Judis and Ruy Teixeira reveal the tectonic changes shaping the country's current political landscape that both pundits and political scientists have missed The Democratic Party once the preserve of small towns as well as big cities and of the industrial working class and the newly immigrated has abandoned and even actively alienated many of these voters In this clarion call and essential argument for common sense and common ground Judis and Teixeira reveal the transformation of American politics and provide a razor sharp critique of where the Democrats have gone awry and how they can avoid political disaster in the days ahead

*Common Sense for the Common Good* Gary E. Johnson, 2016-09-27 With the contentious 2016 U S presidential election cycle spinning into its final phases only one thing seems clear the American people are less than satisfied with the two major political parties candidates Gary Johnson Libertarian Party candidate for president and former two term Republican governor of New Mexico stakes his claim to the very center of the political spectrum His new e pamphlet *Common Sense for the Common Good* offers his approach to how a member of a third party acting as the Chief Arbiter of the U S can restore sanity and functionality to the highest office in the land Johnson succinctly shares his views on how the two party system is dysfunctional How its binary approach to issues doesn't reflect the multiplicity of viewpoints inherent in our contemporary

society How the nasty divisiveness that rules public and private discourse is endemic to this flawed and outdated system He offers his alternative to the dualistic electoral process and why he believes the on off black white I m right you re wrong thinking cripples our minds and grinds government to a halt He takes on the challenge of explaining Libertarianism as a philosophy that espouses Freedom of choice Limited government intrusion into our personal lives Free market capitalism Equalizing opportunity for all This e pamphlet sets the stage for Johnson s forthcoming book which is part memoir and part manifesto In just 50 pages he describes his own personal and political evolution He firmly believes that if the rigged electoral polling and debate processes were fair the vast majority of Americans would come to understand that their beliefs and values are best represented by the Libertarian Party *The Polling Report* ,1996 Our Revolution Bernie Sanders,2016-11-15 The New York Times bestselling memoir by the longest serving political independent in Congressional history When Bernie Sanders began his race for the presidency it was considered a fringe campaign by the political establishment and the media something not to be taken seriously After all he was just an Independent senator from a small state with little name recognition His campaign had no money and no political organization and it was taking on the entire Democratic Party establishment By the time Sanders s campaign came to a close however it was clear that the pundits had gotten it wrong Bernie had run one of the most consequential campaigns in the modern history of the country He d received more than 13 million votes in primaries and caucuses throughout the country he won twenty two states and more than 1 4 million people had attended his public meetings Most important he showed that the American people were prepared to take on the greed and irresponsibility of corporate America and the 1 percent In *Our Revolution* Sanders shares his personal experiences from the campaign trail And for the millions looking to continue the political revolution he outlines a progressive economic environmental racial and social justice agenda that will create jobs raise wages protect the environment and provide health care for all and ultimately transform our country and our world for the better For him the political revolution has just started The campaign may be over but the struggle goes on Includes photographs **Outsider in the White House** Bernie Sanders,2015-10-27 In this book Senator Bernie Sanders explains where he comes from He describes in detail how after cutting his teeth in the Civil Rights movement Sanders helped build an extraordinary grassroots political movement in Vermont making it possible for him to become the first independent elected to the U S House of Representatives in forty years and now the longest serving independent in U S political history An extensive afterword by The Nation s National Affairs correspondent John Nichols continues the story with Sanders s entrance into the Senate the drama of the 2016 Democratic Primary his ongoing resistance to Trump and the thrilling launch of his 2020 bid for the White House A new foreword by Nina Turner former president of *Our Revolution* and co chair of the Sanders for President campaign provides a rare glimpse of Bernie as a person *Outsider in the White House* tells the story of a passionate and principled political life Where We Go From Here Bernie Sanders,2018-11-27 During his campaign for President in 2016 Senator Bernie Sanders

stated over and over again that the future of America was dependent upon its willingness to start a political revolution Real change never occurs from the top down it always happens from the bottom up That s what he said when he ran for President and that s what he believes now more than ever At a time of massive and growing wealth inequality with the US moving closer and closer to an oligarchic form of society and in the shadow of the most reactionary Presidency in the history of the Republic Sanders is calling for an unprecedented grassroots political movement to stand up to the greed of the billionaire class and the politicians they own And the good news is progress is being made In this important new book America s most popular political figure speaks about what he s been doing to oppose the Trump agenda and strengthen the progressive movement how America can go forward as a nation and the impact that can have on the global stage In an era that leaves many would be liberal and progressive voters feeling frustrated about politics Bernie Sanders shows what he stands for not just what he stands against In this book he details the core values of the progressive movement and translates them into the actions that will truly uplift the nation and the world
