Mac), 2020-06-27 Time was meaningless Death was waiting Anything touching ground zero that showed the barbarous revenge of the Vietcong ended in a dried bloodbath for whoever served South Vietnam s government This all happened after North Vietnam s last invasion succeeded on April 30 1975 Humanity absented itself into the hell of a prison that was called re education Vietcong killed the soldiers and public servants of South Vietnam using the cruel methods of the Khmer Rouge in Cambodia Prisoners were executed tortured lacked food endured illness without medicine and were subjected to forced labor which created spiritual intimidation The Vietcong killed about 165 000 among 800 000 prisoners while the leftists in society concealed the human rights violations of the Vietcong Author Quang Hong Mac survived escaping by boat after spending more than five years in a Vietcong re education camp He resettled in the U S and continues to fight for democracy Sharing his untold stories with U S public officials and another former Vietcong prisoner this book was written to debunk paranoid socialists in democratic countries The author believes his book can inform the Western World the truth about communism and socialism

The Intellectual Dark Web Jamie Q Roberts, 2025-03-17 Outside of the progressive academics and activists whose ideology came to dominate the West in the second decade of the twenty first century arguably no group influenced public discourse as much as the Intellectual Dark Web Challenging the restrictive and relativistic intellectual and cultural

orthodoxies on the left that engulfed universities the media and big tech this group a loose collective of politically diverse intellectuals commentators and scholars critical of political correctness identity politics and cancel culture relied on alternative platforms like podcasts digital magazines and YouTube to advocate for free speech universal rights and individual liberty While the term is most commonly identified with Jordan Peterson Sam Harris Ben Shapiro Claire Lehmann Douglas Murray and Joe Rogan as author Jamie Q Roberts shows the group s concerns and philosophy extended more broadly to include a wide range of individuals who helped mainstream critiques of woke culture and a robust defense of free speech including Steven Pinker Jonathan Haidt Ayaan Hirsi Ali Stephen Fry and Elon Musk Although the Intellectual Dark Web s coherence began to unravel in the early 2020s due to internal differences such as over the response to COVID 19 and climate change it played a determining role in changing the politico cultural landscape influencing both electorally successful right wing platforms and playing a major role in the rise of an independent media ecosystem that is today in many ways more influential than mainstream media Indeed as Roberts argues the Intellectual Dark Web s full legacy and historical impact is yet to be determined The ideas and principles its members championed continue to define not only the ongoing effort to protect universal rights and individual freedoms but also the current and future direction of global policy and politics

looking sustainable and more just United States of America and is eager to change the course of history Where We Go from Here Bernie Sanders, 2018-11-27 **2020 the Campaign Chronicles** JD Foster, 2021-02-17 The 2020 campaign began with the 2016 election of Donald J Trump and effectively rendered a verdict on his presidency The Democratic Party sifted through a small army of worthies to defeat Trump and in former Vice President Joe Biden they found their champion Biden claimed the nomination following a phoenix like rise propelled by a miraculous South Carolina primary victory Backed by the party establishment and the mainstream media Biden's weak campaign proved sufficient by a handful of votes in a handful of states and leaving Biden with little mandate other than to avoid being like Trump The story of the 2020 election is in part a story of America and the Trump presidency a stormy marriage of highs and lows shaped by contrived investigations into Russian government interference a failed impeachment a welcomed intolerance for sexual harassment the exposure of deep racial divisions highlighted by widespread and often violent rioting accompanied by a re examination of the role of the police a strong economy until crushed by the coronavirus pandemic and then the pandemic tragedy itself The Trump presidency's four years astounded for better or for worse depending on point of view This book chronicles the 2020 election and thus the events that shaped the election over the course of four years written contemporaneously to capture the flavor of the moment praising and criticizing Trump and his many antagonists in equal measure Those enamored of the former president will find succor and outrage as will those who delighted in his defeat Those seeking to understand what happened will find the reading interesting infuriating and perhaps in places illuminating **Gender and Elections** Susan J. Carroll, Richard L. Fox, 2018-01-18 The fourth edition of Gender and Elections offers a systematic lively multi faceted account of the role of gender in the electoral process through the 2016 elections This timely yet enduring volume strikes a balance between highlighting the most important development for women as voters and candidates in the 2016 elections and providing a more long term in depth analysis of the ways in which gender has helped shape the contours and outcomes of electoral politics in the United States Individual chapters demonstrate the importance of gender in understanding and interpreting presidential elections presidential and vice presidential candidacies voter participation and turnout voting choices congressional elections the political involvement of Latinas the participation of African American women the support of political parties and women's organizations candidate communications with voters and state elections Without question Gender and Elections is the most comprehensive reliable and trustworthy resource on the role of gender in electoral politics **Why Bernie Sanders Matters** Harry Jaffe, 2015-12-22 Missionary Radical Hippy Revolutionary Red Mayor Pragmatist Socialist Hot from the campaign trail a vivid new biography that goes inside Bernie Sanders's contradictions his unusual life and his electrifying quest to make the American dream a reality for all Vermont Senator Bernie Sanders may be the least political person in politics a brusque unpolished Jewish Socialist from Brooklyn with deep seated convictions and distaste for small talk He is also at seventy four the rising star of the Democratic party whose underdog bid for the presidential nomination has hit the

marks of a serious contender He's competitive with and in some cases leading Hillary Clinton in early state polls He's closed the fundraising gap and is drawing crowds of thousands to campaign rallies Why Because where most candidates are calculating and rehearsed Sanders is frank authentic and impassioned For thirty years he has spoken out against income inequality environmental injustice and privatized healthcare Now amid an ever widening chasm between the rich and the rest and growing voter disenchantment the country is listening With reporting from inside the campaign personal relationships with Sanders's friends and colleagues and meticulous research noted reporter Harry Jaffe offers an engaging insightful portrait of the ultimate outsider candidate charting Sanders's course from Brooklyn to Burlington and now to Des Moines and beyond Within the untold narrative of Sanders's origins and political development he also examines the growth of the progressive movement and the recent developments including the Occupy movement the Great Recession and the rise of the millennial generation that have shifted Sanders's views from fringe to focal point At once a captivating biography and a thought provoking window into the contemporary political landscape this will become the defining account of a pivotal moment in American history

Where We Go from Here Bernie Sanders, 2018-11-27 The inspiring national bestseller from the U S Senator and leading Democratic candidate for president about the fierce fight for democracy and social justice and what we need to do next In *Where We Go from Here* New York Times bestselling author Bernie Sanders reveals the blueprint for his 2020 presidential run by chronicling the day by day struggles that he and his progressive colleagues have waged over the last two years in the fight against Donald Trump's reactionary agenda and for a government that works for all not just wealthy campaign contributors At home Sanders has helped lead the fight for Medicare for all fought for workers desperate

for higher wages and supported immigrants in the DACA program and children affected by gun violence He has stood with the people of Puerto Rico devastated by Hurricane Maria as well as veterans teachers the incarcerated the persecuted and all those who are too often ignored by Washington Abroad his voice has been clear that we need a foreign policy that strives for peace not war and international cooperation to address the crisis of climate change The good news is we re making progress People all across America are standing up to the most dishonest and reactionary president in our history They re taking on establishment politicians who ve turned a blind eye to the concerns of everyday citizens They re fighting back against the oligarchs of Wall Street who would happily see our children do worse than their parents so long as the Dow does better And the general public continually demonstrates that we are more united than the media would allow us to believe and what we agree on are largely progressive ideals Maintaining a vibrant democracy has never been easy and in these dangerous and unprecedented times it has been more difficult than ever Bernie Sanders shows however that we can repair the damage Trump has done and create a nation based on the principles of economic social racial and environmental justice

[Fight Oligarchy](#) Senator Bernie Sanders,2025-10-21 Oligarchy is a system in which a small number of extremely wealthy individuals control the economic political and media life of a nation It is a system in which ordinary people have very little power to determine the future of their country If you re an American it is the system in which you re living That must change In the wealthiest nation on earth we must build a political movement that creates a government that represents all Americans not just a handful of billionaires Bernie Sanders NEW YORK TIMES BESTSELLER Senator Bernie Sanders breaks down the unprecedented crises we face today in Trump s America as Trump undermines democracy at every turn and how we can effectively fight back From the moment that Sanders began his Fighting Oligarchy tour in the early days of the Trump administration it was clear that

his message resonated with Americans across the political spectrum Record breaking crowds numbering in the tens of thousands showed up across the country Large numbers of Americans in red states and blue states were prepared to stand up and fight back In this book he shows how we can continue that fight In a series of short pointed chapters Sanders explains how the United States today is an oligarchic society in which a small handful of multibillionaires exercise enormous economic and political power He describes what it means when the very rich get much richer while the majority of Americans struggle to pay the rent and put food on the table And he observes how a corrupt campaign finance system allows billionaires in both parties to increasingly control our political system Sanders also discusses how under Trump we are rapidly moving toward authoritarianism with a president who is undermining our democracy as he attacks Congress the courts the media and law firms and universities in search of more and more power for himself With relentless optimism and focused energy Sanders reminds readers that true power rests with the people and he presents a path forward to a reinvigorated democracy *The Year Left*, 1990

The Fighting Soul Ari Rabin-Havt, 2023-03-07 An unparalleled and intimate account of Bernie Sanders from one of his most trusted confidants Bernie Sanders inspires fervent love and even among his enemies a measure of grudging respect yet curiously we know little about who the man really is with Sanders deliberately keeping the focus on his policies Now with *The Fighting Soul* Ari Rabin Havt takes us where no profiles or televised interviews have been able to go As a close advisor and deputy campaign manager on Sanders's most recent and likely last presidential campaign the tireless Rabin Havt spent more hours between 2017 and 2020 with the Vermont senator than anyone else Traveling the country for rallies and to support striking workers the two visited thirty six states drove tens of thousands of miles and ate in countless chain restaurants One result was a meteoric and galvanizing presidential campaign Another is *The Fighting Soul* an unforgettable chronicle of life on the road with Sanders and the first in depth portrait of this fiercely independent and famously private left wing firebrand Sanders's second bid for the presidency began in Rabin Havt's apartment in Washington DC in January 2018 From there Rabin Havt offers a behind the scenes account of Sanders's run including his heart attack in Las Vegas his notorious debate encounter with fellow progressive Elizabeth Warren and a momentous conversation between Sanders and Barack Obama that has never been reported before At every step Rabin Havt shows us Bernie Sanders when the cameras turn off his dry sense of humor his views of his young supporters the pivotal role his wife Jane plays in every decision he makes and more Delving into Sanders's life and career with moving glimpses of his childhood in Brooklyn and first forays into politics in Burlington Rabin Havt discloses that Sanders is shocked by his ascent Ari my parents would tell me I was crazy if I told them I would become a senator much less could become president of the United States Though his campaign ended in abrupt and unexpected defeat Sanders has pushed the Democratic Party to the left and helped remake American politics as Rabin Havt suggests he has done more to shape our history than anyone else who has not reached the White House Revelatory and heartfelt *The Fighting Soul* depicts the rare politician motivated by principle not power *Fire*
