Owen Jones     **Fight Oligarchy** Senator Bernie Sanders, 2025-10-21 Oligarchy is a system in which a small number of extremely wealthy individuals control the economic political and media life of a nation. It is a system in which ordinary people have very little power to determine the future of their country. If you're an American it is the system in which you're living. That must change. In the wealthiest nation on earth we must build a political movement that creates a government that represents all Americans not just a handful of billionaires. Bernie Sanders' NEW YORK TIMES BESTSELLER Senator Bernie Sanders breaks down the unprecedented crises we face today in Trump's America as Trump undermines democracy at every turn and how we can effectively fight back. From the moment that Sanders began his Fighting Oligarchy tour in the early days of the Trump administration it was clear that his message resonated with Americans across the political spectrum. Record breaking crowds numbering in the tens of thousands showed up across the country. Large numbers of Americans in red states and blue states were prepared to stand up and fight back. In this book he shows how we can continue that fight. In a series of short pointed chapters Sanders explains how the United States today is an oligarchic society in which a small handful of multibillionaires exercise enormous economic and political power. He describes what it means when the very rich get much richer while the majority of Americans struggle to pay the rent and put food on the table. And he observes how a corrupt campaign finance system allows billionaires in both parties to increasingly control our political system. Sanders also discusses how under Trump we are rapidly moving toward authoritarianism with a president who is undermining our democracy as he attacks Congress the courts the media and law firms and universities in search of more and more power for himself. With relentless optimism and focused energy Sanders reminds readers that true power rests with the people and he presents a path forward to a reinvigorated democracy.

From another angle however he epitomizes the establishment. He has been a Washington insider for a quarter of a century and held ranking positions on the

Senate Budget Committee and Committee on Veterans Affairs How does such a paradox compute Ironically the same sky is falling attitude that propelled Sanders into a lefty circle of peaceniks and utopians is what whisked him off to the halls of Congress Sanders proves that individuals can sail from the fringe to the upper echelons from anonymity to superstar status without being corrupted without resorting to mealy mouthed platitudes He possesses a rare quality that most people let alone politicians lack but that strikes others especially voters as unmistakable authenticity There are few words so loosely misapplied to so many as authentic Yet it is a quality that eludes analysis it must be felt The adjective has almost no place in our modern politics which are dominated by sound bites disingenuous shysters and dark money Bernie Sanders challenges the narrative of a degenerate politics his popularity is a case study on the premium the American electorate places on integrity If nothing else this socialist demands our attention for that reason alone This is the story about how the loser became the winner by not letting the win spoil what once led him to lose
