**It's OK to Be Angry About Capitalism** Senator Bernie Sanders, 2024-02-20 NEW YORK TIMES BESTSELLER A progressive takedown of the uber capitalist status quo that has enriched millionaires and billionaires at the expense of the working class and a blueprint for what transformational change would actually look like with a new afterword A clarion call against the American oligarchs powerful The Guardian It's OK to be angry about capitalism Reflecting on our turbulent times Senator Bernie Sanders takes on the billionaire class and speaks blunt truths about our country's failure to address the destructive nature of a system that is fueled by uncontrolled greed and rigidly committed to prioritizing corporate profits over the needs of ordinary Americans Sanders argues that unfettered capitalism is to blame for an unprecedented level of income and wealth inequality is undermining our democracy and is destroying our planet How can we accept an economic order that allows three billionaires to control more wealth than the bottom half of our society How can we accept a political system that allows the super rich to buy politicians and swing elections How can we accept an energy system that rewards the fossil fuel corporations causing the climate crisis Sanders believes that in the face of these overwhelming challenges the American people must ask tough questions about the systems that have failed us and demand fundamental economic and political change This is where the path forward begins It's OK to Be Angry About Capitalism presents a vision that extends beyond the promises of past campaigns to reveal what would be possible if the political revolution took place if we would finally recognize that economic rights are human rights and if we would work to create a society that provides a decent standard of living for all This isn't some utopian fantasy this is democracy as we should know it

States of America and is eager to change the course of history     *Meet the Candidates 2020: Bernie Sanders* Scott Dworkin,2019-06-11 What is democratic socialism Educate yourself on Bernie Sanders the liberal independent from Vermont and the 2016 underdog turned 2020 Democratic favorite Bernie Sanders shocked the establishment in 2016 with his self described political revolution mobilizing grassroots fundraising and campaigning to nearly secure the Democratic nomination over Hillary Clinton even in the face of Democratic National Convention opposition The Vermont senator and longest serving independent in congressional history hopes to do the same with a better result in 2020 Meet the Candidates 2020 Bernie Sanders A Voter's Guide will help you decide if Sanders's brand of democratic socialism is for you and if he is the right candidate to take on Donald Trump A vocal critic of Donald Trump Sanders advocates for sweeping reform single payer universal health care labor and economic inequality reform taxes on the wealthy the Green New Deal marijuana legalization free higher education Sanders has had an undeniable influence on how campaigns are run and has moved the Democratic party to the left but how will his liberal platforms play in a Democratic primary and against Trump in a general election After reading Meet the Candidates 2020 Bernie Sanders A Voter's Guide you'll be able to analyze those chances explain his positions and decide if they are what you believe is right for America The Meet the Candidates 2020 series is the informed voter's guide to making a decision in the 2020 Democratic primary and presidential election Each book gives an unbiased political insider's analysis of each contender featuring candidate interviews an introduction by campaign advisor Democratic Coalition co-founder and Dworkin Report host Scott Dworkin and compilation and writing by Occupy Democrats Editor at Large Grant Stern In two hours of reading you'll understand their defining characteristics credentials campaign issues challenges presidential chances and everything else you need to know to decide who should challenge Donald Trump Whether it's for Elizabeth Warren Joe Biden Bernie Sanders Kamala Harris Julian Castro Cory Booker or another Meet the Candidates is what you need to make an informed vote for president in 2020     **The Inter- and Transnational Politics of Populism** Thorsten Wojczewski,2023-01-01 Populism has lately experienced a meteoric rise to become one of the most widely used terms in academic and wider public discourses and a supposedly defining feature of both domestic and world politics Situated at the intersection of International Relations IR Political Theory and Comparative Politics this book makes a critical intervention into the burgeoning IR scholarship on populism and problematizes the often hyperbolic and sweeping usage of the term as a general descriptor for non-centrist politics of different persuasions The book seeks to move into a different theoretical direction and broaden the empirical focus of existing IR research Theoretically it bridges the gap between theories of populism and IR by bringing the Laclauian discursive approach and IR poststructuralism together in a theoretical framework The proposed framework moves away from the search for the policy preferences and impact of populism and instead conceptualizes foreign policy and world politics as potential sites for practicing populism ranging from the articulation of societal grievances to the construction of populist identities such as the people Empirically the book takes

IR scholarship beyond the predominant focus on the populist radical right and single country and region studies Building on the discourse analysis of an original data set it offers a comparative analysis of right wing and left wing populist discourses in different world regions as well as populist cross border collaboration and identity construction     **Are We Screwed?** Geoff Dembicki,2017-08-22 A declaration of resistance and a roadmap for radical change from the generation that will be most screwed by climate change The Millennial generation could be first to experience the doomsday impacts of climate change It s also the last generation able to do something about them With time ticking down 31 year old journalist Geoff Dembicki journeyed to Silicon Valley Canada s tar sands Washington DC Wall Street and the Paris climate talks to find out if he should hope or despair What he learned surprised him Millions of people his age want to radically change our world and they are at the forefront of resistance to the politicians and CEOs steering our planet towards disaster In Are We Screwed Dembicki gives a firsthand account of this movement and the shift in generational values behind it through the stories of young people fighting for their survival It begins with a student who abandons society to live in the rainforest and ends with a Muslim feminist fomenting a political revolution We meet a Brooklyn artist terrifying the oil industry a Norwegian scientist running across the melting Arctic and an indigenous filmmaker challenging the worldview of Mark Zuckerberg Are We Screwed makes a bold argument in these troubled times A safer and more equitable future is more achievable than we ve been led to believe This book will forever change how you view the biggest existential challenge of our era and redefine the generation now battling against the odds to solve it     *Focus On: 100 Most Popular 20Th-century American Politicians* Wikipedia contributors,     **Fight Oligarchy** Senator Bernie Sanders,2025-09-30 Oligarchy is a system in which a small number of extremely wealthy individuals control the economic political and media life of a nation It is a system in which ordinary people have very little power to determine the future of their country If you re an American it is the system in which you re living That must change In the wealthiest nation on earth we must build a political movement that creates a government that represents all Americans not just a handful of billionaires Bernie Sanders NEW YORK TIMES BESTSELLER Senator Bernie Sanders breaks down the unprecedented crises we face today in Trump s America as Trump undermines democracy at every turn and how we can effectively fight back From the moment that Sanders began his Fighting Oligarchy tour in the early days of the Trump administration it was clear that his message resonated with Americans across the political spectrum Record breaking crowds numbering in the tens of thousands showed up across the country Large numbers of Americans in red states and blue states were prepared to stand up and fight back In this book he shows how we can continue that fight In a series of short pointed chapters Sanders explains how the United States today is an oligarchic society in which a small handful of multibillionaires exercise enormous economic and political power He describes what it means when the very rich get much richer while the majority of Americans struggle to pay the rent and put food on the table And he observes how a corrupt campaign finance system allows billionaires in both parties to increasingly control our political system Sanders also

discusses how under Trump we are rapidly moving toward authoritarianism with a president who is undermining our democracy as he attacks Congress the courts the media and law firms and universities in search of more and more power for himself With relentless optimism and focused energy Sanders reminds readers that true power rests with the people and he presents a path forward to a reinvigorated democracy    **Bigger Than Bernie** Micah Utrecht,Meagan Day,2021-04-06 Win or lose Bernie has reshaped the landscape of American politics Where does the political revolution go next The political ambitions of the movement behind Bernie Sanders have never been limited to winning the White House Since Bernie first entered the presidential primaries in 2016 his supporters have worked to organize a revolution intended to encourage the active participation of millions of ordinary people in political life That revolution is already underway as evidenced by the massive growth of the Democratic Socialists of America the teachers Bernie motivated to lead strikes across red and blue states and the rising new generation of radicals in Congress led by Alexandria Ocasio Cortez and Ilhan Omar inspired by his example In Bigger than Bernie activist writers Meagan Day and Micah Utrecht give us an intimate map of this emerging movement to remake American politics top to bottom profiling the grassroots organizers who are building something bigger and more ambitious than the career of any one candidate As participants themselves Day and Utrecht provide a serious analysis of the prospects for long term change offering a strategy for making political revolution more than just a campaign slogan They provide a road map for how to entrench democratic socialism in the halls of power and in our own lives Bigger than Bernie offers unmatched insights into the people behind the most unique campaign in modern American history and a clear eyed sense of how the movement can sustain itself for the long haul    **Where We Go from Here** Bernie

Sanders,2018-11-27 The inspiring national bestseller from the U S Senator and leading Democratic candidate for president about the fierce fight for democracy and social justice and what we need to do next In Where We Go from Here New York Times bestselling author Bernie Sanders reveals the blueprint for his 2020 presidential run by chronicling the day by day struggles that he and his progressive colleagues have waged over the last two years in the fight against Donald Trump s reactionary agenda and for a government that works for all not just wealthy campaign contributors At home Sanders has helped lead the fight for Medicare for all fought for workers desperate for higher wages and supported immigrants in the DACA program and children affected by gun violence He has stood with the people of Puerto Rico devastated by Hurricane Maria as well as veterans teachers the incarcerated the persecuted and all those who are too often ignored by Washington Abroad his voice has been clear that we need a foreign policy that strives for peace not war and international cooperation to address the crisis of climate change The good news is we re making progress People all across America are standing up to the most dishonest and reactionary president in our history They re taking on establishment politicians who ve turned a blind eye to the concerns of everyday citizens They re fighting back against the oligarchs of Wall Street who would happily see our children do worse than their parents so long as the Dow does better And the general public continually demonstrates that we

are more united than the media would allow us to believe and what we agree on are largely progressive ideals Maintaining a vibrant democracy has never been easy and in these dangerous and unprecedeted times it has been more difficult than ever Bernie Sanders shows however that we can repair the damage Trump has done and create a nation based on the principles of economic social racial and environmental justice Why Bernie Sanders Matters Harry Jaffe,2015-12-22 Missionary Radical Hippy Revolutionary Red Mayor Pragmatist Socialist Hot from the campaign trail a vivid new biography that goes inside Bernie Sanders s contradictions his unusual life and his electrifying quest to make the American dream a reality for all Vermont Senator Bernie Sanders may be the least political person in politics a brusque unpolished Jewish Socialist from Brooklyn with deep seated convictions and distaste for small talk He is also at seventy four the rising star of the Democratic party whose underdog bid for the presidential nomination has hit the marks of a serious contender He s competitive with and in some cases leading Hillary Clinton in early state polls He s closed the fundraising gap and is drawing crowds of thousands to campaign rallies Why Because where most candidates are calculating and rehearsed Sanders is frank authentic and impassioned For thirty years he has spoken out against income inequality environmental injustice and privatized healthcare Now amid an ever widening chasm between the rich and the rest and growing voter disenchantment the country is listening With reporting from inside the campaign personal relationships with Sanders s friends and colleagues and meticulous research noted reporter Harry Jaffe offers an engaging insightful portrait of the ultimate outsider candidate charting Sanders s course from Brooklyn to Burlington and now to Des Moines and beyond Within the untold narrative of Sanders s origins and political development he also examines the growth of the progressive movement and the recent developments including the Occupy movement the Great Recession and the rise of the millennial generation that have shifted Sanders s views from fringe to focal point At once a captivating biography and a thought provoking window into the contemporary political landscape this will become the defining account of a pivotal moment in American history U.C.
