**Playbuilding as Arts-Based Research** Joe Norris, Kevin Hobbs, Mirror Theatre, 2024-04-29 The new edition of Playbuilding as Arts Based Research details how playbuilding creating an original performative work with a group as a methodology has developed in qualitative research over the last 15 years The second edition substantially updates the award winning first edition by making connections to current research theories providing complete scripts with URL links to videos and including a new section with interviews with colleagues Chapter 1 provides an in depth discussion of the epistemological ontological axiological aesthetic and pedagogic stances that playbuilding takes applying them to research in general The value of a playful trusting atmosphere choices of style casting set and location in representing the data and pedagogical theories that guide participatory theatre are highlighted Chapter 2 discusses how Mirror Theatre generates data structures dramatic scenes and conducts live and virtual participatory workshops Chapter 3 is a thematized account of interviews with 23 colleagues who employ variations of playbuilding that show how playbuilding can be applied in a wide range of contemporary contexts and disciplines Chapters 4 through 9 describe six projects that address topics of drinking choices and mental health issues on campus person centred care homelessness the transition to university and co op placements They include both a theme and a style analyses and workshop ideas Chapter 10 new to this edition concludes with quantitative and qualitative data from audiences attesting to the efficacy of this approach This is a fascinating resource for qualitative researchers applied theatre practitioners drama teachers and those interested in social justice who will appreciate how the book adeptly blends theory and practice providing exemplars for their own projects

**Handbook of Arts-Based Research** Patricia Leavy, 2025-01-29 The first methods handbook devoted solely to arts based research ABR is now in a thoroughly updated second edition featuring a new section on global perspectives plus new chapters on critical approaches and documentary film The volume explores the synergies between contemporary artistic and research practices and addresses issues in designing implementing evaluating and publishing ABR studies Chapters are written by leading practitioners of each ABR genre including those based in literature such as narrative inquiry fiction and poetry performance music dance ethnodrama visual arts drawing painting collage installation art comics and audiovisual and multimethod approaches Team approaches ethics social justice concerns and public scholarship are discussed as are innovative ways that ABR is used within creative arts therapies psychology education sociology health sciences and other disciplines The companion website includes selected figures from the book in full color

additional online only figures and links to online videos of performance pieces New to This Edition Updated throughout with current research theory and ABR examples Chapters on critical approaches to ABR and on documentary film Chapters on ABR projects in Taiwan Japan and the United Kingdom      **Fiction as Research Practice** Patricia Leavy, 2013-04-15 The turn to fiction as a social research practice is a natural extension of what many researchers and writers have long been doing Patricia Leavy a widely published qualitative researcher and a novelist explores the overlaps and intersections between these two ways of understanding and describing human experience She demonstrates the validity of literary experimentation to the qualitative researcher and how to incorporate these practices into research projects Five short stories and excerpts from novellas and novels show these methods in action This book is an essential methodological introduction for those interested in studying or practicing arts based research      **The Collaborative Turn** Walter S. Gershon, 2009 Explores issues strategies and challenges associated with researching practice This book provides critical and creative input to the discourse on qualitative research methodologies Back cover      **The Gerontologist** , 2007      **Fusing Lab and Gallery** Sarah M. Schlachetzki, 2012 Examines the exchanges between art technology and science taking place in academies museums and research laboratories especially in Japan looking at attempts to localize art within technological and societal change

*Choice* , 2008      **Feminist Research Practice: A Primer** Sharlene Nagy Hesse-Biber, Patricia Lina Leavy, 2007 This volume accomplishes a great deal combining theory and practice abstract concepts and realistic workable suggestions Many of the studies and stories are fascinating as well as valuable research paradigms CONTEMPORARY PSYCHOLOGY The topic of feminist research has frequently been neglected in standard research methods books The purpose of this Primer is to invite students to explore the range of feminist perspectives including feminist empiricist feminist standpoint and postmodern perspectives in order to bridge the divide between theory and research methods This text provides a unique hands on approach to research by providing exercises and behind the scenes glimpses of feminist researchers at work The in depth examples cover the range of research questions that feminists engage with including issues of gender inequality violence against women body image issues and the discrimination of other ed marginalized groups The Primer is written in a clear concise manner that offers students the opportunity to explore and practice a wide range of research from ethnography oral history focus groups and content analysis to interviewing and survey research A full chapter is devoted to feminist approaches to mixed methods research Feminist Research Practice A Primer is committed to the idea that research methods are best understood utilizing a hands on pedagogy Research tips and checklists are provided along the way for the novice researcher      **Essentials of Transdisciplinary Research** Patricia Leavy, 2016-05-23 Providing the key principles and methods needed to conduct a transdisciplinary study this brief introductory guide also offers numerous examples from multiple research sectors to show its effectiveness      **Ethnologia Europaea Journal of European Ethnology** Tom O'Dell, Robert Willim, 2012-03-26 Ethnography has become something of a buzzword in recent years It is talked about and

invoked in disciplines ranging from anthropology and ethnology to literature history business administration and design studies Textbooks that teach ethnography tend to imbue students with the impression that ethnography is a mode of systematic investigation by which the researcher gets closer to the realities of people s everyday lives But how straightforward are these processes in reality As ethnography spreads into new folds of research both within and without the academy the contributions in this volume demonstrate the manner in which field methods are adjusting transforming or taking new forms altogether If textbooks might lead students to believe that observations and interviews are the grounds upon which good ethnography can regularly be produced the authors in this volume take as their point of departure the realisation that ethnography is being used in a multitude of different contexts which forces them and us as readers to question the regularities and irregularities of their own work      *Popularizing Scholarly Research* Patricia Leavy,2021-08-31

Popularizing Scholarly Research Research Methods and Practice contextualizes the role of digital resources such as blogs social media and email in the move toward making scholarship accessible and explains the role of research methods in knowledge construction Topics covered in the book include survey research interviews oral history ethnography autoethnography evaluation literature visual art health theatre narrative film and a range of methods that rely on the internet and social media      **The Practice of Qualitative Research** Sharlene Nagy Hesse-Biber,Patricia L. Leavy,2011

This book provides undergraduate and beginning graduate students with a hands on introduction to qualitative research methods through the use of in depth examples and out of class exercises Rather than de linking theory from methods and presenting students with a laundry list of methods like so many texts do The Practice of Qualitative Research provides readers with the link between theory and methods throughout the book Starting with how to develop a good research question the authors carefully show the nuts and bolts of data collection including issues of sampling validity reliability and ethics the multiplicity of considerations and how to sort through them during research design the how to s of each major qualitative approach and conclude with data analysis interpretation and reporting The Practice of Qualitative Research is designed for upper level undergraduate and graduate level courses that introduce the student to Qualitative Research The book provides coverage on the foundations of qualitative research the methods used in doing the research and how you analyze the data and present it      *The Practice of Qualitative Research* Sharlene Nagy Hesse-Biber,Patricia Leavy,2006

Covering all the key mainstream qualitative methods this book offers candid wisdom tips from leading researchers that will help students with the process of completing a successful research project      *The Oxford Handbook of Qualitative Research* Patricia Leavy PhD,2014-04-07 The Oxford Handbook of Qualitative Research presents a comprehensive overview of the field of qualitative research It is intended for students of all levels faculty and researchers across the social sciences The contributors represent some of the most influential and innovative researchers in the field as well as emerging scholars This handbook provides a broad introduction to the field of qualitative research to those with little to no background in the subject

while simultaneously providing substantive contributions to the field that will be of interest to even the most experienced researchers It serves as a user friendly teaching tool suitable for a range of undergraduate or graduate courses as well as individuals working on their thesis or other research projects With a focus on methodological instruction this volume offers both a retrospective and prospective view of the field The first two sections explore the history of the field ethics and philosophical theoretical approaches The next three sections focus on the major methods of qualitative practice as well as newer approaches such as arts based research and internet research area studies often excluded such as museum studies and disaster studies and mixed methods and participatory methods such as community based research The next section covers key issues including data analysis interpretation writing and assessment The final section offers a commentary about politics and research and the move towards public scholarship
