Political Agendas for Education Joel Spring, 2017-07-14

Following the epic contentious 2016 presidential election, Joel Spring's ongoing documentation and analysis of political agendas for education reflect the major political issues since 2012. Here he examines the 2016 education planks of the Republican, Democratic, Libertarian, and Green Parties using their official platforms and other statements, speeches given by each candidate and media reports and publications. Each party's position is linked to previous political movements in education. Spring offers an alternative agenda for American schools including a proposed education amendment to the U.S. Constitution and replacing human capital agendas with goals emphasizing education for a long life and happiness. Taking a fresh look at the social and political forces, educational research and ideologies shaping their educational agendas and a comparative approach, the book stimulates reflection and discussion. How No Child Left Behind and Democratic President Barack Obama opened doors to the growth of the for-profit education industry and investment bankers. The 2016 Democratic positions on the cost of higher education and student loan debts. The Democratic left as represented by the 2016 campaign of Democrat Bernie Sanders and his influence on the presidential candidate Hillary Clinton and the Democratic Party platform. The education proposals of the Green and Libertarian parties.

Our Revolution Bernie Sanders, 2016-11-15

The New York Times bestselling memoir by the longest serving political independent in Congressional history. When Bernie Sanders began his race for the presidency, it was considered a fringe campaign by the political establishment and the media, something not to be taken seriously. After all, he was just an Independent senator from a small state with little name recognition. His campaign had no money and no political organization, and it was taking on the entire Democratic Party establishment. By the time Sanders's campaign came to a close, however, it was clear that the pundits had gotten it wrong. Bernie had run one of the most consequential campaigns in the modern history of the country. He'd received more than 13 million votes in primaries and caucuses throughout the country, he won twenty-two states and more.

than 1 4 million people had attended his public meetings Most important he showed that the American people were prepared to take on the greed and irresponsibility of corporate America and the 1 percent In Our Revolution Sanders shares his personal experiences from the campaign trail And for the millions looking to continue the political revolution he outlines a progressive economic environmental racial and social justice agenda that will create jobs raise wages protect the environment and provide health care for all and ultimately transform our country and our world for the better For him the political revolution has just started The campaign may be over but the struggle goes on Includes photographs **Where We Go from Here** Bernie Sanders,2018-11-27 **Trumpism** Carter A. Wilson,2021-11-02 Trumpism Race Class Populism and Public Policy is divided into two parts Part One examines the foundation of Trumpism Trump s form of populism Trump s political ideas and Trump s base of support The text defines Trump as a right wing populist His political base emerged out of four political movements the conservative evangelical Christian the Tea Party the economic elite and the white nationalist movements Part Two examines Trump s public policy agenda It covers labor health care social welfare voting rights and police policies A review of these policy areas reveals a consistent pattern a public policy agenda committed to weakening labor power hacking away at the Affordable Care Act shredding the social safety net eviscerating voting rights and constructing a racially repressive police state The central theme is that despite his popular appeal to white workers and conservative evangelical Christians Trump s public policy agenda favored the upper class exacerbated inequality and had its most devastating impact on low income white workers and minorities

individuals control the economic political and media life of a nation It is a system in which ordinary people have very little power to determine the future of their country If you're an American it is the system in which you're living That must change In the wealthiest nation on earth we must build a political movement that creates a government that represents all Americans not just a handful of billionaires Bernie Sanders NEW YORK TIMES BESTSELLER Senator Bernie Sanders breaks down the unprecedented crises we face today in Trump's America as Trump undermines democracy at every turn and how we can effectively fight back From the moment that Sanders began his Fighting Oligarchy tour in the early days of the Trump administration it was clear that his message resonated with Americans across the political spectrum Record breaking crowds numbering in the tens of thousands showed up across the country Large numbers of Americans in red states and blue states were prepared to stand up and fight back In this book he shows how we can continue that fight In a series of short pointed chapters Sanders explains how the United States today is an oligarchic society in which a small handful of multibillionaires exercise enormous economic and political power He describes what it means when the very rich get much richer while the majority of Americans struggle to pay the rent and put food on the table And he observes how a corrupt campaign finance system allows billionaires in both parties to increasingly control our political system Sanders also discusses how under Trump we are rapidly moving toward authoritarianism with a president who is undermining our democracy as he attacks Congress the courts the media and law firms and universities in search of more and more power for himself With relentless optimism and focused energy Sanders reminds readers that true power rests with the people and he presents a path forward to a reinvigorated democracy
