**Anglo-Saxon Crafts** Kevin Leahy, 2003 While the art and craftsmanship of the Anglo Saxons is much admired the background to this superb work is little understood Kevin Leahy a trained craftsman and archaeologist looks at how the artifacts were made at the materials the tools and techniques that were used His survey ranges from casting a brooch to making a sword from pottery and weaving to woodworking and building *The History of Diamond Production and the Diamond Trade* Godehard Lenzen, 1970 *Humans, Animals, and the Craft of Slaughter in Archaeo-Historic Societies* Krish Seetah, 2018-10-25 In this book Krish Seetah uses butchery as a point of departure for exploring the changing historical relationships between animal utility symbolism and meat consumption Seetah brings together several bodies of literature on meat cut marks craftspeople and the role of craft in production that have heretofore been considered in isolation from one another Focusing on the activity inherent in butcher he describes the history of knowledge that typifies the craft He also provides anthropological and archaeological case studies which showcase examples of butchery practices in varied contexts that are seldom identified with zooarchaeological research Situating the relationship between practice practitioner material and commodity this imaginative study offers new insights into food production consumption and the craft of cuisine A Writer's Craft Kendall Dunkelberg, 2017-09-16 This introductory creative writing text uses a unique multi genre approach to provide students with a broad based knowledge of their craft treating them as professional writers Beginning by discussing elements common to all genres this book underscores the importance of learning good writing habits before committing to a genre encouraging writers to look beyond their genre expectations and learn from other forms The book then devotes one chapter to each of the major literary genres fiction poetry drama and creative nonfiction These style specific sections provide depth as they compare the different genres furnishing students with a comprehensive understanding of creative writing as a discipline and fostering creativity The discussion concludes with a chapter on digital media and an appendix on literary citizenship and publishing With exercises at the end of each chapter a glossary of literary terms and a list of resources for further study *A Writer's Craft* is the ideal companion to an introductory creative writing class It has been listed as one of the Best Books for Writers by Poets and Writers magazine *Geographical Teacher*, 1918 Includes section Reviews and other bibliographical material **The Geographical Teacher**, 1917 The Bookseller and the Stationery Trades' Journal, 1927

**Ritual Imports** Claire Sponsler, 2018-07-05 Throughout the Americas performances deriving from medieval European rituals ceremonies and festivities made up a crucial part of the cultural cargo shipped from Europe to the overseas settlements In 1583 Sir Humphrey Gilbert sailed from Plymouth England to Newfoundland bringing with him morris dancers hobby horses and Maylike Conceits for the allurement of the savages and the solace of our people His voyage closely resembled that of twelve Franciscan friars who in 1524 had arrived in what is now Mexico armed with a repertoire of miracle plays religious processions and other performances These two events although far from unique helped shape initial

encounters between Europeans and indigenous peoples they also marked the first stages of the process that would lead by no means smoothly to a distinctively American culture *Ritual Imports* is a groundbreaking cultural history of European performance traditions in the New World from the sixteenth century to the present Claire Sponsler examines the role of survivals and adaptations of medieval drama in shaping American culture from colonization through nation building and on to today's multicultural society The book's subjects include New Mexican matachines dances and Spanish conquest drama Albany's Pinkster festival and Afro Dutch religious celebrations Philadelphia's mummers and the Anglo Saxon revival a Brooklyn Italian American saint's play American and German passion plays and academic reconstructions of medieval drama Drawing on theories of cultural appropriation *Ritual Imports* makes an important contribution to medieval and American studies as well as to cultural studies and the history of theater *History of England* George Macaulay Trevelyan, 1926
