The End of White Politics Zerlina Maxwell, 2020-07-07 An MSNBC political analyst and former Hillary Clinton staffer examines the past and present problems of the Left and makes a compelling case for how to take back our government and secure a better future

for America In the entire history of the United States of America we've never elected a woman as our president And we've only had one president who was not a white man After working on two presidential campaigns for Barack Obama and Hillary Clinton MSNBC political analyst and SiriusXM host Zerlina Maxwell gained first hand knowledge of everything liberals have been doing right over the past few elections and everything they are still doing wrong Ultimately these errors worked in President Donald Trump's favor in 2016 he effectively ran a campaign on white identity politics successfully tapping into white male angst and resistance In 2020 after the Democratic Party's most historically diverse pool of presidential candidates finally dwindled down to Joe Biden once again an older white man Maxwell has posed the ultimate question what now liberals Fueled by Maxwell's trademark wit and candor *The End of White Politics* dismantles the past and present problems of the Left challenging everyone from scrappy young Bernie Bros to seasoned power players in the Billionaire Boys Club No topic is taboo whether tackling the white privilege that enabled Mayor Pete Buttigieg's presidential run the controversial HashtagActivism of the Millennial generation the massive individual donations that sway politicians toward maintaining the status quo of income inequality or the lingering racism that debilitated some Democratic presidential contenders and cut their promising campaigns short Maxwell pulls no punches in her fierce critique However underlying all of these individual issues Maxwell argues that it's the liberal minded party's struggle to engage women and communities of color and its preoccupation with catering to the white male working class that threatens to be its most lethal shortfall The times and the demographics are changing and in order for progressive politics to prevail we must acknowledge our shortcomings take ownership of our flaws and do everything in our power to level the playing field for all Americans *The End of White Politics* shows exactly how and why progressives can lean into identity politics empowering marginalized groups and uniting under a common vision that will benefit us all TIME 100 Must Read Books of 2020 Witty and piercing TIME **Rebellion in America** Anthony DiMaggio, 2020-02-21 In a time of rising inequality and plutocratic government citizens movements are emerging with growing frequency to offer populist challenges to the declining living standards of masses of Americans and to protest the conditions through which individuals suffer in poor communities across the country This book looks at the progression of modern social uprisings in the post 2008 period including the Tea Party Occupy Wall Street Black Lives Matter the Bernie Sanders Revolution Trump's populism the anti Trump revolt and MeToo A key theme is that populism and mass anger at the political economic status quo take different forms depending on whether the protests are progressive left or right wing in orientation Employing theories of elite politics and pluralism and using a mixed methods approach Anthony DiMaggio harnesses his rich experience with movement politics and his engagement with a wide range of media and public opinion data to explain where we are today and how we got here always with an eye on moving ahead Aimed at courses on social movements wherever they're taught this book also offers general readers insight into contemporary politics and protest **The Future of Media** Robert McChesney, Russell Newman, Ben Scott, 2005 A collection of thinking from the
