Bernie Sanders Warren:

The Rebels Joshua Green, 2024-01-09 One of the best and most readable overviews of the Democrats evolution on economic issues over the past half century The Wall Street Journal Fast paced sober yet hopeful Green is a first rate journalist The Atlantic One of Politico s 10 books we re looking forward to in 2024 From the author of the 1 New York Times bestseller Devil s Bargain comes the revelatory inside story of the uprising within the Democratic Party of the economic populists led by Elizabeth Warren Bernie Sanders and Alexandria Ocasio Cortez In his classic book Devil s Bargain Joshua Green chronicled how the forces of economic populism on the right led by the likes of Steve Bannon turned Donald Trump into their flawed but powerful vessel In The Rebels he gives an epic account of the long struggle that has played out in parallel on the left told through an intimate reckoning with the careers of the three political figures who have led the charge most prominently Based on remarkable inside sourcing and razor sharp analysis The Rebels uses the grand narrative of a political party undergoing tumult and transformation to tell an even larger story about the fate of America For many years as Green recounts the Democrats made their bed with Wall Street and big tech relying on corporate money for electioneering and embracing the worldview that technological and financial innovation and globalization were a powerful net good a rising tide lifting all boats Yes there were howls of pain but they were written off by most of the elites as the moaning of sore losers mired in the past There were always some Democratic politicians representing the old labor base who resisted the new dispensation but these figures never made it very far on a national level For one thing they didn t have the money But as income inequality ballooned widening the gulf between the wealthy elite and everyone else pressures began to build With the 2008 crisis those forces finally erupted into plain sight turning this book s protagonists into national icons At its heart The Rebels tells the riveting human story of the rise and fight of Elizabeth Warren Bernie Sanders and Alexandria Ocasio Cortez from the financial crisis on as outrage over the unfairness of the American system formed a flood tide of political revolution That same tide that would sweep Trump into office was blunted on the left as the Democratic party found itself riven by culture war issues between its centrists and its progressives But the winds behind economic populism still howl at gale force Whether the Democrats can bridge their divisions and home in on a vision that unites the party and perhaps even the country in the face of the most violently deranged political landscape since the Civil War will be the ultimate test of the legacies of all three characters A masterful account of one of the defining political stories of our age The Rebels cements Joshua Green s stature at the first rank of American writers explaining how we ve arrived at this pass and what lies ahead

The Capitalist Comeback Andrew Puzder, 2018-04-24 Andy Puzder the former CEO of Carl s Jr and Hardee s says that capitalism is not a dirty word and thankfully President Trump understands this his pro business policies will bring back economic growth and secure our future As a successful CEO in the restaurant industry Andy Puzder uniquely understands how important the profit motive is to our country s ultimate prosperity Furthermore as the grandson of immigrants the son of

a car salesman and someone who worked his way up from earning minimum wage to running an international business he has a first hand view of how America's exceptional capitalist spirit can lift everyone to success In 2016 the American people faced a stark choice between two very different presidential candidates Hillary Clinton spent most of her adult life involved in politics and promised to uphold and advance the progressive legacy of President Barack Obama who had first won the White House on promises to spread the wealth around Donald Trump on the other hand came from the business world was an unabashed capitalist used his own personal wealth as inspiration and promised simply to Make America Great Again By choosing Trump over Clinton the American people put a stop to decades of government expansion under progressive leadership and they might just have saved our economy by doing so America was once a land where everyone was encouraged to seek their fortune the more prosperous our citizens the more our whole society could in turn prosper But leftist forces in the United States have been seeking to tarnish the pursuit of prosperity and to paint profit as an evil motivation fit only for greedy plutocrats Andrew Puzder understands this first hand after a progressive smear campaign stopped him from joining President Trump's cabinet As Puzder explains in his new book *The Capitalist Comeback* this was an act of desperation from a left wing facing irrelevance with a pro business president in the White House From its roots in the Progressive Era to labor unions to education to entertainment to its political resurgence with avowed socialist candidates such as Bernie Sanders Puzder traces the development of the anti profit forces in the United States and shows how under President Trump they can be vanquished for good

Ladewig, 2024-07-05 This book tells the story of the 2020 presidential election campaign exploring how Joe Biden secured the Democratic nomination and defeated Donald Trump in the general election It argues that Democratic Party elites paved the way for Biden's victory enabling him to overcome numerous campaign missteps to defeat one of the largest wealthiest most competitive fields in history It details how elites discouraged potential rivals from entering the race orchestrated rules to truncate the field and steered voters toward Biden's candidacy both directly and indirectly It shows how they helped the Biden campaign overcome early defeats
