our political system Sanders also discusses how under Trump we are rapidly moving toward authoritarianism with a president who is undermining our democracy as he attacks Congress the courts the media and law firms and universities in search of more and more power for himself With relentless optimism and focused energy Sanders reminds readers that true power rests with the people and he presents a path forward to a reinvigorated democracy **The Right Thing to Do** James Rachels, Stuart Rachels, 2026-01-08 The ninth edition of James Rachels and Stuart Rachels moral philosophy reader continues its legacy of providing students with foundational moral philosophy texts and a diverse collection of contemporary thought provoking essays **The New York Times Index** ,2008 **Against the New Authoritarianism** Henry A. Giroux, 2005 Against the New Authoritarianism traces the US descent into authoritarianism the rise of a ruthless market fundamentalism the emergence of a form of religious correctness that substitutes blind faith for critical reason the growing militarization of everyday life the corporate control of all elements of the dominant media and an educational fundamentalism aimed at destroying any vestige of critical education as a foundation for an engaged citizenry and a vibrant democracy Giroux examines the tragic events of Abu Ghraib and analyzes the conditions that made them possible all the while trying to understand the role that education plays in creating violations of human rights that one largely attributes to authoritarian regimes And he describes the need for progressives to develop a language of hope as a condition for critically engaged politics and the emergence of new social formations The book ends with an engaging personal interview with the author
