Bernie Sanders Latest:

Fight Oligarchy Senator Bernie Sanders, 2025-09-30 Oligarchy is a system in which a small number of extremely wealthy individuals control the economic political and media life of a nation. It is a system in which ordinary people have very little power to determine the future of their country. If you're an American it is the system in which you're living. That must change. In the wealthiest nation on earth we must build a political movement that creates a government that represents all Americans not just a handful of billionaires. Bernie Sanders' NEW YORK TIMES BESTSELLER Senator Bernie Sanders breaks down the unprecedented crises we face today in Trump's America as Trump undermines democracy at every turn and how we can effectively fight back. From the moment that Sanders began his Fighting Oligarchy tour in the early days of the Trump administration it was clear that his message resonated with Americans across the political spectrum. Record breaking crowds numbering in the tens of thousands showed up across the country. Large numbers of Americans in red states and blue states were prepared to stand up and fight back. In this book he shows how we can continue that fight. In a series of short pointed chapters Sanders explains how the United States today is an oligarchic society in which a small handful of multibillionaires exercise enormous economic and political power. He describes what it means when the very rich get much richer while the majority of Americans struggle to pay the rent and put food on the table. And he observes how a corrupt campaign finance system allows billionaires in both parties to increasingly control our political system. Sanders also discusses how under Trump we are rapidly moving toward authoritarianism with a president who is undermining our democracy as he attacks Congress the courts the media and law firms and universities in search of more and more power for himself. With relentless optimism and focused energy Sanders reminds readers that true power rests with the people and he presents a path forward to a reinvigorated democracy.

Where We Go from Here Bernie Sanders, 2018-11-27 The inspiring national bestseller from the U.S. Senator and leading Democratic candidate for president about the fierce fight for democracy and social justice and what we need to do next. In *Where We Go from Here* New York Times bestselling author Bernie Sanders reveals the blueprint for his 2020 presidential run by chronicling the day by day struggles that he and his progressive colleagues have waged over the last two years in the fight against Donald Trump's reactionary agenda and for a government that works for all not just wealthy campaign contributors. At home Sanders has helped lead the fight for Medicare for all, fought for workers desperate for higher wages and supported immigrants in the DACA program and children affected by gun violence. He has stood with the people of Puerto Rico devastated by Hurricane Maria as well as veterans teachers the incarcerated the persecuted and all those who are too often ignored by Washington. Abroad his voice has been clear that we need a foreign policy that strives for peace not war and international cooperation to address the crisis of climate change. The good news is we're making progress. People all across America are standing up to the most dishonest and reactionary president in our history. They're taking on establishment politicians who've turned a blind eye to the concerns of everyday citizens. They're fighting back against the

oligarchs of Wall Street who would happily see our children do worse than their parents so long as the Dow does better And the general public continually demonstrates that we are more united than the media would allow us to believe and what we agree on are largely progressive ideals Maintaining a vibrant democracy has never been easy and in these dangerous and unprecedented times it has been more difficult than ever Bernie Sanders shows however that we can repair the damage Trump has done and create a nation based on the principles of economic social racial and environmental justice [Meet the Candidates 2020: Bernie Sanders](#) Scott Dworkin,2019-06-11 What is democratic socialism Educate yourself on Bernie Sanders the liberal independent from Vermont and the 2016 underdog turned 2020 Democratic favorite Bernie Sanders shocked the establishment in 2016 with his self described political revolution mobilizing grassroots fundraising and campaigning to nearly secure the Democratic nomination over Hillary Clinton even in the face of Democratic National Convention opposition The Vermont senator and longest serving independent in congressional history hopes to do the same with a better result in 2020 Meet the Candidates 2020 Bernie Sanders A Voter s Guide will help you decide if Sanders s brand of democratic socialism is for you and if he is the right candidate to take on Donald Trump A vocal critic of Donald Trump Sanders advocates for sweeping reform single payer universal health care labor and economic inequality reform taxes on the wealthy the Green New Deal marijuana legalization free higher education Sanders has had an undeniable influence on how campaigns are run and has moved the Democratic party to the left but how will his liberal platforms play in a Democratic primary and against Trump in a general election After reading Meet the Candidates 2020 Bernie Sanders A Voter s Guide you ll be able to analyze those chances explain his positions and decide if they are what you believe is right for America The Meet the Candidates 2020 series is the informed voter s guide to making a decision in the 2020 Democratic primary and presidential election Each book gives an unbiased political insider s analysis of each contender featuring candidate interviews an introduction by campaign advisor Democratic Coalition co founder and Dworkin Report host Scott Dworkin and compilation and writing by Occupy Democrats Editor at Large Grant Stern In two hours of reading you ll understand their defining characteristics credentials campaign issues challenges presidential chances and everything else you need to know to decide who should challenge Donald Trump Whether it s for Elizabeth Warren Joe Biden Bernie Sanders Kamala Harris Julian Castro Cory Booker or another Meet the Candidates is what you need to make an informed vote for president in 2020 **Are We Screwed?** Geoff Dembicki,2017-08-22 A declaration of resistance and a roadmap for radical change from the generation that will be most screwed by climate change The Millennial generation could be first to experience the doomsday impacts of climate change It s also the last generation able to do something about them With time ticking down 31 year old journalist Geoff Dembicki journeyed to Silicon Valley Canada s tar sands Washington DC Wall Street and the Paris climate talks to find out if he should hope or despair What he learned surprised him Millions of people his age want to radically change our world and they are at the forefront of resistance to the politicians and CEOs steering our planet

The Speech Bernie Sanders,2015-12-22 On Friday December 10 2010 Vermont Senator Bernie Sanders walked on to the floor of the United States Senate and began speaking It turned out to be a very long speech lasting over eight and a half hours And it hit a nerve Millions followed the speech online until the traffic crashed the Senate server A huge positive grassroots response tied up the phones in the senator's offices in Vermont and Washington President Obama reportedly held an impromptu press conference with former President Clinton to deflect media attention away from Sanders speech Editorials and news coverage appeared throughout the world In his speech Sanders blasted the agreement that President Obama struck with Republicans which extended the Bush tax cuts for millionaires and billionaires lowered estate tax rates for the very very rich and set a terrible precedent by establishing a payroll tax holiday diverting revenue away from the Social Security Trust Fund threatening the fund's very future But the speech was more than a critique of a particular piece of legislation It was a dissection of the collapse of the American middle class and a well researched attack on corporate greed and on public policy which over the last several decades has led to a huge growth in millionaires even as the United States has the highest rate of childhood poverty in the industrialized world It was a plea for a fundamental change in national priorities for government policy that reflects the needs of working families and not just the wealthy and their lobbyists Finally Sanders speech published here in its entirety with a new introduction by the senator is a call for action It is a passionate statement informing us that the only people who will save the middle class of this country is the middle class itself but only if it is informed organized and prepared to take on the enormously powerful special interests dominating Washington **The**

Fighting Soul Ari Rabin-Havt,2022-04-26 Rabin Havt offers an intimate portrait of his cranky boss writing about everything from Sanders's famous mittens to his love of picket lines and Motown songs to his distaste for the inane droning of cable news commentators to his prescient fear that Donald Trump was nuts and would upend democracy Maureen Dowd New York Times The Fighting Soul is an unforgettable chronicle of life on the road with Bernie Sanders and the first in depth portrait of this fiercely independent and famously private left wing firebrand As a close advisor and deputy campaign manager on Sanders's most recent presidential campaign the tireless Ari Rabin Havt spent more hours between 2017 and 2020 with the Vermont senator than anyone else The Fighting Soul is a behind the scenes account of Sanders's run including his heart

Where We Go from Here Bernie Sanders, 2018-11-27 During his campaign for President in 2016 Senator Bernie Sanders repeatedly stated that the future of America was dependent upon its willingness to start a political revolution Real change never occurs from the top down it always happens from the bottom up That's what he said when he ran for President and that's what he believes now more than ever At a time of massive and growing wealth inequality with the US moving closer and closer to an oligarchic form of society and in the shadow of the most reactionary Presidency in the history of the Republic Sanders is calling for an unprecedented grassroots political movement to stand up to the greed of the billionaire class and the politicians they own And the good news is progress is being made In this important new book America's most popular political figure speaks about what he's been doing to oppose the Trump agenda and strengthen the progressive movement how America can go forward as a nation and the impact that can have on the global stage In an era that leaves many liberal and progressive voters feeling frustrated about politics Bernie Sanders shows what he stands for not just what he stands against In this book he details the core values of the progressive movement and translates them into the actions that will truly uplift the nation and the world Praise for Bernie Sanders A decent honest person It's pretty unusual in the political system Noam Chomsky Gives us a glimpse of what politics could be like Yanis Varoufakis Bernie Sanders has changed US politics forever Owen Jones
