## Bernie Sanders Imgur:

**Poetry and Contemporary Visual Culture / Lyrik und zeitgenössische Visuelle Kultur** Magdalena Elisabeth Korecka, Wiebke Vorrath, 2023-10-24 This book's goal is to determine the significance of visual culture in the production of contemporary poetry and to sound out the insights poetry might generate into contemporary visual culture. Its main hypothesis is that poetry holds considerable potential for post-digital language, image and media criticism. The visual dimensions of recent poetry encompass, for instance, kinetic writing in digital poetry, visual elements in social media poems and spoken and written text-image interactions in poetry films as well as in book poetry. The articles examine these medial correlations and their political implications by asking how visual culture is applied, exposed and debated in poetry. This volume brings together contributions by authors from various countries working in disciplines such as literary media and film studies, linguistics, cultural and visual culture studies and in poetic practice. It covers poetry in English, German, Norwegian, Polish, Ukrainian, Russian, Serbian and also multilingual works. The book thus aims to promote international exchange between poetry researchers and stimulate further investigation into current relations between poetry and visuality from additional research perspectives and languages.

**Fake News** Melissa Zimdars, Kembrew McLeod, 2020-02-18 New perspectives on the misinformation ecosystem that is the production and circulation of fake news. What is fake news? Is it an item on Breitbart, an article in The Onion, an outright falsehood disseminated via Russian bot or a catchphrase used by a politician to discredit a story he doesn't like? This book examines the real fake news, the constant flow of purposefully crafted, sensational, emotionally charged, misleading or totally fabricated information that mimics the form of mainstream news. Rather than viewing fake news through a single lens, the book maps the various kinds of misinformation through several different disciplinary perspectives, taking into account the overlapping contexts of politics, technology and journalism. The contributors consider topics including fake news as disorganized propaganda, folkloric falsehood in the Pizzagate conspiracy, native advertising as counterfeit news, the limitations of regulatory reform and technological solutionism. Reddit's enabling of fake news, the psychological mechanisms by which people make sense of information and the evolution of fake news in America. A section on media hoaxes and satire features an oral history of and an interview with prankster activists the Yes Men, famous for parodies that reveal hidden truths. Finally, contributors consider possible solutions to the complex problem of fake news: ways to mitigate its spread, to teach students to find factually accurate information and to go beyond fact checking. Contributors: Mark Andrejevic, Benjamin Burroughs, Nicholas Bowman, Mark Brewin, Elizabeth Cohen, Colin Doty, Dan Faltesek, Johan Farkas, Cherian George, Tarleton Gillespie, Dawn R. Gilpin, Gina Giotta, Theodore Glasser, Amanda Ann Klein, Paul Levinson, Adrienne Massanari, Sophia A. McClenen, Kembrew McLeod, Panagiotis Takis Metaxas, Paul Mihailidis, Benjamin Peters, Whitney Phillips, Victor Pickard, Danielle Polage, Stephanie Ricker, Schulte, Leslie Jean Thornton, Anita Varma, Claire Wardle, Melissa Zimdars, Sheng Zou.
