Kasper, Benjamin S. Schoening, 2018-11-15 Music has long played a role in American presidential campaigns as a mode of both expressing candidates messages and criticizing the opposition The relevance of music in the 2016 campaign for the White House took various forms in a range of American media a significant amount of popular music was used by campaigns many artist endorsements were sought by candidates ever changing songs were employed at rallies instances of musicians threatening legal action against candidates burgeoned and artists and others increasingly used music as a form of political protest before and after Election Day The 2016 campaign was a game changer similar to the development of music in the 1840 campaign when Tippecanoe and Tyler Too helped sing William Harrison into the White House The ten chapters in this collection place music use in 2016 in historical perspective before examining musical messaging strategy and parody The book ultimately explores causality how do music and musicians affect presidential elections and how do politicians and campaigns affect music and musicians The authors explain this interaction from various perspectives with methodological approaches from several fields including political science legal studies musicology cultural studies rhetorical studies and communications and journalism These chapters will help the reader understand music in the 2016 election to realize how music will be relevant in 2020 and beyond *Capitalism's Safety Net: News Media and the Far Right* Peter

Milonas, 2024-12-29 The influence of news coverage on the rise of far right ideologies is undeniable To better understand the potential impact of the liberal media on the development of authoritarian ultra nationalist xenophobic racist or reactionary views it is essential to explore the connection between dominant ideology and the role of news organizations in society Using my analytical framework I demonstrate how the mass media leverages the safety net to bolster far right candidates and parties and weaken radical left wing political groups and social movements particularly during capitalist crises My project goes beyond scrutinizing commercial media and critically analyzes the capitalist mode of production *Campaign for President* The Institute of Politics at the Harvard Kennedy School, 2017-06-29 In this book a distinguished group of presidential campaign staff journalists and political observers take us inside the 2016 race for the Republican and Democratic nominations and general election guiding us through each candidate's campaign from the time each candidate

announced his or her intention to seek the presidency through the primaries conventions and up to election day Meeting under the auspices of the Harvard University's Institute of Politics the candid discussion allows us to learn about the motivations of each candidate strategies they deployed and lessons they learned In addition representatives from the major SUPERPACS share their strategies and evaluate their impact in an election characterized by unprecedented campaign spending Campaign for President The Managers Look at 2016 is essential reading for anyone interested in the inner workings of national political campaigns Violence and Indigenous Communities Susan Sleeper-Smith,Jeff Ostler,Joshua L. Reid,2021-02-15 In contrast to past studies that focus narrowly on war and massacre treat Native peoples as victims and consign violence safely to the past this interdisciplinary collection of essays opens up important new perspectives While recognizing the long history of genocidal violence against Indigenous peoples the contributors emphasize the agency of individuals and communities in genocide's aftermath and provide historical and contemporary examples of activism resistance identity formation historical memory resilience and healing The collection also expands the scope of violence by examining the eyewitness testimony of women and children who survived violence the role of Indigenous self determination and governance in inciting violence against women and settler colonialism's promotion of cultural erasure and environmental destruction By including contributions on Indigenous peoples in the United States Canada the Pacific Greenland S pmi and Latin America the volume breaks down nation state and European imperial boundaries to show the value of global Indigenous frameworks Connecting the past to the present this book confronts violence as an ongoing problem and identifies projects that mitigate and push back against it *The Hollywood Reporter* ,1991 **TV Guide** ,2006 *Radio Advertising Source* ,2006 **Fight Oligarchy** Senator Bernie Sanders,2025-09-30 Oligarchy is a system in which a small number of extremely wealthy individuals control the economic political and media life of a nation It is a system in which ordinary people have very little power to determine the future of their country If you're an American it is the system in which you're living That must change In the wealthiest nation on earth we must build a political movement that creates a government that represents all Americans not just a handful of billionaires Bernie Sanders NEW YORK TIMES BESTSELLER Senator Bernie Sanders breaks down the unprecedented crises we face today in Trump's America as Trump undermines democracy at every turn and how we can effectively fight back From the moment that Sanders began his Fighting Oligarchy tour in the early days of the Trump administration it was clear that his message resonated with Americans across the political spectrum Record breaking crowds numbering in the tens of thousands showed up across the country Large numbers of Americans in red states and blue states were prepared to stand up and fight back In this book he shows how we can continue that fight In a series of short pointed chapters Sanders explains how the United States today is an oligarchic society in which a small handful of multibillionaires exercise enormous economic and political power He describes what it means when the very rich get much richer while the majority of Americans struggle to pay the rent and put food on the table And he observes how a corrupt campaign finance

system allows billionaires in both parties to increasingly control our political system Sanders also discusses how under Trump we are rapidly moving toward authoritarianism with a president who is undermining our democracy as he attacks Congress the courts the media and law firms and universities in search of more and more power for himself With relentless optimism and focused energy Sanders reminds readers that true power rests with the people and he presents a path forward to a reinvigorated democracy

How Bernie Won Jeff Weaver,2018-05-15 The brilliant manager of Bernie Sanders s 2016 presidential campaign shows how Bernie took on the entire establishment and changed modern American politics for good When Jeff Weaver hopped in a car with Bernie Sanders in the summer of 1986 he had no idea the Vermont backroads would lead them all the way to the 2016 presidential campaign In How Bernie Won Weaver shows how Bernie sparked a movement that would sweep America and inspire millions He vowed not to run a negative campaign He would focus on policies not personalities He would not be beholden to big money He would actually make America work for ordinary people Weaver also shows how they overcame significant challenges A media that thrived on negative campaigns A party controlled by insiders And a political system dependent on big money Weaver explains how Bernie beat them all and in doing so went from having little national name recognition when he entered to the race to being one of the most respected and well known people in the world by its end because Weaver argues Bernie won the race He moved the discussion from the concerns of the 1% to those of the 99% He forced the Democrats to remember their populist roots And he showed that an outsider with real ideas and ways to get them done could compete and win against the establishment s hand picked candidate From holding bags of Bernie buttons and picket stick signs to managing thousands of campaign workers to looking ahead to 2020 Weaver chronicles the birth of a revolution that didn t end in November 2016 It s only just begun
