**Hillary Clinton's Career in Speeches** Shawn J. Parry-Giles,David S Kaufer,Xizhen Cai,2023-09-01 Women candidates are under more pressure to communicate competence and likability than men And when women balance these rhetorical pressures charges of inauthenticity creep in suggesting the structural and strategic anti woman backlash at play in presidential politics Hillary Clinton demonstrated considerable ability to adapt her rhetoric across roles contexts genres and audiences Comparisons between Clinton s campaign speeches and those of her presidential opponents Barack Obama Bernie Sanders and Donald Trump show that her rhetorical range exceeded theirs And comparisons with Democratic women candidates of 2020 suggest they too exhibited a rhetorical range and faced a backlash similar to Clinton Hillary Clinton s Career in Speeches combines statistical text mining methods with close reading to analyze the rhetorical highs and lows of one of the most successful political women in U S history Drawing on Clinton s oratory across governing and campaigning the authors debunk the stereotype that she was a wooden and insufferably wonkish speaker They marshal evidence for the argument that the sexist tactics in American politics function to turn women s rhetorical strengths into political liabilities

**Bernie** Darcy Richardson,2015-08-19 The first major candidate for the presidency to seriously challenge the wealth and power of the financial oligarchy since Franklin D Roosevelt s New Deal and JFK s short lived presidency Senator Bernie Sanders has spent nearly 45 years in politics fighting on behalf of poor and working class citizens A sharp and insightful critic of the myriad failures of laissez faire capitalism a mythical economic philosophy fostered during the Reagan Era resulting in policies that have continued to coddle the rich while leaving millions of Americans perilously outside of the rapidly shrinking middle class the intrepid and forward looking Vermont lawmaker is the only presidential candidate speaking hard truths about the economic realities facing most Americans eight years after the devastating 2008 financial meltdown of Wall Street s making From his initial campaign for the U S Senate on the tiny Liberty Union ticket in the winter of 1972 to his current bid for the White House this meticulously detailed and thoroughly researched biography clearly illustrates how Battling Bernie the voice of the country s better self has spent a lifetime consistently fighting for America s poor and downtrodden as well as the vanishing middle class **2020 the Campaign Chronicles** JD Foster,2021-02-17 The 2020 campaign began with the 2016 election of Donald J Trump and effectively rendered a verdict on his presidency The

Democartic Party sifted through a small army of worthies to defeat Trump and in former Vice President Joe Biden they found their champion Biden claimed the nomination following a phoenix like rise propelled by a miraculous South Carolina primary victory Backed by the party establishment and the mainstream media Biden s weak campaign proved sufficient by a handful of votes in a handful of states and leaving Biden with little mandate other than to avoid being like Trump The story of the 2020 election is in part a story of America and the Trump presidency a stormy marriage of highs and lows shaped by contrived investigations into Russian government interference a failed impeachment a welcomed intolerance for sexual harassment the exposure of deep racial divisions highlighted by widespread and often violent rioting accompanied by a re examination of the role of the police a strong economy until crushed by the coronavirus pandemic and then the pandemic tragedy itself The Trump presidency s four years astounded for better or for worse depending on point of view This book chronicles the 2020 election and thus the events that shaped the election over the course of four years written contemporaneously to capture the flavor of the moment praising and criticizing Trump and his many antagonists in equal measure Those enamored of the former president will find succor and outrage as will those who delighted in his defeat Those seeking to understand what happened will find the reading interesting infuriating and perhaps in places illuminating

*The BCTGM News*

,2001 **The Speech** Bernie Sanders,2015-12-22 On Friday December 10 2010 Vermont Senator Bernie Sanders walked on to the floor of the United States Senate and began speaking It turned out to be a very long speech lasting over eight and a half hours And it hit a nerve Millions followed the speech online until the traffic crashed the Senate server A huge positive grassroots response tied up the phones in the senator's offices in Vermont and Washington President Obama reportedly held an impromptu press conference with former President Clinton to deflect media attention away from Sanders speech

Editorials and news coverage appeared throughout the world In his speech Sanders blasted the agreement that President Obama struck with Republicans which extended the Bush tax cuts for millionaires and billionaires lowered estate tax rates for the very very rich and set a terrible precedent by establishing a payroll tax holiday diverting revenue away from the Social Security Trust Fund threatening the fund's very future But the speech was more than a critique of a particular piece of legislation It was a dissection of the collapse of the American middle class and a well researched attack on corporate greed and on public policy which over the last several decades has led to a huge growth in millionaires even as the United States has the highest rate of childhood poverty in the industrialized world It was a plea for a fundamental change in national priorities for government policy that reflects the needs of working families and not just the wealthy and their lobbyists Finally Sanders speech published here in its entirety with a new introduction by the senator is a call for action It is a passionate

statement informing us that the only people who will save the middle class of this country is the middle class itself but only if it is informed organized and prepared to take on the enormously powerful special interests dominating Washington **Wall Street Journal Index** ,1996

**Where We Go from Here** Bernie Sanders,2018-11-27 The inspiring national bestseller from the U S Senator and leading Democratic candidate for president about the fierce fight for democracy and social justice and what we need to do next In Where We Go from Here New York Times bestselling author Bernie Sanders reveals the blueprint for his 2020 presidential run by chronicling the day by day struggles that he and his progressive colleagues have waged over the last two years in the fight against Donald Trump s reactionary agenda and for a government that works for all not just wealthy campaign contributors At home Sanders has helped lead the fight for Medicare for all fought for workers desperate for higher wages and supported immigrants in the DACA program and children affected by gun violence He has stood with the people of Puerto Rico devastated by Hurricane Maria as well as veterans teachers the incarcerated the persecuted and all those who are too often ignored by Washington Abroad his voice has been clear that we need a foreign policy that strives for peace not war and international cooperation to address the crisis of climate change The good news is we re making progress People all across America are standing up to the most dishonest and reactionary president in our history They re taking on establishment politicians who ve turned a blind eye to the concerns of everyday citizens They re fighting back against the oligarchs of Wall Street who would happily see our children do worse than their parents so long as the Dow does better And the general public continually demonstrates that we are more united than the media would allow us to believe and what we agree on are largely progressive ideals Maintaining a vibrant democracy has never been easy and in these dangerous and unprecedented times it has been more difficult than ever Bernie Sanders shows however that we can repair the damage Trump has done and create a nation based on the principles of economic social racial and environmental justice

**Bernie Sanders's Democratic Socialism** Nicolas Gachon,2021-03-20 This book provides a framework for understanding and analyzing Bernie Sanders s democratic socialism its origins its maturation and its evolution between 1972 when Sanders ran for the Vermont gubernatorial election for the first time and 2020 when he made his second presidential run The core argument is that Bernie Sanders s characteristic brand of socialism evolved from the mould of late 19th century utopian radicalism to radical demands for state and corporate accountability in the 21st century turning into a social movement for reparative justice that rose to national prominence in the wake of the Great Recession in 2008 and of the Occupy Wall Street movement in 2011
