**The Kind-Hearted Smartass - Volume 3: Maybe The Best of the Trilogy** Craig Rozniecki, 2019-02-17 In this book Rozniecki tackles every random topic a Mensa member could think up and if it were possible even more In The Kind Hearted Smartass Volume 3 Maybe The Best of the Trilogy you'll learn all about how a Tinder CEO didn't know the definition of sodomy why the TGI Fridays mistletoe drones idea was worse than slippers in sandals what the next hangry might be and how online IQ tests read to a snarky mind Not only that Rozniecki provides the top ten times when it's best to not take a selfie explains how Congress is like a marriage points out the fact that the Flonase tagline is stupid and crushes Americans hopes that Facebook's Mark Zuckerberg will give them all of his money cars homes and beauty tips

**On the Question of Truth in the Era of Trump**, 2020-04-28 Using a range of critical perspectives On the Question of Truth in the Era of Trump closely examines notions of truth in crisis leading up to and after the election of Donald Trump The authors explore how truth is constructed along the lines of race social class and gender as filtered through the self referential characteristics of social media in particular The authors assert that the US left has shown itself inadequate to the task of confronting right wing ideologies which have only intensified since the 2016 election resulting in increased mobilization of white supremacist and nationalist groups Whether underestimating Trump by downplaying the threat of his candidacy during the primaries trivializing the concerns of women and minorities as identity politics or rushing to prioritize the free speech rights of the far right left academics and the media have found themselves unable to use their traditional arsenal of evidence rational discourse and appeals to diversity of viewpoints The authors assert that political resistance to the right is not a matter of playful use of signs and symbols or discourse alone and has to be fought directly and in solidarity At this point it is clear that Trump and his supporters have not just deployed relativism as a form of strategy but have fully weaponized it against their perceived enemies women immigrants minorities LGBTQ people along with educational scientific and journalistic institutions It is hoped that this in depth critical dissection of truth in the current political reality will assist in the project of resistance Contributors are Faith Agostinone Wilson Mike Cole Jeremy T Godwin Jones Irwin Austin Pickup Daniel Ian Rubin and Eric C Sheffield

debates    **Rhetoric and Governance under Trump** Bernd Kaussler,Lars J. Kristiansen,Jeffrey Delbert,2020-07-09  
Rhetoric and Governance under Trump Proclamations from the Bullshit Pulpit analyzes the rhetoric of Donald Trump to argue that Trump's deeply illiberal rhetoric cruel policies corruption disruptive foreign policy and disdain for the rule of law makes him a textbook populist. However his embrace of mainstream conservative policies and the culture war narratives that come with them made him a rather conventional Republican. Being more plutocrat than populist Trump had to bridge this fundamental contradiction by employing populist and polarizing rhetoric alongside fabricated crises to uphold the veneer of being an anti status quo politician. Bernd Kaussler Lars J Kristiansen and Jeffrey Delbert argue that for Trump bullshit confrontational politics and fear has emerged as a vital political strategy. Through an analysis of Trump's first three years in office the authors find that President Trump governed using a communication strategy that a denied facts relied heavily on bullshit lies and fabricated counter narratives b attacked news outlets and the opposition to foster identity based polarization in order to sideline critics and stir up factions for specific political ends and c dismissed legitimate criticism of policies and the conduct of the administration and the president himself as fake news. Kaussler Kristiansen and Delbert argue that the repeated use of this strategy along with a mixture of public complacency and concerted efforts on the part of his own party has allowed Trump to work toward normalizing these lies and cover ups throughout his tenure only further exacerbating the highly polarized and partisan political environment in the United States. Scholars of rhetoric communication political science and media studies will find this book particularly useful

**Beyond Contempt** Erica Etelson,2019-12-10 A guide to productive dialogue across ideological divides with practical tools for building trust defusing hostility and approaching hot button topics. With the election of President Biden many liberals thought that the world of political discourse would somehow go back to normal. But the continued extremism of Republican politicians and conservative pundits has only stoked the flames of progressive disdain in ways that make it harder than ever to engage in civil debate. In *Beyond Contempt* Erica Etelson shows us how to communicate effectively across the political divide without soft pedaling our beliefs or playing into the hands of divisive politicians. Using Powerful Non Defensive Communication skill sets we can express ourselves in ways that inspire open minded consideration instead of triggering defensive reactions. With detailed instruction and helpful examples Etelson demonstrates how we can open hearts and minds in unexpected ways
