Heyward,2022-09-15 Hear the call to overcome today s culture of hate and bring healing and hope into our life together While right wing conservatives dare to call themselves Christians as they tear down equality and justice commit horrific acts of violence and fan the flames of fascism in America Carter Heyward issues a call to action for Christians to truly hear God s message of peace and love Heyward shows how American Christians have played a major role in building and securing structures of injustice in American life Rising tides of white supremacy threats to women s reproductive freedoms and to basic human rights for gender and sexual minorities the widening divide between rich and poor and increasing natural disasters and the extinction of Earth s species all point to a world crying out for God s wisdom Followers of Jesus must first call out these ingrained and sinful attitudes for what they are acknowledging what the culture of white Christian nationalism is doing to our country and our world and commit ourselves ever more fully to generating justice love whoever and wherever we are    Strangers and Scapegoats Matthew S. Vos,2022-08-16 We live in a world of oppositional relationships and increasing in group out group divisions Christian sociologist Matthew Vos explains how the problem of the stranger lies at the root of many problems humanity faces such as racism sexism and nationalism He applies classic sociological theory on the stranger to matters of faith and social justice showing that an identity in Christ frees us to love strangers as neighbors and friends The book also includes two guest chapters one on intersex persons and the church and one on stranger making in the correctional system    Bad Law Elie Mystal,2025-03-25 In this New York Times bestseller Elie Mystal offers a brilliant takedown of ten shocking pieces of legislation that continue to perpetuate hate racial bias injustice and inequality today an urgent yet hopeful read for our current political climate Mystal is a grassroots legal superhero and his superpower is the ability to explain to the masses in clear language the all too human forces at play behind the making of our laws Michael Eric Dyson New York Times bestselling author of Tears We Cannot Stop In Bad Law the New York Times bestselling author of Allow Me To Retort A Black Guy s Guide to the Constitution reimagines what our legal system and society at large could look like if we could move past legislation plagued by racism misogyny and corruption Through accessible yet detailed prose and trenchant wit Mystal argues that these egregiously awful laws his Bill of Wrongs continue to cause systematic and individual harm and should be repealed completely By exposing the flawed foundations of the rules we live by and through biting humor

and insight Bad Law offers a crisp pertinent take on abortion and the Hyde Amendment and the role federal funding or lack thereof has played in depriving women of necessary health and reproductive care immigration and illegal reentry and the illusions that have been sold to us regarding immigration policy reform and whiteness at large voter registration laws and how the right to vote has become a moral issue and ironically antidemocratic gun control and the Protection of Lawful Commerce in Arms Act and the extreme yet obvious dangers of granting immunity to gun manufacturers But as the man Samantha Bee calls irrepressible and righteously indignant and Matt Levine of Bloomberg Opinion calls the funniest lawyer in America points out these laws do not come to us from on high we write them and we can and should unwrite them In a fierce funny and wholly original takedown spanning all the hot button topics in the country today one of our most brilliant legal thinkers points the way to a saner tomorrow    *The Louisville & Nashville Employes' Magazine* ,1942    *The Hotline* ,1996-06

**Howdy Colonel** Marion R. Porter,1947    "Yes We Can" Wolfgang Mieder,2009 As President Barack Obama outlined his promise for change during the presidential campaign he made effective use of proverbs and proverbial phrases and invented many quotable epithets that have all the makings of future proverbs This book examines how Obama's natural and authentic reliance on traditional metaphors enhances his impressive rhetoric rather than reducing it to mere sound bites Proverbs with their often colorful metaphors add expressiveness and emotion to his communications giving people the opportunity to follow his pragmatic or philosophical arguments through common language No matter the subject Obama's prose contains metaphorical language that makes his rhetoric and oratory universally accessible This book contains detailed analyses of the proverbial rhetoric in Obama's books Dreams from My Father 1995 and The Audacity of Hope 2006 A section looks at his proverbial language in 229 speeches news conferences interviews and radio addresses and the final section presents in depth studies of his seven most significant addresses It includes a comprehensive contextualized index of 1714 proverbial texts found within the writings and speeches from Obama's political beginnings to his memorable inaugural address    **The Nation** ,1999    **The Graduate School, University of Kentucky Bulletin** University of Kentucky,1929
