolina's horrific Orangeburg Massacre Speth explores how the civil rights movement and the South's agrarian roots shaped his later work in the heyday of the environmental movement when he founded two landmark environmental groups fought for the nation's toughest environmental laws spearheaded programs in the United Nations advised the White House and moved into a leading academic role as dean of Yale's prestigious School of Forestry and Environmental Studies Yet in the end he arrived somewhere quite unexpected still believing change is possible but not within the current political and economic system Throughout this compelling memoir Speth intertwines three stories his own his hometown's and his country's focusing mainly on his early years and the lessons he drew from them and his later years in which he comes full circle in applying those lessons In the process he invites others to join him politically at or near the place at which he has arrived wherever they may have started

**Angels by the River** James Gustave Speth, 2022-10-12 *Angels by the River* follows James Gustave Speth's unlikely path from a Southern boyhood to his career as an influential mainstream environmentalist to his current system changing activism Born and raised in a town where both the best and worst of the South shone through Speth explores how the civil rights movement and the South's agrarian roots influenced his professional life from creating and upholding the nation's toughest environmental laws to overseeing global aid programs Rather than merely reflect on these accomplishments Speth uses the past to make the case that a new environmentalism is needed to confront today's challenges The advancing climate crisis cannot be addressed he warns if we remain fixated on endless growth and consumption increasing the incomes of a few neglecting needs of the many and helping abroad only modestly An American tale in all its complexity Speth's memoir is an inspiration for readers seeking ways to make a difference in an increasingly complex world

*"River City": Memoirs of a Combat Chief Information Officer* LTC Martin D. Hunt, 2017-09-19 In July 2006 Martin Hunt was a successful software sales professional with a wife two sons a happy life in Seattle and a commitment to the U S Army that he was not sure he'd ever be called on to fulfill A year later he was a resident of Camp Ramadi a dusty outpost at the epicenter of Operation Iraqi Freedom A senior officer surrounded by young men charged with the highly dangerous task of clearing improvised explosive devices from supply routes Hunt soon grew to dread the call River City the code for incoming casualties Trapped between his real life in Seattle visited through Skype and a furlough that seemed over before it began and the hell of River City Hunt provides a window into the paradigm shifting experience of deployment in the War on Terror a story of faith love and life interrupted
