Overrun Todd Bensman, 2023-02-21 Todd Bensman tells the truth about illegal immigration and how it is not a victimless crime With immigration front and center this year his book is a must read Thomas Homan former Acting Director of Immigration and Customs Enforcement 2017 2018 and author of *Defend the Border and Save Lives Solving Our Most Important Humanitarian and Security Crisis* The time has come to acknowledge and comprehend that America is weathering the worst mass border migration event in the nation s history Millions of foreign nationals have overrun the southern border starting on Inauguration Day in 2021 and millions more will cross over by the end of President Joe Biden s term in 2024 This event is historic by all measures exceeding even the storied chronicles of Ellis Island and portends the same permanent change for the nation Unfortunately a fog of a fierce partisan information war obscures that it is even happening as well as basic truths Americans desperately need to have about this historic event Radical ideologues whose ideas even the modern Democratic Party had always rejected gained power in 2021 and with impunity implemented an extreme reality divorced theology about immigration Americans never voted for their experiment or the irrevocable

Henwood,2016-07-05 Hillary Clinton is running for the presidency with a message of hope and change But as Doug Henwood makes clear in this concise devastating indictment little trust can be placed in her campaign promises Rigorously reviewing her record Henwood shows how Clinton s positions on key issues have always blown with the breeze of expediency though generally around an axis of moralism and hawkishness Without a meaningful program other than a broad fealty to the status quo Henwood suggests the case for Hillary boils down to this she has experience she s a woman and it s her turn

Nativist Nation Clifford Young,Kirby Goidel,2025-11-03 This book presents nativism the notion that foreign born immigrants are not real Americans as the leading ideological feature of American politics Clifford Young and Kirby Goidel offer a rigorous and operational definition of nativism that in combination with original survey data explores public attitudes about who counts as an American They explain the economic demographic and cultural circumstances that cause this condition to break through and demonstrate its distinguishing policy preferences Not only do the authors define the US as a Nativist Nation historically they also show how it has profoundly affected contemporary politics Specifically they look at the primary elections in 2015 2016 during which Donald Trump tapped into a wellspring of nativist sentiment and found a receptive audience thanks to bold rhetoric **Representative American Speeches** Albert Craig Baird,Lester
