Selected from hundreds of submissions to a call for entries the designs shown here take their cues from many different sources including such companies as Levi's, BMW, Tag Heuer, IBM, and Apple as well as studios seeking to promote their own identities. Featured designs represent an array of media options including websites, CD ROMs, interactive kiosks, DVD software, and new interactive tools. An editorial commentary offers a frank exchange between writer Lyle Rexer and Robert Greenberg, chairman and CEO of R/GA interactive, who discusses both his pioneering past and the third revolution he sees in store for the future. Credits, project descriptions, and indices complete this book as a great resource for both designer and client.
