has been more difficult than ever Bernie Sanders shows however that we can repair the damage Trump has done and create a nation based on the principles of economic social racial and environmental justice **Outsider in the White House** Senator Bernie Sanders,2019-09-03 Bernie Sanders s political autobiography with an updated afterword that brings his story up to the 2020 presidential campaign Explaining where he comes from and how his politics were formed Senator Bernie Sanders describes in detail how after cutting his teeth in the Civil Rights movement he helped build an extraordinary grassroots political campaign in Vermont making it possible for him to become the first independent elected to the US House of Representatives in forty years He is now the longest serving independent in US political history An extensive afterword by the Nation s National Affairs correspondent John Nichols continues the story with Sanders s entrance into the Senate the drama of the 2016 Democratic Primary his ongoing resistance to Trump and the thrilling launch of his 2020 bid for the White House A new foreword by Nina Turner former president of Our Revolution and co chair of the Sanders for President campaign provides a rare glimpse of Bernie as a person *Outsider in the White House* is the story of a passionate and principled political life *Our Revolution* Bernard Sanders,2016-11-15 An inside account of Sanders extraordinary campaign and a blueprint for future political action **Where We Go from Here** Bernie Sanders,2018-11-27 [Fight Oligarchy](#) Senator Bernie Sanders,2025-09-30 Oligarchy is a system in which a small number of extremely wealthy individuals control the economic political and media life of a nation It is a system in which ordinary people have very little power to determine the future of their country If you re an American it is the system in which you re living That must change In the wealthiest nation on earth we must build a political movement that creates a government that represents all Americans not just a handful of billionaires Bernie Sanders NEW YORK TIMES BESTSELLER Senator Bernie Sanders breaks down the unprecedented crises we face today in Trump s America as Trump undermines democracy at every turn and how we can effectively fight back From the moment that Sanders began his Fighting Oligarchy tour in the early days of the Trump administration it was clear that his message resonated with Americans across the political spectrum Record breaking crowds numbering in the tens of thousands showed up across the country Large numbers of Americans in red states and blue states were prepared to stand up and fight back In this book he shows how we can continue that fight In a series of short pointed chapters Sanders explains how the United States today is an oligarchic society in which a small handful of multibillionaires exercise enormous economic and political power He describes what it means when the very rich get much richer while the majority of Americans struggle to pay the rent and put food on the table And he observes how a corrupt campaign finance system allows billionaires in both parties to increasingly control our political system Sanders also discusses how under Trump we are rapidly moving toward authoritarianism with a president who is undermining our democracy as he attacks Congress the courts the media and law firms and universities in search of more and more power for himself With relentless optimism and focused energy Sanders reminds readers that true power rests with the people and he presents a path forward

to a reinvigorated democracy **Where We Go from Here** Bernie Sanders, 2018-11-27 During his campaign for President in 2016 Senator Bernie Sanders repeatedly stated that the future of America was dependent upon its willingness to start a political revolution. Real change never occurs from the top down; it always happens from the bottom up. That's what he said when he ran for President and that's what he believes now more than ever. At a time of massive and growing wealth inequality with the US moving closer and closer to an oligarchic form of society and in the shadow of the most reactionary Presidency in the history of the Republic, Sanders is calling for an unprecedented grassroots political movement to stand up to the greed of the billionaire class and the politicians they own. And the good news is progress is being made. In this important new book, America's most popular political figure speaks about what he's been doing to oppose the Trump agenda and strengthen the progressive movement, how America can go forward as a nation and the impact that can have on the global stage. In an era that leaves many would-be liberal and progressive voters feeling frustrated about politics, Bernie Sanders shows what he stands for, not just what he stands against. In this book, he details the core values of the progressive movement and translates them into the actions that will truly uplift the nation and the world. Praise for Bernie Sanders: A decent, honest person. It's pretty unusual in the political system. Noam Chomsky. Gives us a glimpse of what politics could be like. Yanis Varoufakis. The Speech Bernie Sanders,2015-12-22 On Friday December 10 2010 Vermont Senator Bernie Sanders walked on to the floor of the United States Senate and began speaking It turned out to be a very long speech lasting over eight and a half hours And it hit a nerve Millions followed the speech online until the traffic crashed the Senate server A huge positive grassroots response tied up the phones in the senator s offices in Vermont and Washington President Obama reportedly held an impromptu press conference with former President Clinton to deflect media attention away from Sanders speech Editorials and news coverage appeared throughout the world In his speech Sanders blasted the agreement that President Obama struck with Republicans which extended the Bush tax cuts for millionaires and billionaires lowered estate tax rates for the very very rich and set a terrible precedent by establishing a payroll tax holiday diverting revenue away from the Social Security Trust Fund threatening the fund s very future But the speech was more than a critique of a particular piece of legislation It was a dissection of the collapse of the American middle class and a well researched attack on corporate greed and on public policy which over the last several decades has led to a huge growth in millionaires even as the United States has the highest rate of childhood poverty in the industrialized world It was a plea for a fundamental change in national priorities for government policy that reflects the needs of working families and not just the wealthy and their lobbyists Finally Sanders speech published here in its entirety with a new introduction by the senator is a call for action It is a passionate statement informing us that the only people who will save the middle class of this country is the middle class itself but only if it is informed organized and prepared to take on the enormously powerful special interests dominating Washington **Why**
